PROSPECTUS SUPPLEMENT

(To prospectus dated December 29, 2011)

\$800,000,000
CBRE
CBRE Services, Inc.
5.00% Senior Notes due 2023

We are offering \$800,000,000 aggregate principal amount of 5.00% Senior Notes due 2023 (the “notes”). We will pay interest on the notes on March 15 and September 15 of each year, beginning September 15, 2013. The notes will mature on March 15, 2023. Prior to March 15, 2016, we may redeem up to 35% of the original principal amount of the notes using the proceeds of certain equity offerings. In addition, we may redeem the notes, in whole or in part, at any time prior to March 15, 2018 at a price equal to 100% of the principal amount, plus accrued and unpaid interest, if any, to the date of redemption, plus a “make-whole” premium. At any time and from time to time on or after March 15, 2018, we may redeem the notes, in whole or in part, at the redemption prices specified under the caption “Description of Notes—Optional Redemption,” plus accrued and unpaid interest, if any, to the date of redemption. If a change of control triggering event as described in this prospectus supplement under the heading “Description of Notes—Change of Control Triggering Event” occurs, we may be required to offer to purchase the notes from the holders.

The notes will be general unsecured senior obligations and rank equally in right of payment with our existing and future unsecured senior indebtedness. The notes and guarantees will be effectively subordinated to all of our secured debt to the extent of the value of the assets securing such debt and structurally subordinated to all of the existing and future liabilities of our subsidiaries that do not guarantee the notes. As of December 31, 2012, on an as adjusted basis after giving the effect to this offering and the application of the net proceeds, the notes would have been effectively subordinated to approximately \$1.2 billion of senior secured debt (including certain warehouse lines of credit).

The notes are a new issue of securities with no established trading market. We do not intend to list the notes on any national securities exchange or include the notes in any automated quotation system.

Investing in the notes involves risks that are described in the section titled “[Risk Factors](#)” beginning on page S-15 of this prospectus supplement.

	<u>Per Note</u>	<u>Total</u>
Public offering price (1)	100.000%	\$ 800,000,000
Underwriting discount	1.500%	\$ 12,000,000
Proceeds, before expenses, to us (1)	98.500%	\$ 788,000,000

(1) Plus accrued interest from March 14, 2013, if settlement occurs after that date.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The notes will be ready for delivery in book-entry form only through the facilities of The Depository Trust Company for the accounts of its participants, including Euroclear Bank S.A./N.V., as operator of the Euroclear System, and Clearstream Banking, *société anonyme*, on or about March 14, 2013.

ABOUT THIS PROSPECTUS SUPPLEMENT

This document consists of two parts. The first part is this prospectus supplement, which describes the specific terms of this offering, the notes and matters relating to us and our financial performance and condition. The second part is the accompanying prospectus, which provides a more general description of the terms and conditions of the various securities we may offer under our registration statement on Form S-3 that we filed with the Securities and Exchange Commission (the “SEC”) utilizing a “shelf” registration process, some of which may not apply to this offering. If information in this prospectus supplement is inconsistent with the accompanying prospectus, you should rely on this prospectus supplement.

It is important for you to read and consider all of the information contained in this prospectus supplement and the accompanying prospectus in making your investment decision. You also should read and consider the information in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus and the additional information described under “Where You Can Find More Information” on page S-3 of this prospectus supplement and page 1 of the accompanying prospectus.

In this prospectus supplement, the terms “we,” “us,” and “our” refer to CBRE Group, Inc. and include all of its consolidated subsidiaries, unless otherwise indicated or the context requires otherwise.

FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus include or incorporate by reference forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The words “anticipate,” “believe,” “could,” “should,” “propose,” “continue,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “will” and similar terms and phrases are used in this prospectus supplement and the accompanying prospectus to identify forward-looking statements. These statements relate to analyses and other information based on forecasts of future results and estimates of amounts not yet determinable. These statements also relate to our future prospects, developments and business strategies.

These forward-looking statements are made based on our management’s expectations and beliefs concerning future events affecting us and are subject to uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. These uncertainties and factors could cause our actual results to differ materially from those matters expressed in or implied by these forward-looking statements.

The following factors are among those, but are not only those, that may cause actual results to differ materially from the forward-looking statements:

- the sustainability of the recovery in our investment sales and leasing business from the recessionary levels in 2008 and 2009, particularly in light of the continuing European sovereign debt crisis, fiscal uncertainty in the United States, and slowing economic activity globally in 2012;
- disruptions in general economic and business conditions, particularly in geographies where our business may be concentrated;
- volatility and disruption of the securities, capital and credit markets, interest rate increases, the cost and availability of capital for investment in real estate, clients’ willingness to make real estate or long-term contractual commitments and other factors impacting the value of real estate assets, inside and outside the United States, particularly Europe, which is experiencing a sovereign debt crisis;
- costs and potential future capital requirements relating to businesses we may acquire;

Table of Contents

- integration issues arising out of companies we may acquire;
- continued high levels of, or increases in, unemployment and general slowdowns in commercial activity;
- variations in historically customary seasonal patterns that cause our business not to perform as expected;
- the impairment or weakened financial condition of certain of our clients;
- client actions to restrain project spending and reduce outsourced staffing levels as well as the potential loss of clients in our outsourcing business due to consolidation or bankruptcies;
- our ability to diversify our revenue model to offset cyclical economic trends in the commercial real estate industry;
- foreign currency fluctuations, particularly in Europe where the U.S. dollar has strengthened significantly relative to the Euro and some local currencies since the middle of 2011, and in Japan where the Yen has recently seen significant strengthening;
- our ability to attract new user and investor clients;
- our ability to retain major clients and renew related contracts;
- a reduction by companies in their reliance on outsourcing for their commercial real estate needs, which would impact our revenues and operating performance;
- trends in pricing and risk assumption for commercial real estate services;
- changes in tax laws in the United States or in other jurisdictions in which our business may be concentrated that reduce or eliminate deductions or other tax benefits we receive;
- our ability to maintain our effective tax rate at or below current levels;
- our ability to compete globally, or in specific geographic markets or business segments that are material to us;
- our ability to manage fluctuations in net earnings and cash flow, which could result from poor performance in our investment programs, including our participation as a principal in real estate investments;
- our ability to leverage our global services platform to maximize and sustain long-term cash flow;
- our ability to maintain or improve our industry-leading EBITDA margins;
- our exposure to liabilities in connection with real estate advisory and property management activities and our ability to procure sufficient insurance coverage on acceptable terms;
- the ability of our Global Investment Management business to realize values in investment funds sufficient to offset incentive compensation expense related thereto;
- liabilities under guarantees, or for construction defects, that we incur in our Development Services business;

Table of Contents

- the ability of CBRE Capital Markets, Inc. (“CBRE Capital Markets”) to periodically amend, or replace, on satisfactory terms, the agreements for its warehouse lines of credit;
- the effect of implementation of new accounting rules and standards; and
- the other factors described elsewhere in this prospectus supplement or the accompanying prospectus or in any document incorporated by reference herein, including our annual report on Form 10-K for the fiscal year ended December 31, 2012.

Forward-looking statements speak only as of the date the statements are made. You should not put undue reliance on any forward-looking statements. We assume no obligation to update forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information, except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements. Additional information concerning these and other risks and uncertainties is contained in our other periodic filings with the SEC that are incorporated by reference in this prospectus supplement and the accompanying prospectus.

STATISTICAL DATA

Included or incorporated by reference in this prospectus supplement and the accompanying prospectus is information regarding the commercial real estate market, historical office vacancy rates and absorption-to-completion ratios. This information was obtained from our subsidiary, CBRE Econometric Advisors (formerly known as Torto Wheaton Research), which provides this information to paid subscribers on a regular basis. CBRE Econometric Advisors provides real estate research data to many of the largest portfolio managers, insurance companies and pension funds in the United States.

SUMMARY

This summary highlights selected information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus and may not contain all of the information that may be important to you. You should read this summary together with the entire prospectus supplement and the accompanying prospectus, including the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

Our Company

We are the world's largest commercial real estate services and investment firm, based on 2012 revenue, with leading full-service operations in major metropolitan areas throughout the world. We offer a full range of services to occupiers, owners, lenders and investors in office, retail, industrial, multi-family and other types of commercial real estate. As of December 31, 2012, excluding independent affiliates, we operated more than 300 offices worldwide, with approximately 37,000 employees providing commercial real estate services under the "CBRE" brand name, investment management services under the "CBRE Global Investors" brand name and development services under the "Trammell Crow" brand name. Our business is focused on several competencies, including commercial property and corporate facilities management, occupier and property/agency leasing, property sales, real estate investment management, valuation, commercial mortgage origination and servicing, capital markets (equity and debt) solutions, development services and proprietary research. We generate revenues from management fees on a contractual and per-project basis, and from commissions on transactions. Our contractual, fee-for-services businesses, which generally involve facilities management, property management, mortgage loan servicing and investment management, represented approximately 41% of our 2012 revenue. In 2012, for the second year in a row, we were the highest ranked commercial real estate services company among the *Fortune* Most Admired Companies, and were also named the Global Real Estate Advisor of the Year by *Euromoney*. We have been the only commercial real estate services company included in the S&P 500 since 2006, and in the *Fortune* 500 since 2008. Additionally, the International Association of Outsourcing Professionals has included us among the top 100 global outsourcing companies across all industries for six consecutive years, including in 2012 when we ranked fourth overall and were the highest ranked commercial real estate services company. For the year ended December 31, 2012, we generated revenue of \$6.5 billion from a well-balanced, highly diversified base of clients that included approximately 80 of the *Fortune* 100 companies.

Additionally, property owners, occupiers and investors continue to consolidate their needs with fewer service providers, and are awarding their business to firms that have strong capabilities across major markets and service disciplines. We believe we are well positioned to capture a growing and disproportionate share of the business being awarded as a result of these trends.

Our Business Segments

We report our results of operations through five segments: (1) the Americas, (2) Europe, Middle East and Africa ("EMEA"), (3) Asia Pacific, (4) Global Investment Management and (5) Development Services.

The Americas

The Americas segment is our largest segment of operations and provides a comprehensive range of services throughout the United States, in the largest metropolitan regions in Canada and in selected parts of Latin America through both wholly-owned operations as well as independent affiliate offices. Our Americas segment accounted for 63.0% of our 2012 revenue, 62.2% of our 2011 revenue and 62.9% of our 2010 revenue. Within our Americas segment, we organize our services into the following business areas:

Advisory Services

Our advisory services businesses offer occupier/tenant and investor/owner services that meet the full spectrum of marketplace needs, including (1) real estate services, (2) capital markets and (3) valuation.

Real Estate Services. We provide strategic advice and execution to owners, investors and occupiers of real estate in connection with leasing, disposition and acquisition of property. Our many years of strong local market presence have allowed us to develop significant repeat business from existing clients, including approximately 62% of our revenues from existing U.S. real estate sales and leasing clients in 2012. This includes referrals from other parts of our business. Our real estate services professionals are particularly adept at aligning real estate strategies with client business objectives, serving as advisors as well as transaction executors. We believe we are a market leader for the provision of sales and leasing real estate services in most top U.S. metropolitan statistical areas (as defined by the U.S. Census Bureau), including Atlanta, Chicago, Dallas, Denver, Houston, Los Angeles, Miami, New York, Philadelphia and Phoenix.

Capital Markets. We offer clients fully integrated investment sales and debt/equity financing services under the CBRE Capital Markets brand. The tight integration of these services fosters collaboration between our investment sales and debt/equity financing professionals, helping to meet the marketplace demand for comprehensive capital markets solutions. During 2012, we concluded more than \$72.1 billion of capital markets transactions in the Americas, including \$50.1 billion of investment sales transactions and \$22.0 billion of mortgage loan originations and sales.

Valuation. We provide valuation services that include market value appraisals, litigation support, discounted cash flow analyses and feasibility and fairness opinions. Our valuation business has developed proprietary systems for data management, analysis and valuation report preparation, which we believe provides us with an advantage over our competitors. We believe that our valuation business is one of the largest in the industry. During 2012, we completed over 40,000 valuation, appraisal and advisory assignments in the Americas.

Outsourcing Services

Outsourcing commercial real estate services is a long-term trend in our industry, with corporations, institutions, public sector entities, health care providers and others seeking to achieve improved efficiency, better execution and lower costs by relying on the expertise of third-party real estate specialists. Our outsourcing services primarily include two major business lines that seek to capitalize on this trend: (1) corporate services and (2) asset services. Agreements with our corporate services clients are generally long-term arrangements and although they contain different provisions for termination, there are usually penalties for early termination. Our management agreements with our asset services clients may be terminated with notice generally ranging between 30 to 90 days; however, we have developed long-term relationships with many of these clients and we work closely with them to implement their specific goals and objectives and to preserve and expand upon these relationships. As of December 31, 2012, we managed approximately 1.5 billion square feet of commercial space for property owners and occupiers in the Americas, which we believe represents one of the largest portfolios in the region.

Table of Contents

Corporate Services. We provide a comprehensive suite of services to occupiers of real estate, including portfolio and transaction management, project management, facilities management and strategic consulting. We enter into multi-year, multi-service outsourcing contracts with our clients, but also provide services on a one-off assignment or a short-term contract basis. The long-term, contractual nature of these relationships enables us to devise and execute real estate strategies that support our clients' overall business strategies. Our clients include leading global corporations, health care providers and public sector entities with large, geographically diverse real estate portfolios. Project management services are typically provided on a portfolio-wide or programmatic basis. Revenues for project management include fixed management fees, variable fees, and incentive fees if certain agreed-upon performance targets are met. Revenues may also include reimbursement of payroll and related costs for personnel providing the services. Facilities management involves the day-to-day management of client-occupied space and includes headquarter buildings, regional offices, administrative offices and manufacturing and distribution facilities. We identify best practices, implement technology solutions and leverage our resources to control clients' facilities costs and enhance the workplace environment. Contracts for facilities management services are typically structured so we receive reimbursement of client-dedicated personnel costs and associated overhead expenses plus a monthly fee, and in some cases, annual incentives if agreed-upon performance targets are satisfied. In general, portfolio and transaction services contribute revenue on a transaction basis; project management and facilities management contribute contractual, or per-project, revenue and strategic consulting contributes both transaction and contractual revenue.

Asset Services. We provide property management, construction management, marketing, leasing, accounting and financial services on a contractual basis for income-producing office, industrial and retail properties owned by local, regional and institutional investors. We provide these services through an extensive network of real estate experts in major markets throughout the United States. These local office teams are supported by a strategic accounts team whose function is to help ensure quality service and to maintain and expand relationships with large institutional clients, including buyers, sellers and landlords who need to lease, buy, sell and/or finance space. We believe our contractual relationships with these clients put us in an advantageous position to provide other services to them, including refinancing, disposition and appraisal. We typically receive monthly management fees for the asset services we provide based upon a specified percentage of the monthly rental income or rental receipts generated from the property under management, or in certain cases, the greater of such percentage fee or a minimum agreed-upon fee. We are also normally reimbursed for our administrative and payroll costs, as well as certain out-of-pocket expenses, directly attributable to the properties under management.

EMEA

Our EMEA reporting segment operates in 41 countries with services primarily furnished through a number of indirect wholly-owned subsidiaries. The largest operations are located in France, Germany, Italy, the Netherlands, Russia, Spain and the United Kingdom. Our operations in these countries generally provide a full range of services to the commercial property sector. Additionally, we provide some residential property services, focused on the prime and super-prime segments of the market, primarily in France, Spain and the United Kingdom. Within EMEA, our services are organized along the same lines as in the Americas, including brokerage, investment properties, corporate services, valuation/appraisal services, asset management services and facilities management, among others. Our EMEA segment accounted for 15.8% of our 2012 revenue, 18.2% of our 2011 revenue and 18.3% of our 2010 revenue.

In France, we believe we are a market leader in Paris and also have operations in Aix en Provence, Bagnolet, Bordeaux, Lille, Lyon, Marseille, Montreuil, Montrouge, Neuilly Sur-Seine, Saint Denis and Toulouse. Our German operations are located in Berlin, Cologne, Düsseldorf, Frankfurt, Munich and Stuttgart. Our presence in Italy includes operations in Milan, Modena, Rome and Turin. Our operations in the Netherlands are located in Amsterdam, the Hague, Hoofddorp and Rotterdam. Our professionals in Russia serve clients from an office in Moscow. In Spain, we provide full-service coverage through our offices in Barcelona, Madrid,

Table of Contents

Marbella, Palma de Mallorca and Valencia. We are one of the leading commercial real estate services companies in the United Kingdom. We have held the leading market position in investment sales in the United Kingdom in each of the past five years, including in 2012. In London, we provide a broad range of commercial property real estate services to investment and corporate clients, and held the leading market position for space acquisition in 2012 for the third year in a row. We also have regional offices in Birmingham, Bristol, Jersey, Leeds, Liverpool, Manchester, Sheffield and Southampton as well as offices in Aberdeen, Belfast, Edinburgh and Glasgow managed by our U.K. team.

In several countries throughout EMEA, we operate through independent affiliates that provide commercial real estate services under our brand name. Our agreements with these independent affiliates include licenses to use the "CBRE" and "CB Richard Ellis" names in the relevant territory in return for payments of annual royalty fees to us. In addition, these agreements also include business cross-referral arrangements between us and our affiliates.

Asia Pacific

Our Asia Pacific reporting segment operates in 13 countries with services primarily furnished through a number of indirect wholly-owned subsidiaries. We believe that we are one of only a few companies that can provide a full range of real estate services to large occupiers and investors throughout the region, similar to the broad range of services provided by our Americas and EMEA segments. Our principal operations in Asia are located in China, Hong Kong, India, Japan, Singapore, South Korea, Taiwan and Vietnam (a former independent affiliate we acquired in 2012). In addition, we have agreements with independent affiliates in Cambodia, Malaysia, the Philippines and Thailand that generate royalty fees and support cross-referral arrangements similar to our EMEA segment. The Pacific region includes Australia and New Zealand, with principal offices located in Adelaide, Brisbane, Canberra, Melbourne, Perth, Sydney, Auckland, Christchurch and Wellington. Our Asia Pacific segment accounted for 12.6% of our 2012 revenue, 13.4% of our 2011 revenue and 13.1% of our 2010 revenue.

Global Investment Management

Operations in our Global Investment Management reporting segment are conducted through our indirect wholly-owned subsidiary CBRE Global Investors, LLC and its global affiliates, which we also refer to as CBRE Global Investors. CBRE Global Investors provides investment management services to pension funds, insurance companies, sovereign wealth funds, foundations, endowments and other institutional investors seeking to generate returns and diversification through investment in real estate. It sponsors investment programs that span the risk/return spectrum across three continents: North America, Europe and Asia. In some strategies, CBRE Global Investors and its investment teams co-invest with its limited partners. Our Global Investment Management segment accounted for 7.4% of our 2012 revenue, 4.9% of our 2011 revenue and 4.2% of our 2010 revenue.

CBRE Global Investors' investment programs are organized into four primary categories, which include direct real estate investments through separate accounts and sponsored equity and debt funds as well as indirect real estate investments through listed securities and multi manager funds of funds. The investment programs cover the full range of risk strategies from core/core+ to opportunistic. Operationally, dedicated investment teams execute each investment program within these categories, with the team's compensation being driven largely by the investment performance of its particular strategy/fund. This organizational structure is designed to align the interests of team members with those of the firm and its investor clients/partners and to enhance accountability and performance. Dedicated teams are supported by shared resources such as accounting, financial controls, information technology, investor services and research. CBRE Global Investors has an in-house team of research professionals who focus on investment strategy, underwriting and forecasting, based in part on market data from our advisory services group.

CBRE Global Investors closed approximately \$3.9 billion and \$4.2 billion of new acquisitions in 2012 and 2011, respectively. It liquidated \$4.7 billion and \$3.1 billion of investments in 2012 and 2011, respectively. Assets under management have increased from \$11.4 billion at December 31, 2002 to \$92.0 billion at December 31, 2012, representing an approximately 23% compound annual growth rate.

As of December 31, 2012, our portfolio of consolidated real estate held for investment consisted of one industrial property and three multifamily/residential properties, all located in the United States. Included in the accompanying consolidated statements of operations were rental revenues (which are included in revenue) and expenses (which are included in operating, administrative and other expenses) relating to these operational real estate properties, excluding those reported as discontinued operations, of \$20.2 million and \$18.4 million, respectively, for the year ended December 31, 2012, \$32.8 million and \$14.2 million, respectively, for the year ended December 31, 2011 and \$41.6 million and \$22.4 million, respectively, for the year ended December 31, 2010.

Development Services

Operations in our Development Services reporting segment are conducted through our indirect wholly-owned subsidiary Trammell Crow Company, LLC and certain of its subsidiaries, providing development services primarily in the United States to users of and investors in commercial real estate, as well as for its own account. Trammell Crow Company pursues opportunistic, risk-mitigated development and investment in commercial real estate across a wide spectrum of property types, including industrial, office and retail properties; healthcare facilities of all types (medical office buildings, hospitals and ambulatory surgery centers); and residential/mixed-use projects. Our Development Services segment accounted for 1.2% of our 2012 revenue, 1.3% of our 2011 revenue and 1.5% of our 2010 revenue.

Trammell Crow Company acts as the manager of development projects, providing services that are vital in all stages of the process, including: (i) site identification, due diligence and acquisition; (ii) evaluating project feasibility, budgeting, scheduling and cash flow analysis; (iii) procurement of approvals and permits, including zoning and other entitlements; (iv) project finance advisory services; (v) coordination of project design and engineering; (vi) construction bidding and management as well as tenant finish coordination; and (vii) project close-out and tenant move coordination.

Trammell Crow Company may pursue development and investment activity on behalf of its user and investor clients (with no ownership), in partnership with its clients (through co-investment—either on an individual project basis or through programs with certain strategic capital partners) or for its own account (100% ownership). Development activity in which Trammell Crow Company has an ownership interest is conducted through subsidiaries that are consolidated or unconsolidated for financial reporting purposes, depending primarily on the extent and nature of our ownership interest.

As of December 31, 2012, our portfolio of consolidated real estate consisted of land, industrial, office and retail properties and mixed-use projects. These projects are geographically dispersed throughout the United States. Included in the accompanying consolidated statements of operations were rental revenues (which are included in revenue) and expenses (which are included in operating, administrative and other expenses) relating to these operational real estate properties, excluding those reported as discontinued operations, of \$35.4 million and \$17.1 million, respectively, for the year ended December 31, 2012, \$41.1 million and \$20.7 million, respectively, for the year ended December 31, 2011 and \$46.9 million and \$24.6 million, respectively, for the year ended December 31, 2010.

At December 31, 2012, Trammell Crow Company had \$4.2 billion of development projects in process. Additionally, the inventory of pipeline deals (prospective projects we believe have a greater than 50% chance of closing or where land has been acquired and the projected construction start date is more than twelve months out) was \$2.1 billion at December 31, 2012.

Recent Developments

New Senior Secured Credit Facilities Proposal

We are in discussions with our lenders about the potential to refinance the term loans under our existing senior secured credit facilities and to amend our credit agreement. We expect that, after such refinancing, we would have approximately \$715 million of term loans outstanding, or subject to be drawn, under our amended credit agreement. In connection with the refinancing and the amendment, we are targeting secured revolving credit facilities in an aggregate principal amount of approximately \$1.0 billion, a portion of which is expected to be drawn at the closing of such refinancing. The closing of this offering of notes is not conditioned on the refinancing of our existing credit agreement debt, and we cannot assure you that such debt will be refinanced on acceptable terms or at all.

Our principal executive offices are located at 11150 Santa Monica Boulevard, Suite 1600, Los Angeles, California 90025, and our telephone number is (310) 405-8900.

The Offering

The offering terms are summarized below solely for your convenience. This summary is not a complete description of the notes. You should read the full text and more specific details contained in this prospectus supplement under the caption "Description of the Notes." With respect to the discussion of the terms of the notes on the cover page, in this summary and under the caption "Description of the Notes," the terms "we," "us," "our" or "the Company" refer to CBRE Services, Inc.

Issuer	CBRE Services, Inc.
Securities	\$800.0 million aggregate principal amount of 5.00% senior notes due March 15, 2023.
Offering Price	100%
Maturity	March 15, 2023.
Interest	5.00% per year payable semiannually in cash in arrears on March 15 and September 15 of each year, beginning September 15, 2013. Interest will accrue from March 14, 2013.
Guarantees	CBRE Group, Inc. and each subsidiary of CBRE Services, Inc. that guarantees our obligations under the credit agreement will also fully and unconditionally guarantee the notes on a senior unsecured basis. The guarantees by the guarantors of the notes will rank <i>pari passu</i> to all existing and future senior indebtedness of the guarantors.
Ranking	The notes will be our senior unsecured obligations. They will rank equal in right of payment with our existing and future senior indebtedness and senior in right of payment to any of our existing and future subordinated indebtedness. The notes and guarantees will be effectively subordinated to all of our secured debt to the extent of the value of the assets securing such debt and structurally subordinated to all of the existing and future liabilities of our subsidiaries that do not guarantee the notes. As of December 31, 2012, on an as adjusted basis after giving effect to this offering and the application of net proceeds, CBRE Services, Inc., excluding its subsidiaries, would have had approximately \$915.5 million of senior secured indebtedness (including guarantees). CBRE Group, Inc. and each subsidiary guarantor of CBRE Services, Inc., as the guarantors, would have had approximately \$2.0 billion of senior secured indebtedness, including guarantees of our indebtedness and \$1.0 billion of warehouse lines of credit (principal outstanding thereunder not guaranteed by CBRE Services, Inc.). As of December 31, 2012, our non-guarantor subsidiaries had \$1.1 billion of indebtedness.
Optional Redemption	At any time prior to March 15, 2018, we may redeem the notes, in whole or in part, at a price equal to 100% of the principal amount, plus an applicable "make-whole" premium and accrued and unpaid interest, if any, to the redemption date, as described under the caption

“Description of the Notes—Optional Redemption.” At any time and from time to time on or after March 15, 2018, we may redeem the notes, in whole or in part, at the redemption prices specified under the caption “Description of the Notes—Optional Redemption,” plus accrued and unpaid interest, if any, to the date of redemption.

Until March 15, 2016, we can choose to redeem the notes in an amount not to exceed 35% of the aggregate principal amount of the notes together with any additional notes issued under the indenture with money we or CBRE Group, Inc. raises in certain equity offerings as described under the caption “Description of the Notes—Optional Redemption.”

Mandatory Offer to Repurchase

If a change of control triggering event occurs, we must give holders of the notes an opportunity to sell to us their notes at a purchase price equal to 101% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the purchase date, subject to certain conditions. See “Description of the Notes—Change of Control Triggering Event.”

Certain Covenants

The indenture governing the notes will contain covenants that limit our ability and the ability of certain of our subsidiaries to:

- create certain liens;
- enter into sale/leaseback transactions; and
- enter into mergers or consolidations.

However, these covenants are subject to a number of important qualifications and exceptions. See “Description of the Notes—Certain Covenants.”

Use of Proceeds

We will use the net proceeds from this offering to repay a portion of our outstanding indebtedness under our senior secured credit facilities.

For additional information regarding the use of the proceeds of the offering of the notes, you should read the information included under the caption “Use of Proceeds” in this prospectus supplement.

Risk Factors

Investing in the notes involves substantial risks. You should carefully consider the risk factors set forth under the caption “Risk Factors” and the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus prior to making an investment in the notes. See “Risk Factors” beginning on page S-15.

Summary Historical Consolidated Financial Data

The following table sets forth our summary historical consolidated financial information for each of the three years in the period ended December 31, 2012. The statement of operations data, the statement of cash flows data and the other data for the years ended December 31, 2012, 2011 and 2010 and the balance sheet data as of December 31, 2012 and 2011 were derived from our audited consolidated financial statements included in our annual report on Form 10-K for the fiscal year ended December 31, 2012, which is incorporated by reference in this prospectus supplement.

The summary financial data presented below is not necessarily indicative of our results of future operations and should be read in conjunction with our consolidated financial statements and the information included under the headings “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our annual report on Form 10-K for the fiscal year ended December 31, 2012 which is incorporated by reference in this prospectus supplement.

(1) Includes EBITDA related to discontinued operations of \$5.6 million, \$14.1 million and \$16.4 million for the years ended December 31, 2012, 2011 and 2010, respectively.

EBITDA represents earnings before net interest expense, write-off of financing costs, income taxes, depreciation and amortization, while amounts shown for EBITDA, as adjusted, remove the impact of certain cash and non-cash charges related to acquisitions, cost containment and asset impairments. Our management believes that both of these measures

are useful in evaluating our operating performance compared to that of other companies in our industry because the calculations of EBITDA and EBITDA, as adjusted, generally eliminate the effects of financing and income taxes and the accounting effects of capital spending and acquisitions, which would include impairment charges of goodwill and intangibles created from acquisitions. Such items may vary for different companies for reasons unrelated to overall operating performance. As a result, our management uses these measures to evaluate operating performance and for other discretionary purposes, including as a significant component when measuring our operating performance under our employee incentive programs. Additionally, we believe EBITDA and EBITDA, as adjusted, are useful to investors to assist them in getting a more complete picture of our results from operations.

However, EBITDA and EBITDA, as adjusted, are not recognized measurements under U.S. generally accepted accounting principles, or GAAP, and when analyzing our operating performance, readers should use EBITDA and EBITDA, as adjusted, in addition to, and not as an alternative for, net income as determined in accordance with GAAP. Because not all companies use identical calculations, our presentation of EBITDA and EBITDA, as adjusted, may not be comparable to similarly titled measures of other companies. Furthermore, EBITDA and EBITDA, as adjusted, are not intended to be measures of free cash flow for our management's discretionary use, as they do not consider certain cash requirements such as tax and debt service payments. The amounts shown for EBITDA and EBITDA, as adjusted, also differ from the amounts calculated under similarly titled definitions in our debt instruments, which are further adjusted to reflect certain other cash and non-cash charges and are used to determine compliance with financial covenants and our ability to engage in certain activities, such as incurring additional debt and making certain restricted payments.

EBITDA and EBITDA, as adjusted for selected charges are calculated as follows:

RISK FACTORS

You should carefully consider the risks described below and the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus before deciding to invest in the notes. If any of the following risks or uncertainties actually occurs, our business, financial condition and operating results would likely suffer.

Risks Relating to Our Business

The success of our business is significantly related to general economic conditions and, accordingly, our business, operations and financial condition could be adversely affected by economic slowdowns, liquidity crises, fiscal uncertainty and possible subsequent downturns in commercial real estate asset values, property sales and leasing activities.

Many of the world's largest economies and financial institutions continue to be impacted by ongoing global economic and financial issues, with some continuing to face financial difficulty, fiscal uncertainty, pressure on asset prices, liquidity problems and limited availability of credit, made worse in certain areas by increased unemployment or limited economic growth. It is uncertain how long these effects will last, or whether economic and financial trends in those areas, particularly in Europe, will worsen or improve. The current economic situation may be exacerbated if additional negative geo-political or economic developments, natural disasters or other disruptions were to arise.

Periods of economic weakness or recession, significantly rising interest rates, fiscal uncertainty, declining employment levels, declining demand for commercial real estate, falling real estate values, disruption to the global capital or credit markets, or the public perception that any of these events may occur, may negatively affect the performance of some or all of our business lines.

Our business is significantly impacted by generally prevailing economic conditions in the principal markets where we operate, which can result in a general decline in real estate acquisition, disposition and leasing activity, as well as a general decline in the value of commercial real estate and in rents, which in turn reduces revenue from property management fees and commissions derived from property sales, leasing, valuation and financing, as well as revenues associated with development or investment management activities. Our capital markets business could also suffer from any political or economic disruption that impacts interest rates or liquidity. In addition, we could experience a reduction in the amount of fees we earn in our Global Investment Management business if our assets under management decrease or those assets fail to perform as anticipated. These economic conditions could also lead to a decline in property sales prices as well as a decline in funds invested in existing commercial real estate assets and properties planned for development.

Our development and investment strategy often entails making relatively modest investments alongside our investor clients. Our ability to conduct these activities depends in part on the supply of investment capital for commercial real estate and related assets. During an economic downturn, investment capital is usually constrained and it may take longer for us to dispose of real estate investments or selling prices may be lower than originally anticipated. As a result, the value of our commercial real estate investments may be reduced and we could realize losses or diminished profitability. In addition, economic downturns may reduce the amount of loan originations and related servicing by our commercial mortgage brokerage business.

Performance of our asset services line of business partially depends upon the performance of the properties we manage because our fees are generally based on a percentage of aggregate rent collections from these properties. The performance of these properties may be impacted by many factors which are partially or completely outside of our control, including: (i) real estate and financial market conditions prevailing generally and locally; (ii) our ability to attract and retain creditworthy tenants, particularly during economic downturns; and (iii) the magnitude of defaults by tenants under their respective leases, which may increase during distressed conditions.

Table of Contents

For example, during 2008 and 2009, credit became severely constrained and prohibitively expensive and real estate market activity contracted sharply in most markets around the world as a result of the global financial crisis and the deep economic recession. These adverse macro conditions impacted commercial real estate services companies like ours by significantly hampering transaction activity and lowering real estate valuations. Similar to other commercial real estate services firms, our transaction volumes fell during 2008 and most of 2009, and as a result, our stock price declined significantly. If the economic and market conditions that prevailed in 2008 and 2009 were to return, our business performance and profitability could again deteriorate.

Most recently, in the United States, we believe that the prospect of higher capital gains taxes drove an increase in transactions in the fourth quarter of 2012, but that continued uncertainty over fiscal and tax policy has caused, and may continue to do so in 2013, our clients to delay or cancel commercial real estate transactions which may impact our revenues. The economic situation in Europe has been particularly unstable, arising from the real prospect of a default by certain nations on their debt obligations and the possibility of a Eurozone break-up. If such a default or break-up occurs, or if the measures taken to avert such a default or break-up create their own instability, the adverse impact will likely be global and significant.

Fiscal uncertainty as well as significant changes and volatility in the financial markets and business environment, and in the global political, security and competitive landscape, make it increasingly difficult for us to predict our revenue and earnings into the future. As a result, any revenue or earnings guidance or outlook, which we have given or might give, may be overtaken by events, or may otherwise turn out to be inaccurate. Though we endeavor to give reasonable estimates of future revenue and earnings at the time we give such guidance, based on then-current conditions, there is a significant risk that such guidance or outlook will turn out to be, or to have been, incorrect.

Adverse developments in the credit markets may harm our business, results of operations and financial condition.

Our Global Investment Management, Development Services and Capital Markets (including investment property sales and debt and equity financing services) businesses are sensitive to credit cost and availability as well as marketplace liquidity. Additionally, the revenues in all of our businesses are dependent to some extent on the overall volume of activity (and pricing) in the commercial real estate market.

Disruptions in the credit markets may adversely affect our business of providing advisory services to owners, investors and occupiers of real estate in connection with the leasing, disposition and acquisition of property. If our clients are unable to procure credit on favorable terms, there may be fewer completed leasing transactions, dispositions and acquisitions of property. In addition, if purchasers of commercial real estate are not able to procure favorable financing resulting in the lack of disposition opportunities for our funds and projects, our Global Investment Management and Development Services businesses will be unable to generate incentive fees and we may also experience losses of co-invested equity capital if the disruption causes a permanent decline in the value of investments made.

In 2008 and 2009, the credit markets experienced a disruption of unprecedented magnitude. This disruption reduced the availability and significantly increased the cost of most sources of funding. In some cases, these sources were eliminated. While the credit market has improved since the second half of 2009, liquidity remains constrained and it is impossible to predict when the market will return to normalcy. This uncertainty may lead market participants to continue to act more conservatively, which may amplify decreases in demand and pricing in the markets we serve.

[Table of Contents](#)

Our debt instruments impose operating and financial restrictions on us and, in the event of a default, all of our borrowings would become immediately due and payable.

Our debt instruments, including our credit agreement, impose, and the terms of any future debt may impose, operating and other restrictions on us and many of our subsidiaries. These restrictions affect, and in many respects limit or prohibit, our ability to:

- plan for or react to market conditions;
- meet capital needs or otherwise restrict our activities or business plans; and
- finance ongoing operations, strategic acquisitions, investments or other capital needs or to engage in other business activities that would be in our interest, including:
 - incurring or guaranteeing additional indebtedness;
 - paying dividends or making distributions on or repurchases of capital stock;
 - repurchasing equity interests;
 - the payment of dividends or other amounts to us;
 - transferring or selling assets, including the stock of subsidiaries;
 - creating liens; and
 - entering into sale/leaseback transactions.

Our credit agreement currently requires us to maintain a minimum coverage ratio of EBITDA (as defined in the credit agreement) to total interest expense of 2.25x and a maximum leverage ratio of total debt less available cash to EBITDA (as defined in the credit agreement) of 3.75x. Our ability to meet these financial ratios can be affected by events beyond our control, and we cannot give assurance that we will be able to meet those ratios when required. For example, we experienced a decline in EBITDA during the economic downturn in 2008 to 2009, which negatively impacted our minimum coverage ratio and maximum leverage ratio. However, we significantly reduced our cost structure during 2008 and 2009, and, as a result of these cost reductions as well as renewed growth in our business, we were and continue to be well within compliance with the minimum coverage ratio and the maximum leverage ratio under our credit agreement. Our coverage ratio of EBITDA to total interest expense was 10.45x for the year ended December 31, 2012 and our leverage ratio of total debt less available cash to EBITDA was 1.38x as of December 31, 2012. We continue to monitor our projected compliance with these financial ratios and other terms of our credit agreement.

A breach of any of these restrictive covenants or the inability to comply with the required financial ratios could result in a default under our debt instruments. If any such default occurs, the lenders under our credit agreement may elect to declare all outstanding borrowings, together with accrued interest and other fees, to be immediately due and payable. The lenders under our credit agreement also have the right in these circumstances to terminate any commitments they have to provide further borrowings. If we are unable to repay outstanding borrowings when due, the lenders under our credit agreement will have the right to proceed against the collateral granted to them to secure the debt, which collateral is described in the immediately following risk factor. If the debt under our credit agreement were to be accelerated, we cannot give assurance that this collateral would be sufficient to repay our debt.

[Table of Contents](#)

If we fail to meet our payment or other obligations under our credit agreement, the lenders under such credit agreement could foreclose on, and acquire control of, substantially all of our assets.

Our credit agreement is jointly and severally guaranteed by us and substantially all of our domestic subsidiaries. Borrowings under our credit agreement are secured by a pledge of substantially all of the capital stock of our U.S. subsidiaries and 65% of the capital stock of certain non-U.S. subsidiaries. In addition, in connection with any amendment to our credit agreement, we may need to grant additional collateral to the lenders. If we are unable to repay outstanding borrowings when due, the lenders under our credit agreement will have the right to proceed against this pledged capital stock and take control of substantially all of our assets.

Our substantial leverage and debt service obligations could harm our ability to operate our business, remain in compliance with debt covenants and make payments on our debt.

We are highly leveraged and have significant debt service obligations. As of December 31, 2012, our total debt, excluding notes payable on real estate (which are generally nonrecourse to us) and warehouse lines of credit (which are recourse only to our wholly-owned subsidiary, CBRE Capital Markets, and are secured by our related warehouse receivables), was approximately \$2.5 billion. For the year ended December 31, 2012, our interest expense was approximately \$175.1 million. Our level of indebtedness increases the possibility that we may be unable to generate cash sufficient to pay when due the principal of, or other amounts due in respect of our indebtedness. In addition, we may incur additional debt from time to time to finance strategic acquisitions, investments, joint ventures or for other purposes, subject to the restrictions contained in the documents governing our indebtedness. If we incur additional debt, the risks associated with our leverage, including our ability to service our debt, would increase. If we are required to seek an amendment to our credit agreement, our debt service obligations may be substantially increased.

Our debt could have other important consequences, which include, but are not limited to, the following:

- a substantial portion of our cash flow from operations is used to pay principal and interest on our debt;
- our interest expense could increase if interest rates increase because the loans under our credit agreement generally bear interest at floating rates;
- our leverage could increase our vulnerability to general economic downturns and adverse competitive and industry conditions, placing us at a disadvantage compared to those of our competitors that are less leveraged;
- our debt service obligations could limit our flexibility in planning for, or reacting to, changes in our business and in the commercial real estate services industry;
- our failure to comply with the financial and other restrictive covenants in the documents governing our indebtedness could result in an event of default that, if not cured or waived, results in foreclosure on substantially all of our assets; and
- our level of debt may restrict us from raising additional financing on satisfactory terms to fund strategic acquisitions, investments, joint ventures and other general corporate requirements.

From time to time, Moody's Investors Service, Inc. and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., rate our significant outstanding debt. These ratings and any downgrades thereof may impact our ability to borrow under any new agreements in the future, as well as the interest rates and other terms of any future borrowings, and could also cause a decline in the market price of our Class A common stock in addition to our outstanding debt instruments.

Table of Contents

We cannot be certain that our earnings will be sufficient to allow us to pay principal and interest on our debt and meet our other obligations. If we do not have sufficient earnings, we may be required to seek to refinance all or part of our existing debt, sell assets, borrow more money or sell more securities, none of which we can guarantee that we will be able to do and which, if accomplished, may adversely impact our stock price.

We have limited restrictions on the amount of additional recourse debt we are able to incur, which may intensify the risks associated with our leverage, including our ability to service our indebtedness.

Subject to the maximum amounts of indebtedness permitted by our credit agreement covenants, we are not restricted in the amount of additional recourse debt we are able to incur in connection with the financing of our development activities, and we may in the future incur such indebtedness in order to decrease the amount of equity we invest in these activities. Subject to certain covenants in our various bank credit agreements, we are also not restricted in the amount of additional recourse debt CBRE Capital Markets may incur in connection with funding loan originations for multifamily properties having prior purchase commitments by a government sponsored entity.

If we experience defaults by multiple clients or counterparties, it could adversely affect our business.

We could be adversely affected by the actions and deteriorating financial condition and results of operations of certain of our clients or counterparties if that led to losses or defaults by one or more of them, which in turn, could have a material adverse effect on our results of operations and financial condition.

Any of our clients may experience a downturn in their business that may weaken their results of operations and financial condition. As a result, a client may fail to make payments when due, become insolvent or declare bankruptcy. Any client bankruptcy or insolvency, or the failure of any client to make payments when due, could result in losses to our company. A client bankruptcy would delay or preclude full collection of amounts owed to us. Additionally, certain corporate services and property management client agreements require that we advance payroll and other vendor costs on behalf of clients. If such a client were to file bankruptcy or otherwise fail, we may not be able to obtain reimbursement for those costs or for the severance obligations we would incur as a result of the loss of the client.

The bankruptcy or insolvency of a significant counterparty (which may include co-brokers, lenders, insurance companies, hedging counterparties, service providers or other organizations with which we do business), or the failure of any significant counterparty to perform its contractual commitments, may result in disruption to our business or material losses to our company.

Our goodwill and other intangible assets could become further impaired, which may require us to take significant non-cash charges against earnings.

Under current accounting guidelines, we must assess, at least annually and potentially more frequently, whether the value of our goodwill and other intangible assets has been impaired. Any impairment of goodwill or other intangible assets as a result of such analysis would result in a non-cash charge against earnings, which charge could materially adversely affect our reported results of operations, stockholders' equity and our stock price. For example, due to the severe market downturn and credit crisis, we determined in December 2008 that the negative impact of the global economic slowdown and resulting decline in our stock price represented an adverse change in our business climate, requiring us to undertake an interim evaluation of our goodwill and other intangible assets for impairment. As a result, we incurred charges of \$1.2 billion in connection with the impairment of goodwill and other non-amortizable intangible assets during the year ended December 31, 2008. A significant and sustained decline in our future cash flows, a significant adverse change in the economic environment, slower growth rates or if our stock price falls below our net book value per share for a sustained period, all could result in the need to perform additional impairment analysis in future periods. If we were to conclude that a future write-down of goodwill or other intangible assets is necessary, then we would record such additional charges, which could materially adversely affect our results of operations.

[Table of Contents](#)

Our success depends upon the retention of our senior management, as well as our ability to attract and retain qualified and experienced employees (including those acquired through acquisitions).

Our continued success is highly dependent upon the efforts of our executive officers and other key employees, including Robert E. Sulentic, our President and Chief Executive Officer. Mr. Sulentic and certain other key employees are not parties to employment agreements with us. We also are highly dependent upon the retention of our property sales and leasing professionals, who generate a significant amount of our revenues, as well as other revenue producing professionals. The departure of any of our key employees (including those acquired through acquisitions), or the loss of a significant number of key revenue producers, if we are unable to quickly hire and integrate qualified replacements, could cause our business, financial condition and results of operations to suffer. In addition, the growth of our business is largely dependent upon our ability to attract and retain qualified support personnel in all areas of our business, including brokerage and property management personnel. Competition for these personnel is intense and we may not be able to successfully recruit, integrate or retain sufficiently qualified personnel. We use equity incentives to help retain and incentivize many of our key personnel. Any significant decline in, or failure to grow, our stock price may result in an increased risk of loss of these key personnel. If we are unable to attract and retain these qualified personnel, our growth may be limited and our business and operating results could suffer.

Our international operations subject us to social, political and economic risks of doing business in foreign countries.

We conduct a significant portion of our business and employ a substantial number of people outside of the United States and as a result, we are subject to risks associated with doing business globally. During 2012, we generated approximately 40% of our revenue from operations outside the United States. In 2011, we acquired the majority of the real estate investment management business of Netherlands-based ING Group N.V. (the "REIM Acquisitions"). With the REIM Acquisitions, the footprint of our Global Investment Management business significantly expanded, particularly in Europe and Asia. Additional circumstances and developments related to international operations that could negatively affect our business, financial condition or results of operations include, but are not limited to, the following factors:

- difficulties and costs of staffing and managing international operations among diverse geographies, languages and cultures;
- currency restrictions, transfer pricing regulations and adverse tax consequences, which may impact our ability to transfer capital and profits to the United States;
- arbitrary adverse changes in regulatory or tax requirements;
- the responsibility of complying with multiple and potentially conflicting laws, e.g., with respect to corrupt practices, employment and licensing;
- the impact of regional or country-specific business cycles and economic instability, particularly in Europe, which has seen a continuing crisis in sovereign debt, and which could be further significantly and adversely impacted if the Euro were to fail as a single currency;
- greater difficulty in collecting accounts receivable in some geographic regions such as Asia, where many countries have underdeveloped insolvency laws;
- a tendency for clients to delay payments in some European and Asian countries;
- political and economic instability in certain countries; and
- foreign ownership restrictions with respect to operations in countries such as China.

Although we maintain anti-corruption and anti-money laundering compliance programs throughout the company, violations of our compliance programs may result in criminal or civil sanctions, including material monetary fines, penalties, equitable remedies (including disgorgement), and other costs against us or our employees, and may have a material adverse effect on our reputation and business.

We have committed additional resources to expand our worldwide sales and marketing activities, to globalize our service offerings and products in selected markets and to develop local sales and support channels. If we are unable to successfully implement these plans, maintain adequate long-term strategies that successfully manage the risks associated with our global business or adequately manage operational fluctuations, our business, financial condition or results of operations could be harmed.

Our revenue and earnings may be adversely affected by foreign currency fluctuations.

Our revenue from non-U.S. operations is denominated primarily in the local currency where the associated revenue was earned. During 2012, approximately 40% of our revenue was transacted in foreign currencies, the majority of which included the Euro, the British pound sterling, the Canadian dollar, the Chinese yuan, the Hong Kong dollar, the Japanese yen, the Singapore dollar, the Australian dollar and the Indian rupee. Our Global Investment Management business has a significant amount of Euro-denominated assets under management as well as associated revenue and earnings in Europe, which has seen a continuing crisis in sovereign debt resulting in a notable drop in the value of the Euro against the U.S. dollar. Fluctuations in foreign currency exchange rates may result in corresponding fluctuations in our assets under management, revenue and earnings.

Over time, fluctuations in the value of the U.S. dollar and the Euro relative to the other currencies in which we may generate earnings could adversely affect our business, financial condition and operating results. Due to the constantly changing currency exposures to which we are subject and the volatility of currency exchange rates, we cannot predict the effect of exchange rate fluctuations upon future operating results. In addition, fluctuations in currencies relative to the U.S. dollar and the Euro may make it more difficult to perform period-to-period comparisons of our reported results of operations.

From time to time, our management uses currency hedging instruments, including foreign currency forward and option contracts and borrows in foreign currencies. There can be no assurance that these hedging instruments will be available when needed. Additionally, economic risks associated with these hedging instruments include unexpected fluctuations in inflation rates, which impact cash flow, and unexpected changes in the underlying net asset position.

Our growth has benefited significantly from acquisitions, which may not be available in the future or perform as expected.

A significant component of our growth has occurred through acquisitions, including our acquisition of the Trammell Crow Company in December 2006 and the REIM Acquisitions that we completed in the second half of 2011. Any future growth through acquisitions will be partially dependent upon the continued availability of suitable acquisition candidates at favorable prices and upon advantageous terms and conditions, which may not be available to us, as well as sufficient liquidity and credit to fund these acquisitions. We may incur significant additional debt from time to time to finance any such acquisitions, subject to the restrictions contained in the documents governing our then-existing indebtedness. If we incur additional debt, the risks associated with our leverage, including our ability to service our then-existing debt, would increase. In addition, acquisitions involve risks that business judgments concerning the value, strengths and weaknesses of businesses acquired will prove incorrect. Future acquisitions and any necessary related financings also may involve significant transaction-related expenses, which include severance, lease termination, transaction and deferred financing costs, among others.

Table of Contents

We have had, and may continue to experience, challenges in integrating operations and information technology systems acquired from other companies. This could result in the diversion of management's attention from other business concerns and the potential loss of our key employees or those of the acquired operations. The integration process itself may be disruptive to our business as it requires coordination of geographically diverse organizations and implementation of new accounting and information technology systems. We believe that most acquisitions will initially have an adverse impact on operating and net income. Acquisitions also frequently involve significant costs related to integrating information technology, accounting and management services and rationalizing personnel levels.

The anticipated benefits of the REIM Acquisitions may not be realized as we contemplated.

We completed the REIM Acquisitions with the expectation that such acquisitions would result in various benefits, including, among others, enhanced revenues and margins, a strengthened market position, cross-selling opportunities and operating efficiencies. Achieving the anticipated benefits of the REIM Acquisitions will be subject to a number of uncertainties, including the realization of accretive benefits in the timeframe anticipated. Failure to achieve these anticipated benefits could result in increased costs, decreases in the amount of expected revenues and diversion of management's time and energy, which could adversely impact our financial condition and operating results.

Our revenue, net income and cash flow generated by our Global Investment Management business can vary significantly as a result of market developments.

With the completion of the REIM Acquisitions, our Global Investment Management business significantly increased and became more globally diverse. With the addition of the REIM funds, a substantial part of our fees are more recurring in nature. However, the revenue, net income and cash flow generated by our Global Investment Management business are all somewhat variable, primarily due to the fact that management, transaction and incentive fees can vary as a result of market movements from one period to another.

The pace at which the real estate markets worldwide turned from positive to negative starting in 2007 and continuing into 2009 is an example of the market volatility to which we are subject and over which we have no control. The underlying market conditions, decisions regarding the acquisition and disposition of fund and separate account assets, and the specifics of client mandates will cause the amount of asset management, transaction and incentive fees to vary from one product to another.

A substantial part of our fees are based upon the value of the assets we manage and if asset values deteriorate our asset management fees will decline as a result. Our acquisition and disposition fees can decline as a result of delay in the deployment of capital or limited market liquidity. We also earn incentive fees tied to portfolio performance, which fees may decline if there is a downturn in real estate markets and we fail to meet benchmarks or absolute return hurdles. Finally, during periods of economic weakness or recession, existing and prospective clients in our Global Investment Management business may be less able or willing to commit new funds to real estate investments, which are inherently less liquid than many competing investment classes, thereby inhibiting the ability of our Global Investment Management business to raise new funds. Additionally, investors with open commitments to provide additional investment could become less able or willing to honor their financial commitments and seek to renegotiate the terms of their commitments or the fees that they are obligated to pay. To the extent that clients in our Global Investment Management business seek to avoid paying fees they are obligated to pay, or seek to avoid deploying capital that has been committed, we could experience a decrease in collection of fees and interruptions to our client relationships and business.

Our real estate investment and co-investment activities subject us to real estate investment risks which could cause fluctuations in earnings and cash flow.

An important part of the strategy for our Global Investment Management business involves investing our capital in certain real estate investments with our clients and there is an inherent risk of loss of our

Table of Contents

investments. As of December 31, 2012, we had committed \$31.7 million to fund future co-investments, \$27.9 million of which is expected to be funded during 2013. In addition to required future capital contributions, some of the co-investment entities may request additional capital from us and our subsidiaries holding investments in those assets. The failure to provide these contributions could have adverse consequences to our interests in these investments, including damage to our reputation with our co-investment partners and clients, as well as the necessity of obtaining alternative funding from other sources that may be on disadvantageous terms for us and the other co-investors. Participating as a co-investor is a very important part of our Global Investment Management business, which would suffer if we were unable to make these investments. Although our debt instruments contain restrictions that limit our ability to provide capital to the entities holding direct or indirect interests in co-investments, we may provide this capital in many instances.

Selective investment in real estate projects is an important part of our Development Services business strategy and there is an inherent risk of loss of our investment. As of December 31, 2012, we had approximately 35 consolidated real estate projects with invested equity of \$11.6 million and \$13.9 million of notes payable on real estate that are recourse to us (in addition to being recourse to the single-purpose entity that holds the real estate asset and is the primary obligor on the note payable). In addition, at December 31, 2012, we were involved as a principal (in most cases, co-investing with our clients) in approximately 45 unconsolidated real estate subsidiaries with invested equity of \$58.9 million and had committed additional capital to these unconsolidated subsidiaries of \$14.3 million. We also guaranteed notes payable of these unconsolidated subsidiaries of \$2.2 million, excluding guarantees for which we have outstanding liabilities accrued on our consolidated balance sheet.

During the ordinary course of our Development Services business, we provide numerous completion and budget guarantees requiring us to complete the relevant project within a specified timeframe and/or within a specified budget, with us potentially being liable for costs to complete in excess of such timeframe or budget. While we generally have "guaranteed maximum price" contracts with reputable general contractors with respect to projects for which we provide these guarantees (which are intended to pass most of the risk to such contractors), there can be no assurance that we will not have to perform under any such guarantees. If we are required to perform under a significant number of such guarantees, it could harm our business, results of operations and financial condition.

Because the disposition of a single significant investment can impact our financial performance in any period, our real estate investment activities could increase fluctuations in our net earnings and cash flow. In many cases, we have limited control over the timing of the disposition of these investments and the recognition of any related gain or loss, or incentive participation fee.

Poor performance of the investment programs that our Global Investment Management business manages would cause a decline in our revenue, net income and cash flow and could adversely affect our ability to raise capital for future programs.

In the event that any of the investment programs that our Global Investment Management business manages were to perform poorly, our revenue, net income and cash flow could decline because the value of the assets we manage would decrease, which would result in a reduction in some of our management fees, and our investment returns would decrease, resulting in a reduction in the incentive compensation we earn. Moreover, we could experience losses on co-investments of our own capital in such programs as a result of poor performance. Investors and potential investors in our programs continually assess our performance, and our ability to raise capital for existing and future programs and maintain our current fee structure will depend on our continued satisfactory performance.

We are subject to substantial litigation risks and may face significant liabilities and/or damage to our professional reputation as a result of litigation allegations and negative publicity.

As a licensed real estate broker, we and our licensed employees are subject to regulatory due diligence, disclosure and standard-of-care obligations. Failure to fulfill these obligations could subject us or our employees to litigation from parties who purchased, sold or leased properties that we or they brokered or managed. We could become subject to claims by participants in real estate sales, as well as building owners and companies for whom we provide management services, alleging that we did not fulfill our regulatory and fiduciary obligations.

In addition, in our property management business, we hire and supervise third-party contractors to provide construction services for our managed properties. While our role is limited to that of an agent for the owner, we may be subject to claims for construction defects or other similar actions.

The advice and services we render in our financial and valuation advisory businesses and the investment decisions we make in our Global Investment Management business and the activities of our investment banking and investment management professionals for or on behalf of our clients may subject them and us to the risk of third-party litigation. Such litigation may arise from client or investor dissatisfaction with the performance of our programs, differences between actual values and appraised values, and a variety of other litigation claims, including allegations that we improperly exercised judgment, discretion, control or influence over client investments or that we breached fiduciary duties to clients. For example, in our valuation and appraisal business, if market dynamics lead to a reduction in the market value of properties we have previously appraised, we may be subject to a higher risk of claims, including conflicts of interest claims, based on the circumstances of valuations previously issued. Our valuation and appraisal services involve transactions where the value of the transaction is much greater than the fees we generate. As a result, the consequences of errors that lead to damages might be disproportionately large in relation to the fees generated in the event our contractual protections or our insurance coverage are inadequate to protect us fully.

To the extent investors in our programs suffer losses resulting from fraud, gross negligence, willful misconduct or other similar misconduct, investors may have remedies against us, our investment programs or funds or our employees under the federal securities law and state law. Moreover, we are exposed to risks of litigation or investigation by investors and regulators relating to allegations of our having engaged in transactions involving conflicts of interest that were not properly addressed.

Some of these litigation risks may be mitigated by the commercial insurance we maintain in amounts we believe are appropriate. However, in the event of a substantial loss, our commercial insurance coverage and/or self-insurance reserve levels might not be sufficient to pay the full damages, or the scope of available coverage may not cover certain types of claims. Further, the value of otherwise valid claims we hold under insurance policies could become uncollectible in the event of the covering insurance company's insolvency, although we seek to limit this risk by placing our commercial insurance only with highly-rated companies. Any of these events could negatively impact our business, financial condition or results of operations.

We depend on our business relationships and our reputation for integrity and high-caliber professional services to attract and retain clients across our overall business, as well as investors for our Global Investment Management business. As a result, allegations by private litigants or regulators of conflicts of interest or improper conduct by us, whether the ultimate outcome is favorable or unfavorable to us, as well as negative publicity and press speculation about us or our investment activities, whether or not valid, may harm our reputation and damage our business prospects both in our Global Investment Management business and our other global businesses. In addition, if any lawsuits were brought against us and resulted in a finding of substantial legal liability, it could materially, adversely affect our business, financial condition or results of operations or cause significant reputational harm to us, which could materially impact our business.

Table of Contents

A failure to appropriately deal with actual or perceived conflicts of interest could adversely affect our businesses.

We have a global platform with different business lines and a broad client base and are therefore subject to numerous potential, actual or perceived conflicts of interests in the provision of services to our existing and potential clients. For example, conflicts may arise from our position as broker to both owners and tenants in commercial real estate lease transactions. We have adopted various policies, controls and procedures to address or limit actual or perceived conflicts, but these policies and procedures may not be adequate and may not be adhered to by our employees. Appropriately dealing with conflicts of interest is complex and difficult and our reputation could be damaged and cause us to lose existing clients or fail to gain new clients if we fail, or appear to fail, to identify, disclose and manage potential conflicts of interest, which could have an adverse affect on our business, financial condition and results of operations. In addition, it is possible that in some jurisdictions regulations could be changed to limit our ability to act for parties where conflicts exist even with informed consent, which could limit our market share in those markets. There can be no assurance that conflicts of interest will not arise in the future that could cause material harm to us.

Our joint venture activities involve unique risks that are often outside of our control which, if realized, could harm our business.

We have utilized joint ventures for commercial investments and local brokerage and other affiliations both in the United States and internationally, and we may acquire minority interests in other joint ventures in the future. In many of these joint ventures, we may not have the right or power to direct the management and policies of the joint ventures and other participants may take action contrary to our instructions or requests and against our policies and objectives. In addition, the other participants may become bankrupt or have economic or other business interests or goals that are inconsistent with ours. If a joint venture participant acts contrary to our interest, it could harm our brand, business, results of operations and financial condition.

We have numerous significant competitors and potential future competitors, some of which may have greater financial and operational resources than we do.

We compete across a variety of business disciplines within the commercial real estate services industry, including commercial property and corporate facilities management, occupier and property/agency leasing, property sales, valuation, real estate investment management, commercial mortgage origination and servicing, capital markets (equity and debt) solutions, development services and proprietary research. Although we are the largest commercial real estate services firm in the world in terms of 2012 revenue, our relative competitive position varies significantly across geographies, property types and services. Depending on the geography, property type or service, we face competition from other commercial real estate service providers, including outsourcing companies that traditionally competed in limited portions of our facilities management business and have recently expanded their offerings, in-house corporate real estate departments, developers, institutional lenders, insurance companies, investment banking firms, investment managers, and accounting and consulting firms. Some of these firms may have greater financial resources than we do. In addition, future changes in laws could lead to the entry of other competitors, such as financial institutions. Although many of our competitors are local or regional firms and are substantially smaller than us, some of these competitors are larger on a local or regional basis. We are also subject to competition from other large national and multi-national firms that have similar service competencies to ours. In general, there can be no assurance that we will be able to compete effectively, to maintain current fee levels or margins, or maintain or increase our market share.

A significant portion of our operations are concentrated in California and our business could be harmed if there was an economic downturn in the California real estate markets.

During 2012, approximately 10% of our revenue was generated from transactions originating in California. As a result of the geographic concentration in California, economic downturns in the California commercial real estate market, similar to recent downturns experienced in California, and particularly in the local

Table of Contents

economies in San Diego, Los Angeles and Orange County could harm our results of operations and disproportionately affect our business as compared to competitors who have less or different geographic concentrations.

We operate in many jurisdictions with complex and varied tax regimes. Changes in tax rules or the outcome of tax assessments and audits could cause an adverse effect on our results.

We operate in many jurisdictions with complex and varied tax regimes, and are subject to different forms of taxation resulting in a variable effective tax rate. In addition, from time to time we engage in transactions that involve different tax jurisdictions. Due to the different tax laws in the many jurisdictions where we operate, we are often required to make subjective determinations. The tax authorities in the various jurisdictions where we carry on business may not agree with the determinations that are made by us with respect to the application of tax law. Such disagreements could result in disputes and, ultimately, in the payment of additional funds to the government authorities of foreign and local jurisdictions where we carry on business, which could have an adverse effect on our results of operations. In addition, changes in tax rules or the outcome of tax assessments and audits could have an adverse effect on our results in any particular quarter.

Our estimate of tax related assets, liabilities, recoveries and expenses incorporates assumptions. These assumptions include, but are not limited to, the tax laws in various jurisdictions, the effect of tax treaties between jurisdictions, taxable income projections, and the benefits of various restructuring plans. To the extent that such assumptions differ from actual results, we may have to record additional income tax expenses and liabilities.

We are subject to the possibility of loss contingencies arising out of tax claims, assessments related to uncertain tax positions and provisions for specifically identified income tax exposures. There are currently tax audits ongoing in certain of the jurisdictions in which we operate. There can be no assurance that we will be successful in resolving potential tax claims that arise from these audits. We have recorded provisions on the basis of the best current understanding; however, we could be required to book additional provisions in future periods for amounts that cannot be assessed at this stage. Our failure to do so and/or the need to increase our provisions for such claims could have an adverse effect on our financial position.

If the assets in our defined benefit pension plans are not sufficient to meet the plans' obligations, we may be required to make cash contributions to it and our liquidity may be adversely affected.

Our subsidiaries based in the United Kingdom maintain two contributory defined benefit pension plans to provide retirement benefits to existing and former employees participating in the plans. With respect to these plans, our historical policy has been to contribute annually, an amount to fund pension cost as actuarially determined and as required by applicable laws and regulations. Our contributions to these plans are invested and, if these investments do not perform in the future as well as we expect, we will be required to provide additional funding to cover any shortfall. The underfunded status of our defined benefit pension plans included in pension liability in the accompanying consolidated balance sheets, which are incorporated herein by reference, was \$63.5 million and \$60.9 million at December 31, 2012 and 2011, respectively. If the assets in our defined benefit pension plans continue to be insufficient to meet the plans' obligations, we may be required to make substantial cash contributions preventing the use of such cash for other purposes and adversely affecting our liquidity.

If we fail to maintain and protect our intellectual property, or infringe the intellectual property rights of third parties, our business could be harmed and we could incur financial penalties.

Our business depends, in part, on our ability to identify and protect proprietary information and other intellectual property (such as our service marks, client lists and information, business methods and research). Existing laws, or the application of those laws, of some countries in which we operate may offer only limited protections for our intellectual property rights. We rely on a combination of trade secrets, confidentiality policies, non-disclosure and other contractual arrangements, and on patent, copyright and trademark laws to protect our intellectual property rights. Our inability to detect unauthorized use or take appropriate or timely steps to enforce our rights may have an adverse effect on our business.

[Table of Contents](#)

We cannot be sure that the intellectual property that we may use in the course of operating our business or the services we offer to clients do not infringe on the rights of third parties, and we may have infringement claims asserted against us or against our clients. These claims may harm our reputation, cost us money and prevent us from offering some services.

Confidential intellectual property is increasingly stored or carried on mobile devices, such as laptop computers, which makes inadvertent disclosure more of a risk in the event the mobile devices are lost or stolen and the information has not been adequately safeguarded or encrypted.

Failure to maintain the security of our information and technology networks, including personally identifiable and client information could adversely affect us.

Security breaches and other disruptions could compromise our information and expose us to liability, which could cause our business and reputation to suffer. In the ordinary course of our business, we collect and store sensitive data, including our proprietary business information and intellectual property, and that of our clients and personally identifiable information of our employees and contractors, in our data centers and on our networks. The secure processing, maintenance and transmission of this information is critical to our operations. Despite our security measures, our information technology and infrastructure may be vulnerable to attacks by hackers or breached due to employee error, malfeasance or other disruptions. A significant actual or potential theft, loss, fraudulent use or misuse of client, employee or other personally identifiable data, whether by third parties or as a result of employee malfeasance or otherwise, non-compliance with our contractual or other legal obligations regarding such data or a violation of our privacy and security policies with respect to such data could result in significant costs, fines, litigation or regulatory actions against us. Such an event could additionally disrupt our operations and the services we provide to clients, damage our reputation, and cause a loss of confidence in our services, which could adversely affect our business, revenues and competitive position. Additionally, we increasingly rely on third-party data storage providers, including cloud storage solution providers, resulting in less direct control over our data. Such third parties may also be vulnerable to security breaches and compromised security systems, which could adversely affect our reputation.

Interruption or failure of our information technology, communications systems or data services could hurt our ability to effectively provide our services, which could damage our reputation and harm our operating results.

Our business requires the continued operation of information technology and communication systems and network infrastructure. Our ability to conduct our global business may be adversely impacted by disruptions to these systems or infrastructure. Our information technology and communications systems are vulnerable to damage or disruption from fire, power loss, telecommunications failure, system malfunctions, computer viruses, natural disasters such as hurricanes, earthquakes and floods, acts of war or terrorism, or other events which are beyond our control. In addition, the operation and maintenance of these systems and networks is in some cases dependent on third-party technologies, systems and service providers for which there is no certainty of uninterrupted availability. Any of these events could cause system interruption, delays, and loss of critical data or intellectual property and may also disrupt our ability to provide services to or interact with our clients, and we may not be able to successfully implement contingency plans that depend on communication or travel. We have disaster recovery plans and backup systems to reduce the potentially adverse effect of such events, but our disaster recovery planning may not be sufficient and cannot account for all eventualities and a catastrophic event that results in the destruction or disruption of any of our data centers or our critical business or information technology systems could severely affect our ability to conduct normal business operations and, as a result, our future operating results could be adversely affected.

The infrastructure disruptions we describe above may also disrupt our ability to manage real estate for clients or may adversely affect the value of real estate investments we make on behalf of clients. The buildings we manage for clients, which include some of the world's largest office properties and retail centers, are used by

Table of Contents

numerous people daily. As a result, fires, earthquakes, floods, other natural disasters, defects and terrorist attacks can result in significant loss of life, and, to the extent we are held to have been negligent in connection with our management of the affected properties, we could incur significant financial liabilities and reputational harm.

Our business relies significantly on the use of commercial real estate data. We produce much of this data internally, but a significant portion is purchased from third-party providers for which there is no certainty of uninterrupted availability. A disruption of our ability to provide data to our professionals and/or clients could damage our reputation, and our operating results could be adversely affected.

Our businesses, financial condition, results of operations and prospects could be adversely affected by new laws or regulations or by changes in existing laws or regulations or the application thereof. If we fail to comply with laws and regulations applicable to us, including in our role as a real estate broker, registered investment advisor, mortgage broker, property/facility manager or developer, we may incur significant financial penalties.

We are subject to numerous federal, state, local and non-U.S. laws and regulations specific to the services we perform in our business, as well as laws of broader applicability, such as tax, securities, environmental and employment laws. Brokerage of real estate sales and leasing transactions and the provision of property management and valuation services require us to maintain applicable licenses in each U.S. state and certain non-U.S. jurisdictions in which we perform these services. If we fail to maintain our licenses or conduct these activities without a license, or violate any of the regulations covering our licenses, we may be required to pay fines (including treble damages in certain states) or return commissions received or have our licenses suspended or revoked. A number of our services, including the services provided by our indirect wholly-owned subsidiaries, CBRE Capital Markets and CBRE Global Investors, are subject to regulation by the SEC, FINRA or other self-regulatory organizations and state securities regulators and compliance failures or regulatory action could adversely affect our business. We could be subject to disciplinary or other actions in the future due to claimed noncompliance with these regulations, which could have a material adverse effect on our operations and profitability.

As the size and scope of commercial real estate transactions have increased significantly during the past several years, both the difficulty of ensuring compliance with numerous licensing regimes and the possible loss resulting from non-compliance have increased. The global economic crisis has resulted in increased government and legislative activities, including the introduction of new legislation and changes to rules and regulations, which we expect will continue into the future. New or revised legislation or regulations applicable to our business, both within and outside of the United States, as well as changes in administrations or enforcement priorities may have an adverse effect on our business, including increasing the costs of compliance or preventing us from providing certain types of services in certain jurisdictions or in connection with certain transactions or clients. We are unable to predict how any of these new laws, rules, regulations and proposals will be implemented or in what form, or whether any additional or similar changes to laws or regulations, including the interpretation or implementation thereof, will occur in the future. Any such action could affect us in substantial and unpredictable ways and could have an adverse effect on our businesses, financial condition, results of operations and prospects.

We may be subject to environmental liability as a result of our role as a property or facility manager or developer of real estate.

Various laws and regulations impose liability on real property owners or operators for the cost of investigating, cleaning up or removing contamination caused by hazardous or toxic substances at a property. In our role as a property or facility manager or developer, we could be held liable as an operator for such costs. This liability may be imposed without regard to the legality of the original actions and without regard to whether we knew of, or were responsible for, the presence of the hazardous or toxic substances. If we fail to disclose environmental issues, we could also be liable to a buyer or lessee of a property. If we incur any such liability, our business could suffer significantly as it could be difficult for us to develop or sell such properties, or borrow

[Table of Contents](#)

funds using such properties as collateral. In the event of a substantial liability, our insurance coverage might be insufficient to pay the full damages, or the scope of available coverage may not cover certain of these liabilities. Additionally, liabilities incurred to comply with more stringent future environmental requirements could adversely affect any or all of our lines of business.

Risks Relating to the Notes

We may not have the ability to raise the funds necessary to finance a change of control offer.

Upon the occurrence of a change of control triggering event, we will be required to offer to repurchase all of the notes. We cannot assure you that there will be sufficient funds available for us to make any required repurchases of the notes upon a change of control. In addition, our credit agreement provides that the occurrence of a change of control constitutes a default. Our failure to purchase tendered notes would constitute a default under the indenture governing the notes, which, in turn, would constitute a default under the credit agreement. See “Description of the Notes—Change of Control Triggering Event.”

A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the notes from relying on that subsidiary to satisfy claims.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a subsidiary guarantee can be voided, or claims under the subsidiary guarantee may be subordinated to all other debts of that subsidiary guarantor if, among other things, the subsidiary guarantor, at the time it incurred the indebtedness evidenced by its subsidiary guarantee or, in some states, when payments become due under the subsidiary guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of the subsidiary guarantee and:

- was insolvent or rendered insolvent by reason of such incurrence;
- was engaged in a business or transaction for which the subsidiary guarantor’s remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

A subsidiary guarantee may also be voided, without regard to the above factors, if a court found that the subsidiary guarantor entered into the subsidiary guarantee with the actual intent to hinder, delay or defraud its creditors.

A court would likely find that a subsidiary guarantor did not receive reasonably equivalent value or fair consideration for its subsidiary guarantee if the subsidiary guarantor did not substantially benefit directly or indirectly from the issuance of the notes. If a court were to void a subsidiary guarantee, you would no longer have a claim against the subsidiary guarantor. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from the subsidiary guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a subsidiary guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

Table of Contents

- the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or
- it could not pay its debts as they became due.

Each subsidiary guarantee will contain a provision intended to limit the subsidiary guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its subsidiary guarantee to be a fraudulent transfer. This provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law.

The notes will be effectively subordinated to our secured indebtedness to the extent of the value of the property securing that indebtedness.

The notes will not be secured by any of our or our subsidiaries' assets. As a result, the notes, and the guarantees given by CBRE Group, Inc. and each of our subsidiaries providing guarantees, will be effectively subordinated to our and such guarantors' indebtedness with respect to the assets that secure such indebtedness. As of December 31, 2012, on an as adjusted basis after giving effect to this offering and the application of the net proceeds, the notes would have been effectively subordinated to approximately \$1.2 billion of senior secured debt (including certain warehouse lines of credit). In addition, we and our subsidiaries may incur additional secured debt in the future. As a result of this effective subordination, upon a default in payment on, or the acceleration of, any of this secured indebtedness, or in the event of bankruptcy, insolvency, liquidation, dissolution or reorganization of our company or a subsidiary, the proceeds from the sale of assets securing our or such subsidiary's secured indebtedness will be available to pay obligations on the notes and other unsecured obligations only after such secured debt has been paid in full. Consequently, the holders of the notes may receive less, ratably, than the holders of secured debt in the event of our or our subsidiaries' bankruptcy, insolvency, liquidation, dissolution or reorganization even if those subsidiaries in the future guarantee the notes.

The notes will not be guaranteed by all of our subsidiaries.

The notes will not be guaranteed by a number of our subsidiaries. As a result, if we default on our obligations under the notes, you will not have any claims against any of our subsidiaries that do not provide guarantees of the notes. Certain of our foreign subsidiaries are co-borrowers under our credit agreement but do not guarantee our obligations thereunder and will not guarantee the notes offered hereby. For the year ended December 31, 2012, revenue of our non-guarantor subsidiaries constituted approximately 42% of our consolidated revenues, and operating income of such non-guarantor subsidiaries was approximately \$187.0 million. As of December 31, 2012 the total assets of such subsidiaries constituted approximately 49% of our consolidated total assets, and the total liabilities of such subsidiaries were \$2.3 billion.

We cannot assure you that an active trading market will develop for the notes.

Prior to this offering, there was no public market for the notes. We have been informed by the underwriters that they intend to make a market in the notes after this offering is completed. However, the underwriters may cease their market-making activities at any time. In addition, the liquidity of the trading market in the notes and the market price quoted for the notes may be adversely affected by changes in the overall market for high yield securities and by changes in our financial performance or prospects or in the financial performance or prospects of companies in our industry generally. As a result, we cannot assure you that an active trading market will develop or be maintained for the notes. If an active market does not develop or is not maintained, the market price of the notes may decline and the liquidity of the notes may be limited.

Ratings of the notes may affect the market price and marketability of the notes.

Upon issuance, the notes will be rated by Moody's Investors Service, Inc. and Standard & Poor's Ratings Services. Such ratings are limited in scope, and do not address all material risks relating to an investment

in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will be issued or remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. It is also possible that such ratings may be lowered in connection with the application of the proceeds of this offering or in connection with future events, such as future acquisitions. Holders of notes will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market price or marketability of the notes.

USE OF PROCEEDS

We estimate that our net cash proceeds from the sale of the notes will be approximately \$785.2 million, after deducting the underwriters' discounts and estimated offering expenses. The proceeds from the sale of the notes will be used to repay a portion of our outstanding indebtedness under our senior secured credit facilities.

In connection with our repayment of a portion of the outstanding indebtedness under our senior secured credit facilities, certain of the underwriters or their respective affiliates may receive a portion of the proceeds of this offering. See "Underwriting."

As of December 31, 2012, the interest rate on (a) term loans under our senior secured credit facilities ranged from 2.46% to 3.71% and (b) revolving credit loans under our senior secured credit facilities ranged from 2.34% to 5.02%. The term loans under our senior secured credit facilities mature through September 4, 2019, depending on tranche, and the revolving credit loans under our senior secured credit facilities mature on May 10, 2015.

CAPITALIZATION

The following table sets forth the cash and cash equivalents and capitalization of CBRE Group, Inc. as of December 31, 2012:

- on an actual basis;
- on an as adjusted basis to reflect the estimated net proceeds from the issuance of the notes and the application of such net proceeds to repay a portion of our outstanding indebtedness under our senior secured credit facilities; and
- on a pro forma as adjusted basis to reflect (a) this offering, (b) the expected closing, following this offering, of the refinancing of our existing senior secured credit facilities and (c) the expected redemption of our 11.625% senior subordinated notes in June 2013.

All of the long-term debt described below is recourse to CBRE Group, Inc. and its subsidiaries. Long-term debt described below includes revolving credit facilities borrowings, but does not include certain other short-term borrowings, including warehouse lines of credit.

- (1) Includes cash and cash equivalents of \$94.6 million from consolidated funds and other entities, which is not available for general corporate use.
- (2) Pro forma as adjusted revolving credit loans reflects revolving credit loans expected to be outstanding for working capital and other purposes as of June 30, 2013.
- (3) Includes current maturities of term loans of \$70.7 million. We expect to refinance our senior secured credit facilities in March 2013. We expect that, after such refinancing, we would have \$715.0 million of term loans outstanding, or subject to be drawn, under such senior secured credit facilities. In connection with the refinancing, we are targeting secured revolving credit facilities in an aggregate principal amount of approximately \$1.0 billion.
- (4) We expect to optionally redeem our 11.625% senior subordinated notes in June 2013 with cash on hand and the proceeds from our new term loans and revolving credit loans under our proposed refinanced senior secured credit facilities.
- (5) Excludes \$1,026.4 million of aggregate warehouse facilities (which are recourse only to our wholly-owned subsidiary CBRE Capital Markets, Inc. and are secured by our related warehouse receivables) and \$312.1 million of notes payable on real estate, which are non-recourse to us.
- (6) Although we are in active discussions with lenders to complete the proposed refinancing of our senior secured credit facilities and expect to complete such refinancing in March 2013, we do not have

commitments from lenders in respect thereof and we cannot assure you that we will complete such refinancing as we plan or on the time table that we expect. If we have not closed such proposed refinancing in time for the expected redemption in June 2013 of our 11.625% senior subordinated notes, we expect to use a combination of cash on hand and borrowings under our existing revolving credit facility to complete such redemption in June 2013.

DESCRIPTION OF THE NOTES

CBRE Services, Inc. (“*CBRE Services*”) will issue the Notes under an Indenture among itself, the Guarantors party thereto and Wells Fargo Bank, National Association, as trustee (the “*Trustee*”), as supplemented as of the date of the issue date for the Notes (as supplemented, the “*Indenture*”).

Certain terms used in this description are defined under the subheading “—Certain Definitions.” In this description, the words “we,” “us,” “our” and “Issuer” refer to CBRE Services and not to any of its subsidiaries. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the “*Trust Indenture Act*”).

The following description is only a summary of the material provisions of the Indenture, which is filed as an exhibit to the Registration Statement of which this prospectus forms a part. We urge you to read the Indenture because it, not this description, defines your rights as holders of these Notes. You may request copies of the Indenture at our address set forth under the heading “Where You Can Find More Information.”

Brief Description of the Notes

These Notes:

- are unsecured senior obligations of the Issuer;
- are senior in right of payment to all existing and any future subordinated indebtedness of the Issuer; and
- will be guaranteed by CBRE Group, Inc. (“*Parent*”) and each Subsidiary Guarantor on a senior basis.

Principal, Maturity and Interest

The Issuer will issue the Notes initially with a maximum aggregate principal amount of \$800.0 million. The Issuer will issue the Notes in denominations of \$2,000 and any greater integral multiple of \$1,000. The Notes will mature on March 15, 2023. We are permitted to issue more Notes under the Indenture in an unlimited aggregate principal amount (the “*Additional Notes*”). The Notes and the Additional Notes, if any, will be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Indenture and this “Description of the Notes,” references to the Notes include any Additional Notes actually issued.

Interest on these Notes will accrue at the rate of 5.00% per annum and will be payable semiannually in arrears on March 15 and September 15, commencing on September 15, 2013. We will make each interest payment to the holders of record of these Notes on the immediately preceding March 1 and September 1.

Interest on these Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Optional Redemption

Except as set forth below, we will not be entitled to redeem the Notes at our option.

Table of Contents

On and after March 15, 2018, we will be entitled at our option to redeem all or a portion of these Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed in percentages of principal amount on the redemption date), plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the related interest payment date), if redeemed during the 12-month period commencing on March 15 of the years set forth below:

<u>Period</u>	<u>Redemption Price</u>
2018	102.500%
2019	101.667%
2020	100.833%
2021 and thereafter	100.000%

In addition, before March 15, 2016, we will be entitled at our option on one or more occasions to redeem Notes (which includes Additional Notes, if any) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the Notes (which includes Additional Notes, if any) originally issued at a redemption price (expressed as a percentage of principal amount) of 105.000%, plus accrued and unpaid interest, if any, to the redemption date, with an amount not to exceed the net cash proceeds from one or more Equity Offerings (*provided that if the Equity Offering is an offering by Parent, a portion of the Net Cash Proceeds thereof equal to the amount required to redeem any such Notes is contributed to the equity capital of the Issuer*); *provided that*

- (1) at least 65% of such aggregate principal amount of Notes (which includes Additional Notes, if any) remains outstanding immediately after the occurrence of each such redemption (other than Notes held, directly or indirectly, by the Issuer or its Affiliates); and
- (2) each such redemption occurs within 120 days after the date of the related Equity Offering.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof, and any such redemption or notice, may, at the Issuer's discretion, be subject to the completion of the related Equity Offering.

Prior to March 15, 2018, we will be entitled, at our option, to redeem all or a portion of the Notes at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be mailed by first-class mail (or delivered by electronic transmission in accordance with the applicable procedures of DTC) to each holder's registered address, not less than 30 nor more than 60 days prior to the redemption date.

"*Applicable Premium*" means with respect to a Note at any redemption date, as provided by the Issuer, the excess of (1) the present value at such redemption date of (A) the redemption price of such Note on March 15, 2018 (such redemption price being described in the second paragraph in this "Optional Redemption" section exclusive of any accrued and unpaid interest) plus (B) all required remaining scheduled interest payments due on such Note through March 15, 2018 (but excluding accrued and unpaid interest, if any, to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (2) the principal amount of such Note on such redemption date.

"*Adjusted Treasury Rate*" means, with respect to any redemption date and as provided by the Issuer, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury

Table of Contents

Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after March 15, 2018, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third Business Day immediately preceding the date that the applicable redemption notice is first mailed, in each case, plus 0.50%.

“*Comparable Treasury Issue*” means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the Notes from the redemption date to March 15, 2018, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to March 15, 2018.

“*Comparable Treasury Price*” means, with respect to any redemption date, if clause (2) of the Adjusted Treasury Rate definition is applicable, the average of three, or such lesser number as is obtained by the Issuer, Reference Treasury Dealer Quotations for such redemption date.

“*Quotation Agent*” means the Reference Treasury Dealer selected by the Issuer.

“*Reference Treasury Dealer*” means Merrill Lynch Pierce Fenner & Smith Incorporated and its successors and assigns, Credit Suisse Securities (USA) LLC and its successors and assigns and J.P. Morgan Securities Inc. and its successors and assigns.

“*Reference Treasury Dealer Quotations*” means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Issuer, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Issuer by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding the date that the applicable redemption notice is first mailed.

Selection and Notice of Redemption

If we are redeeming less than all the Notes at any time, the Trustee will select Notes on *pro rata* basis, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate in accordance with the applicable procedures of DTC.

We will redeem Notes of \$2,000 or less in whole and not in part. We will cause notices of redemption to be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount thereof to be redeemed. We will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

No Sinking Fund; Open Market Purchases

We are not required to make any sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions “—Change of Control Triggering Event.” We may at any time and from time to time purchase Notes in the open market or otherwise.

Table of Contents

Guarantees

Parent and each Subsidiary Guarantor will jointly and severally guarantee, on a senior unsecured basis, our obligations under these Notes. The obligations of each Subsidiary Guarantor under its Subsidiary Guaranty are designed to be limited as necessary to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance under applicable law and, therefore, will be expressly limited to the maximum amount that such Subsidiary Guaranty could guarantee without such Subsidiary Guaranty constituting a fraudulent conveyance. This limitation, however, may not be effective to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance. See “Risk Factors—Risks Relating to the Notes—A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the Notes from relying on that subsidiary to satisfy claims.”

Each Subsidiary Guarantor that makes a payment under its Subsidiary Guaranty will be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor’s *pro rata* portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment determined in accordance with GAAP.

If a Subsidiary Guaranty were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor’s liability on its Subsidiary Guaranty could be reduced to zero. See “Risk Factors—Risks Relating to the Notes—A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the Notes from relying on that subsidiary to satisfy claims.”

The Subsidiary Guaranty of a Subsidiary Guarantor will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of a Subsidiary Guarantor;
- (2) upon the sale or disposition of all or substantially all the assets of a Subsidiary Guarantor;
- (3) at such time as such Subsidiary Guarantor no longer Guarantees any other Debt of the Issuer;
- (4) upon the defeasance of the Notes, as provided under “—Defeasance;” or
- (5) as described under “—Amendments and Waivers,”

in the case of clause (1) or (2), other than to Parent, the Issuer or a Subsidiary of Parent and as permitted by the Indenture.

Ranking

The indebtedness evidenced by the Notes and the Guaranties will be senior unsecured obligations and will rank *pari passu* in right of payment with all other unsecured unsubordinated indebtedness of the Issuer or the applicable Guarantor, as the case may be.

As of December 31, 2012, on an as adjusted basis after giving effect to this offering:

- (1) the Issuer’s unsubordinated indebtedness (including guarantees) would have been approximately \$2.1 billion, including \$915.5 million of secured indebtedness (including guarantees); and
- (2) the unsubordinated indebtedness (including guarantees) of the Guarantors would have been approximately \$3.1 billion, including \$2.0 billion of secured indebtedness (including warehouse lines of credit).

Table of Contents

The Notes and the Guaranties are unsecured obligations of the Issuer and the Guarantors, as the case may be. Secured debt and other secured obligations of the Issuer and the Guarantors will be effectively senior to the Notes and the Guaranties to the extent of the value of the assets securing such debt or other obligations.

The Indenture contains no limitations on the amount of additional indebtedness that the Issuer and the Subsidiary Guarantors may incur and therefore the amount of such indebtedness could be substantial and, subject to the limitations set forth in the covenant described under “—Certain Covenants—Limitation on Liens,” such indebtedness may be secured indebtedness.

A substantial portion of our operations is conducted through our Subsidiaries. Subsidiary Guaranties may be released under certain circumstances. In addition, our future Subsidiaries may not be required to guarantee the Notes. Claims of creditors of any non-guarantor Subsidiaries and joint ventures, including trade creditors and creditors holding indebtedness or guarantees issued by such non-guarantor Subsidiaries and joint ventures, and claims of preferred stockholders of such non-guarantor Subsidiaries and joint ventures, generally will have priority with respect to the assets and earnings of such non-guarantor Subsidiaries and joint ventures over the claims of creditors of the Issuer, including holders of the Notes, even if such claims do not constitute unsubordinated indebtedness. Accordingly, the Notes will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such non-guarantor Subsidiaries and joint ventures.

As of December 31, 2012, our non-guarantor Subsidiaries had total indebtedness of \$1.1 billion. The Indenture does not limit the incurrence of unsecured Indebtedness by our Subsidiaries. Moreover, the Indenture does not impose any limitation on the incurrence by such Subsidiaries of liabilities that are not considered indebtedness under the Indenture. See “—Certain Covenants—Limitation on Indebtedness.”

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, each noteholder shall have the right to require that the Issuer purchase such noteholder’s Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Within 30 days following any Change of Control Triggering Event, unless we have exercised our option to redeem all the Notes as described under “—Optional Redemption,” we will mail a notice to each noteholder with a copy to the Trustee (the “*Change of Control Offer*”) stating:

- (1) that a Change of Control Triggering Event has occurred and that such noteholder has the right to require us to purchase such noteholder’s Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of noteholders of record on the relevant record date to receive interest on the relevant interest payment date);
- (2) the circumstances and relevant facts regarding such Change of Control Triggering Event (including information with respect to pro forma historical income and capitalization, in each case after giving effect to such Change of Control);
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and
- (4) the instructions, as determined by us, consistent with the covenant described hereunder, that a noteholder must follow in order to have its Notes purchased.

Table of Contents

We will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or if the Issuer has exercised its option to redeem all the Notes pursuant to the provisions described under “—Optional Redemption.”

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and shall not be deemed to have breached our obligations under the covenant described hereunder by virtue of our compliance with such securities laws or regulations.

The Change of Control Triggering Event purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Issuer and, thus, the removal of incumbent management. The Change of Control Triggering Event purchase feature is a result of negotiations between the Issuer and the underwriters. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional secured indebtedness are contained in the covenant described under “—Certain Covenants—Limitation on Liens.” Such restrictions can only be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenant, however, the Indenture will not contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

Holders may not be entitled to require us to purchase their Notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not approve a dissident slate of directors but approves them as continuing directors, even if our Board of Directors initially opposed the directors.

The Credit Agreement provides that the occurrence of certain change of control events with respect to Parent and the Issuer would constitute a default thereunder, and our outstanding senior subordinated notes and senior notes may require us to make an offer to purchase such senior subordinated notes and senior notes upon the occurrence of a Change of Control. Future indebtedness that we may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the purchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of their right to require us to purchase the Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such purchase on us. Finally, our ability to pay cash to the holders of Notes following the occurrence of a Change of Control may be limited by our then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases. See “Risk Factors—Risks Relating to the Notes—We may not have the ability to raise the funds necessary to finance a change of control offer.”

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control Triggering Event, conditional upon such Change of Control Triggering Event, if a definitive agreement is in place for the Change of Control at the time of making of such Change of Control Offer.

The phrase “all or substantially all,” as used with respect to the assets of the Issuer in the definition of “Change of Control,” is subject to interpretation under applicable state law, and its applicability in a given

Table of Contents

instance would depend upon the facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of “all or substantially all” the assets of the Issuer has occurred in a particular instance, in which case a holder’s ability to obtain the benefit of these provisions could be unclear.

The provisions under the Indenture relative to our obligation to make an offer to purchase the Notes as a result of a Change of Control Triggering Event may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes.

For purposes of this discussion of a repurchase of the notes following a Change of Control Triggering Event:

A “*Change of Control*” means the occurrence of any of the following:

- (1) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than one or more Permitted Holders, is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such person shall be deemed to have “beneficial ownership” of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time, and except that any Person that is deemed to have beneficial ownership of shares solely as the result of being part of a group pursuant to Rule 13d-5(b) (1) shall be deemed not to have beneficial ownership of any shares held by a Permitted Holder forming a part of such group), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of the Issuer; *provided, however*, that the Permitted Holders beneficially own (as defined above, except that in the event the Permitted Holders are part of a group pursuant to Rule 13d-5(b)(1), the Permitted Holders shall be deemed not to have beneficial ownership of any shares held by persons other than Permitted Holders forming a part of such group), directly or indirectly, in the aggregate a lesser percentage of the total voting power of the Voting Stock of the Issuer than such other person and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the Board of Directors (for the purposes of this clause (1), such other person shall be deemed to beneficially own any Voting Stock of a specified person held by a parent entity, if such other person is the beneficial owner (as first defined above), directly or indirectly, of more than 35% of the voting power of the Voting Stock of such parent entity and the Permitted Holders beneficially own (as second defined above), directly or indirectly, in the aggregate a lesser percentage of the voting power of the Voting Stock of such parent entity and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the board of directors of such parent entity);
- (2) individuals who on the Issue Date constituted the Board of Directors (together with any new directors whose election by such Board of Directors or whose nomination for election by the shareholders of the Issuer was approved by a vote of a majority of the directors of the Issuer then still in office who were either directors on the Issue Date or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors then in office;
- (3) the adoption of a plan relating to the liquidation or dissolution of the Issuer; or
- (4) the merger or consolidation of the Issuer with or into another Person or the merger of another Person with or into the Issuer, or the sale of all or substantially all the assets of the Issuer (determined on a consolidated basis) to another Person (other than, in all such cases, a Person that is controlled by the Permitted Holders), other than a transaction following which (A) in the case of a merger or consolidation transaction, holders of securities that represented 100% of the Voting Stock of the Issuer immediately prior to such transaction (or other securities into which such

Table of Contents

securities are converted as part of such merger or consolidation transaction) own, directly or indirectly, at least a majority of the voting power of the Voting Stock of the surviving Person in such merger or consolidation transaction immediately after such transaction and in substantially the same proportion as before the transaction and (B) in the case of a sale of assets transaction, the transferee Person becomes the obligor in respect of the Notes and a Subsidiary of the transferor of such assets.

Certain Covenants

Consolidation, Merger, Sale or Conveyance

(a) The Indenture provides that neither the Issuer nor Parent may consolidate with or merge into any other entity or convey, transfer or lease their properties and assets substantially as an entirety to any entity, unless:

- the successor or transferee entity, if other than the Issuer or Parent, as the case may be, is a Person (in the case of the Issuer, if such Person is not a corporation, then such successor or transferee shall include a corporate co-issuer) organized and existing under the laws of the United States, any state thereof or the District of Columbia and expressly assumes by a supplemental indenture executed and delivered to the trustee, in form reasonably satisfactory to the trustee, the due and punctual payment of the principal of, any premium on and any interest on all the outstanding Notes and the performance of every covenant and obligation in the Indenture to be performed or observed by the Issuer or Parent, as the case may be;
- immediately after giving effect to the transaction, no Event of Default, as defined in the Indenture, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing; and
- the Issuer or Parent, as the case may be, has delivered to the trustee an officers' certificate and an opinion of counsel, each in the form required by the Indenture and stating that such consolidation, merger, conveyance, transfer or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture comply with the foregoing provisions relating to such transaction.

In case of any such consolidation, merger, conveyance or transfer, the successor entity will succeed to and be substituted for the Issuer or Parent, as the case may be, as obligor or guarantor on the Notes, as the case may be, with the same effect as if it had been named in the indenture as the Issuer or Parent, as the case may be.

(b) No Subsidiary Guarantor may consolidate with or merge into any other entity or convey, transfer or lease their properties and assets substantially as an entirety to any entity, unless:

- the successor or transferee entity, if not a Subsidiary Guarantor prior to such merger, conveyance, transfer or lease, shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and expressly assumes, by a supplemental indenture, all the obligations of such Subsidiary under its guarantee; *provided, however*, that the foregoing shall not apply in the case of a Subsidiary Guarantor (x) that has been, or will be as a result of the subject transaction, disposed of in its entirety to another Person (other than to the Issuer, Parent or an affiliate of the Issuer or Parent), whether through a merger, consolidation or sale of Capital Stock or assets or (y) that, as a result of the disposition of all or a portion of its Capital Stock, ceases to be a Subsidiary;
- immediately after giving effect to the transaction, no Event of Default, as defined in the Indenture, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing; and

Table of Contents

- the Issuer has delivered to the trustee an officers' certificate and an opinion of counsel, each in the form required by the Indenture and stating that such consolidation, merger, conveyance, transfer or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture comply with the foregoing provisions relating to such transaction.

Limitation on Liens

The Issuer and Parent will not, and will not permit any Subsidiary of the Issuer to, create, incur, issue, assume or guarantee any indebtedness for money borrowed ("*Debt*") secured by a Lien upon (a) any Property of the Issuer, Parent or such Subsidiary, or (b) any shares of Capital Stock or Debt issued by any Subsidiary of the Issuer and owned by the Issuer, Parent or any Subsidiary of the Issuer, whether owned on the Issue Date or thereafter acquired, without effectively providing concurrently that the Notes then outstanding under the Indenture are secured equally and ratably with or, at the option of the Issuer, prior to such Debt so long as such Debt shall be so secured.

The foregoing restriction shall not apply to, and there shall be excluded from Debt (or any guarantee thereof) in any computation under such restriction, Debt (or any guarantee thereof) secured by:

- (1) Liens on any property existing at the time of the acquisition thereof;
- (2) Liens on property of a Person existing at the time such Person is merged into or consolidated with the Issuer, Parent or a Subsidiary of the Issuer or at the time of a sale, lease or other disposition of the properties of such Person (or a division thereof) as an entirety or substantially as an entirety to the Issuer, Parent or a Subsidiary of the Issuer; *provided* that any such Lien does not extend to any property owned by the Issuer, Parent or any Subsidiary of the Issuer immediately prior to such merger, consolidation, sale, lease or disposition;
- (3) Liens on property of a Person existing at the time such Person becomes a Subsidiary of the Issuer;
- (4) Liens in favor of the Issuer, Parent or a Subsidiary of the Issuer;
- (5) Liens to secure all or part of the cost of acquisition, construction, development or improvement of the underlying property, or to secure Debt incurred to provide funds for any such purpose; *provided* that the commitment of the creditor to extend the credit secured by any such Lien shall have been obtained no later than 360 days after the later of (a) the completion of the acquisition, construction, development or improvement of such property or (b) the placing in operation of such property; *provided further* that such Liens do not extend to any property other than such property subject to acquisition, construction, development or improvement;
- (6) Liens in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision thereof, to secure partial, progress, advance or other payments;
- (7) Liens existing on the Issue Date or any extension, renewal, replacement or refunding of any Debt (or any guarantee thereof) secured by a Lien existing on the Issue Date or referred to in clauses (1)-(3) or (5); *provided* that any such extension, renewal, replacement or refunding of such Debt (or any guarantee thereof) shall be created within 360 days of repaying the Debt (or any guarantee thereof) secured by the Lien referred to in clauses (1)-(3) or (5) and the principal amount of the Debt (or any guarantee thereof) secured thereby and not otherwise authorized by clauses (1)-(3) or (5) shall not exceed the principal amount of Debt (or any guarantee thereof), plus any premium or fee payable in connection with any such extension, renewal, replacement or refunding, so secured at the time of such extension, renewal, replacement or refunding; *provided further* that this clause (7) shall not include Liens securing the Credit Agreement or any extension, renewal, replacement or refunding thereof;
- (8) Liens securing hedging obligations entered into in the ordinary course of business;

Table of Contents

- (9) Liens on assets of Foreign Subsidiaries of the Issuer and the capital stock of such Foreign Subsidiaries securing Debt (or any guarantee thereof) not in excess of the greater of (i) 5% of Consolidated Total Assets of all such Foreign Subsidiaries and (ii) \$125.0 million in the aggregate at the time of determination;
- (10) Liens securing Debt (or any guarantee thereof) of the Issuer, Parent or any Subsidiary of the Issuer not exceeding \$300.0 million in the aggregate at the time of determination;
- (11) Liens securing Non-Recourse Debt or Exempt Construction Loans or guarantees thereof on assets or Capital Stock of Subsidiaries of the Issuer formed solely for the purpose of, and which engage in no business other than the business of making Co-investments;
- (12) Liens on commercial and multi-family residential mortgage loans originated and owned by a Mortgage Banking Subsidiary pursuant to a Mortgage Warehousing Facility; and
- (13) Liens on investments made by the Issuer or any Subsidiary of the Issuer pursuant to a Loan Arbitrage Facility, if such investments were acquired by such Person with the proceeds of Debt borrowed under such Loan Arbitrage Facility.

Notwithstanding the restrictions described above, the Issuer, Parent and any Subsidiaries of the Issuer may create, incur, issue, assume or guarantee Debt secured by Liens without equally and ratably securing the Notes then outstanding if, at the time of such creation, incurrence, issuance, assumption or guarantee, after giving effect thereto and to the retirement of any Debt which is concurrently being retired,

- (A) the aggregate amount of all such Debt secured by Liens which would otherwise be subject to such restrictions (other than any Debt (or any guarantee thereof) secured by Liens permitted as described in clauses (1)-(13) of the immediately preceding paragraph) *plus*
- (B) all Attributable Debt of the Issuer, Parent and the Subsidiaries of the Issuer in respect of Sale/Leaseback Transactions with respect to Properties (with the exception of such transactions that are permitted under clauses (1)-(4) of the first sentence of the first paragraph under “—Limitation on Sale/Leaseback transactions” below)

would not exceed the greater of (x) \$2.95 billion and (y) the amount that would cause the Consolidated Secured Debt Ratio to exceed 3.25 to 1.0.

Limitation on Sale/Leaseback Transactions

The Issuer and Parent will not, and will not permit any Subsidiary of the Issuer to, enter into any Sale and Leaseback Transaction with respect to any Property unless:

- (1) the Sale/Leaseback Transaction is solely with the Issuer, Parent or another Subsidiary of the Issuer;
- (2) the lease is for a period not in excess of 36 months (or which may be terminated by the Issuer, Parent or such Subsidiary), including renewals;
- (3) the Issuer, Parent or such Subsidiary would (at the time of entering into such arrangement) be entitled as described in clauses (1)-(13) of the second paragraph under the heading “—Limitation on Liens,” without equally and ratably securing the Notes then outstanding under the Indenture, to create, incur, issue, assume or guarantee Debt secured by a Lien on such Property in the amount of the Attributable Debt arising from such Sale/Leaseback Transaction;

Table of Contents

- (4) the Issuer, Parent or such Subsidiary within 360 days after the sale of such Property in connection with such Sale/Leaseback Transaction is completed, applies an amount equal to the net proceeds of the sale of such Property to (i) the retirement of Notes, other Funded Debt of the Issuer or Parent ranking on a parity with the Notes (or the Guarantees of the Notes) or Funded Debt of a Subsidiary of the Issuer or (ii) the purchase of Property; or
- (5) (A) the Attributable Debt of the Issuer, Parent and Subsidiaries of the Issuer in respect of such Sale/Leaseback Transaction and all other Sale/Leaseback Transactions entered into after the Issue Date (other than any such Sale/Leaseback Transaction as would be permitted as described in clauses (1)-(4) of this sentence), *plus*
- (B) the aggregate principal amount of Debt secured by Liens on Properties then outstanding (not including any such Debt secured by Liens described in clauses (1)-(13) of the second paragraph under the heading “—Limitation on Liens”) that do not equally and ratably secure such outstanding Notes (or secure such outstanding Notes on a basis that is prior to other Debt secured thereby),

would not exceed the greater of (x) \$2.95 billion and (y) the amount that would cause the Consolidated Secured Debt Ratio to exceed 3.25 to 1.0.

Future Guarantors

On the Issue Date, Parent and each of the Issuer’s Subsidiaries that is a guarantor of the Issuer’s Debt under the Credit Agreement will execute and deliver to the Trustee a Guaranty Agreement pursuant to which Parent and each such Subsidiary will fully and unconditionally Guarantee the Notes on an unsecured, senior basis. After the Issue Date, the Issuer will cause each Subsidiary of the Issuer that Guarantees any Debt of the Issuer to, within 30 days of the incurrence of such Guarantee, execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Subsidiary will Guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture. For the avoidance of doubt, if a Foreign Subsidiary is a co-borrower of Debt of the Issuer, and not a Guarantor of such Debt, then it will not be considered a Guarantor of such Debt for purposes of this covenant.

SEC Reports

Notwithstanding that the Issuer may not be subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act, the Issuer will file with the SEC and make available to the Trustee and noteholders within 15 days after it files them with the SEC such annual reports and such information, documents and other reports as are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation subject to such Sections, such information, documents and other reports to be so filed with the SEC at the times specified for the filings of such information, documents and reports under such Sections; *provided, however*, that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to the Trustee and noteholders within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Sections 13 or 15(d) of the Exchange Act; *provided further, however*, that (a) so long as Parent is the Guarantor of the Notes, the reports, information and other documents required to be filed and provided as described hereunder may, at the Issuer’s option, be filed by and be those of Parent rather than the Issuer and (b) in the event that Parent conducts any business or holds any significant assets other than the capital stock of the Issuer at the time of filing and providing any such report, information or other document containing financial statements of Parent, Parent shall include in such report, information or other document summarized financial information (as defined in Rule 1-02(bb) of Regulation S-X promulgated by the SEC) with respect to the Issuer. The Trustee shall have no responsibility to ensure that such filing has occurred.

Defaults

Each of the following is an Event of Default:

- (1) a default in the payment of interest on the Notes when due, continued for 30 days;

Table of Contents

- (2) a default in the payment of principal of any Note when due at its Stated Maturity, upon redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Issuer, Parent or any Subsidiary Guarantor to comply with its obligations under “—Certain Covenants—Consolidation, Merger, Sale or Conveyance;”
- (4) the failure by the Issuer, Parent or any Subsidiary Guarantor, as the case may be, to comply for 30 days after notice with any of its obligations in the covenants described above under “Change of Control Triggering Event” (other than a failure to purchase Notes) or under “—Certain Covenants” under “—Limitation on Liens,” “—Limitation on Sale/Leaseback Transactions” or “—Future Guarantors;”
- (5) the failure by the Issuer or Parent, as the case may be, to comply for 180 days after notice with any of its obligations in the covenant described above under “—SEC Reports” (*provided* that, if applicable, failure by the Issuer or Parent to comply with the provisions of Section 314(a) of the Trust Indenture Act will not in itself be deemed a Default or an Event of Default under this Indenture);
- (6) the failure by the Issuer, Parent, or any Subsidiary Guarantor to comply for 60 days after notice with its other agreements contained in the Indenture;
- (7) Debt of the Issuer, any Subsidiary Guarantor or any Significant Subsidiary is not paid within any applicable grace period after final maturity or is accelerated by the holders thereof because of a default and the total amount of such Debt unpaid or accelerated exceeds \$100.0 million (the “*cross acceleration provision*”);
- (8) certain events of bankruptcy, insolvency or reorganization of the Issuer, any Subsidiary Guarantor or any Significant Subsidiary (the “*bankruptcy provisions*”);
- (9) any final judgment or decree for the payment of money (other than judgments which are covered by enforceable insurance policies issued by solvent carriers) in excess of \$100.0 million is entered against the Issuer, any Subsidiary Guarantor or any Significant Subsidiary, remains outstanding for a period of 60 consecutive days following such judgment becoming final and is not discharged, waived or stayed within 10 days after notice (the “*judgment default provision*”); or
- (10) the Parent Guaranty or a Subsidiary Guaranty ceases to be in full force and effect (other than in accordance with the terms of such Guaranty) or a Guarantor denies or disaffirms its obligations under its Guaranty.

However, a default under clauses (4), (5), (6) and (9) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of the outstanding Notes notify the Issuer of the default and the Issuer does not cure such default within the time specified after receipt of such notice. In the event of any Event of Default specified under clause (7), such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders, if within 30 days after such Event of Default arose: (a) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (b) the default that is the basis for such Event of Default has been cured.

If an Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding Notes may declare the principal of and accrued but unpaid interest, if any, on all the Notes to be due and payable. Upon such declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the

Table of Contents

Issuer occurs and is continuing, the principal of and interest on all the Notes will *ipso facto* become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders of the Notes. Under certain circumstances, the holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders of the Notes unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee written notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee in writing to pursue the remedy;
- (3) such holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) holders of a majority in principal amount of the outstanding Notes have not given the Trustee a written direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder of a Note or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is actually known to the Trustee, the Trustee must mail to each holder of the Notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee may withhold notice if it determines that withholding notice is not opposed to the interest of the holders of the Notes. In addition, we are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. We are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action we are taking or propose to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Indenture may be amended with the consent of the holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the Notes) and any past default or compliance with any provisions may also be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding. However, without the consent of each holder of an outstanding Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Note;

Table of Contents

- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) reduce the amount payable upon the redemption of any Note or change the time at which any Note may be redeemed as described under “—Optional Redemption;”
- (5) make any Note payable in money other than that stated in the Note;
- (6) impair the right of any holder of the Notes to receive payment of principal of and interest on such holder’s Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder’s Notes;
- (7) make any change in the amendment provisions which require each holder’s consent or in the waiver provisions;
- (8) make any change in the ranking or priority of any Note or Guaranty that would adversely affect the noteholders; or
- (9) make any change in any Guaranty that would adversely affect the noteholders.

Notwithstanding the preceding, without the consent of any holder of the Notes, the Issuer, Parent, the Subsidiary Guarantors and Trustee may amend the Indenture:

- (1) to cure any ambiguity, omission, defect or inconsistency, as evidenced in an officer’s certificate;
- (2) to provide for the assumption by a successor Person of the obligations of the Issuer, Parent or any Subsidiary Guarantor under the Indenture;
- (3) to provide for uncertificated Notes in addition to or in place of certificated Notes *provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add guarantees with respect to the Notes, including any Subsidiary Guaranties, or to secure the Notes;
- (5) to add to the covenants of the Issuer, Parent or any Subsidiary Guarantor for the benefit of the holders of the Notes or to surrender any right or power conferred upon the Issuer, Parent or any Subsidiary Guarantor;
- (6) to make any change that does not materially adversely affect the rights of any holder of the Notes;
- (7) to comply with any requirement of the SEC in connection with any required qualification of the Indenture under the Trust Indenture Act;
- (8) to conform the text of the Indenture, Guaranties or the Notes to any provision of this “Description of the Notes” to the extent that such provision was intended to be a verbatim recitation of a provision of the Indenture, the Guaranties or the Notes; or
- (9) to amend the provisions of the Indenture relating to the transfer and legending of Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer Notes.

The consent of the holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Table of Contents

After an amendment under the Indenture becomes effective, we are required to mail to holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Issuer nor any Affiliate of the Issuer may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to all holders and is paid to all holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. We may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Defeasance

At any time, we may terminate all our and each Guarantor's obligations under the Notes, the Guaranties and the Indenture (*legal defeasance*), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes.

In addition, at any time we may terminate our obligations under “—Change of Control Triggering Event” and under the covenants described under “—Certain Covenants” (other than the covenant described under “—Consolidation, Merger, Sale or Conveyance”), the operation of the cross acceleration provision, the bankruptcy provisions with respect to Significant Subsidiaries and the judgment default provision described under “—Defaults” above and our Guarantor's obligations under the Guaranties and the Indenture (*covenant defeasance*).

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect thereto. If we exercise our covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4), (5), (7), (8) (with respect only to Significant Subsidiaries) or (9) under “—Defaults” above. If we exercise our legal defeasance option or our covenant defeasance option, each Guarantor will be released from all of its obligations with respect to its Guaranty.

In order to exercise either of our defeasance options, we must irrevocably deposit in trust (the *defeasance trust*) with the Trustee money or U.S. Government Obligations in an amount sufficient, confirmed, certified or attested by an independent financial advisor, for the payment of principal and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including, in the case of legal defeasance only, delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and legal defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

Wells Fargo Bank, National Association is to be the Trustee under the Indenture. We have appointed Wells Fargo Bank, National Association as Registrar and Paying Agent with regard to the Notes.

Table of Contents

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; *provided, however*, if it acquires any conflicting interest it must either eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of such person's affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, member or stockholder of the Issuer or any Guarantor will have any liability for any obligations of the Issuer or any Guarantor under the Notes, any Guaranty or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indenture and the Notes will be governed by, and construed in accordance with, the laws of the State of New York.

Certain Definitions

"Affiliate" of any specified Person means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, "control" when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" have meanings correlative to the foregoing.

"Attributable Debt" in respect of a Sale/Leaseback Transaction means, as at the time of determination, the present value (discounted at the interest rate borne by the Notes, compounded annually) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended); *provided, however*, that if such Sale/Leaseback Transaction results in a Capital Lease Obligation, the amount of indebtedness represented thereby will be determined in accordance with the definition of "Capital Lease Obligation."

"Blum Funds" means (1) Blum Capital Partners, L.P. and its successors and (2) any investment vehicle or account that is an Affiliate of Blum Capital Partners, L.P. or its successors.

"Board of Directors" means the Board of Directors of the Issuer or any committee thereof duly authorized to act on behalf of such Board.

"Business Day" means each day other than a Saturday, Sunday or a day on which commercial banking institutions are authorized or required by law to close in New York City.

Table of Contents

“*Capital Lease Obligation*” means an obligation that is required to be classified and accounted for as a capital lease for financial reporting purposes in accordance with GAAP, and the amount of indebtedness represented by such obligation shall be the capitalized amount of such obligation determined in accordance with GAAP; and the Stated Maturity thereof shall be the date of the last payment of rent or any other amount due under such lease prior to the first date upon which such lease may be terminated by the lessee without payment of a penalty. For purposes of the covenant described under “—Certain Covenants—Limitation on Liens,” a Capital Lease Obligation will be deemed to be secured by a Lien on the property being leased.

“*Capital Stock*” of any Person means any and all shares, interests, rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including any Preferred Stock, but excluding any debt securities convertible into such equity.

“*Change of Control Triggering Event*” means the occurrence of both a Change of Control and a Rating Event.

“*Code*” means the Internal Revenue Code of 1986, as amended.

“*Co-investment*” means any investment by the Issuer or any of its Subsidiaries in, or any guarantee by the Issuer or any of its Subsidiaries of the indebtedness of, a Co-investment Vehicle or separate account or investment program managed, operated or sponsored by an Investment Subsidiary.

“*Co-investment Vehicle*” shall mean an entity (other than a Subsidiary of the Issuer) formed for the purpose of investing principally in real estate related assets or engaging in real estate development.

“*Common Stock*” shall mean the Class A common stock of Parent.

“*Consolidated Net Income*” means, for any period, the net income or loss of the Issuer and its consolidated Subsidiaries for such period determined on a consolidated basis in accordance with GAAP; *provided, however*, that there shall be excluded

(a) the income of any such consolidated subsidiary to the extent that the declaration or payment of dividends or similar distributions by such consolidated subsidiary of that income is not at the time permitted by operation of the terms of its charter or any agreement, instrument, judgment, decree, statute, rule or governmental regulation applicable to such consolidated subsidiary,

(b) the income or loss of any person accrued prior to the date it becomes a consolidated subsidiary of the Issuer or is merged into or consolidated with the Issuer or any of its consolidated subsidiaries or the date that such person’s assets are acquired by the Issuer or any of its consolidated subsidiaries,

(c) any reduction for charges made in accordance with Financial Accounting Standard No. 142—Goodwill and Other Intangible Assets,

(d) any gains or losses attributable to sales of assets out of the ordinary course of business, and

(e) any net noncash gain or loss resulting in such period from hedging obligations incurred in the ordinary course of business and made in accordance with Financial Accounting Standard No. 815—Derivatives and Hedging;

provided further, however, that Consolidated Net Income for any period shall be increased (i) by cash received during such period by the Issuer or any of its consolidated subsidiaries in respect of commissions receivable (net of related commissions payable to brokers) on transactions that were completed by any acquired business prior to the acquisition of such business and which purchase accounting rules under GAAP would require to be

“*Disqualified Stock*” means, with respect to any Person, any Capital Stock which by its terms (or by the terms of any security into which it is convertible or for which it is exchangeable at the option of the holder) or upon the happening of any event:

- (1) matures (excluding any maturities as a result of an optional redemption by the issuer thereof) or is mandatorily redeemable pursuant to a sinking fund obligation or otherwise;
- (2) is convertible or exchangeable at the option of the holder for indebtedness or Disqualified Stock; or
- (3) is mandatorily redeemable or must be purchased upon the occurrence of certain events or otherwise, in whole or in part;

in each case on or prior to the first anniversary of the Stated Maturity of the Notes; *provided, however*, that if such Capital Stock is issued to any employee or to any plan for the benefit of employees of Parent or its Subsidiaries or by any such plan to such employees, such Capital Stock shall not constitute Disqualified Stock solely because it may be required to be repurchased by the Parent or its Subsidiaries in order to satisfy obligations as a result of such employee’s death or disability; *provided further, however*, that any Capital Stock that would not constitute Disqualified Stock but for provisions thereof giving holders thereof the right to require such Person to purchase or redeem such Capital Stock upon the occurrence of a “change of control” occurring prior to the first anniversary of the Stated Maturity of the Notes shall not constitute Disqualified Stock if:

- (1) the “change of control” provisions applicable to such Capital Stock are not more favorable to the holders of such Capital Stock than the terms applicable to the Notes and described under “—Change of Control Triggering Event;” and
- (2) any such requirement only becomes operative after compliance with such terms applicable to the Notes, including the purchase of any Notes tendered pursuant thereto.

“*EBITDA*” for any period means Consolidated Net Income for such period *plus* (a) without duplication and to the extent deducted in determining such Consolidated Net Income, the sum of

“*Voting Stock*” of a Person means all classes of Capital Stock or other interests (including partnership interests) of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof.

Book-Entry, Delivery and Form

Except as set forth below, Notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notes will be issued at the closing of this offering only against payment in immediately available funds.

The Notes initially will be represented by one or more temporary global notes in registered form without interest coupons (collectively, the *Global Notes*”).

The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (*DTC*”), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for Notes in certificated form except in the limited circumstances described below. See “—Exchange of Global Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the *Participants*”) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the *Indirect Participants*”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Table of Contents

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A. /N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the indenture, the Issuer and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, none of the Issuer, the Trustee nor any agent of the Issuer or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Issuer. Neither the Issuer nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the Notes, and the Issuer and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Subject to the transfer restrictions set forth under "Notice to Investors," transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of

Table of Contents

Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf of delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuer, the Trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depository for the Global Notes and DTC fails to appoint a successor depository or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Issuer, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes under prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in "Notice to Investors," unless that legend is not required by applicable law.

Same Day Settlement and Payment

The Issuer will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. The Issuer will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds

[Table of Contents](#)

Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuer expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuer that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax considerations of the purchase, ownership and disposition of the notes as of the date hereof.

Except where noted, this summary deals only with notes that are purchased upon original issuance at their initial offering price and are held as capital assets, and does not represent a detailed description of the U.S. federal income tax consequences applicable to you if you are subject to special treatment under the U.S. federal income tax laws, including if you are:

- a dealer in securities or currencies;
- a financial institution;
- a regulated investment company;
- a real estate investment trust;
- a tax-exempt organization;
- an insurance company;
- a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;
- a trader in securities that has elected the mark-to-market method of accounting for your securities;
- a person liable for alternative minimum tax;
- a pass-through entity or a person who is an investor in a pass-through entity; or
- a U.S. Holder (as defined below) whose “functional currency” is not the U.S. dollar.

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and U.S. Treasury regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those discussed below. The discussion below assumes that the notes will be classified for U.S. federal income tax purposes as our indebtedness and you should note that in the event of an alternative characterization, the tax consequences would differ from those discussed below.

If a partnership holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding notes, you should consult your tax advisors.

This summary does not represent a detailed description of the U.S. federal income tax consequences to you in light of your particular circumstances and does not address the effects of any state, local or non-U.S. tax laws. **If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular U.S. federal income tax consequences to you of the ownership of the notes, as well as any consequences arising under the laws of any other taxing jurisdiction.**

Table of Contents

U.S. Holders

The following is a summary of certain U.S. federal tax consequences that will apply to you if you are a U.S. Holder of the notes.

“U.S. Holder” means a beneficial owner of a note that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

Payments of Interest

Except as set forth below, interest on a note generally will be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for tax purposes.

Sale, Exchange and Retirement of Notes

Your tax basis in a note will, in general, be your cost for that note. Upon the sale, exchange, retirement or other disposition of a note, you will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement or other disposition (less an amount equal to any accrued and unpaid qualified stated interest, which will be taxable as interest income for U.S. federal income tax purposes to the extent not previously included in income) and the adjusted tax basis of the note. Such gain or loss will be capital gain or loss. Capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

The following is a summary of certain U.S. federal tax consequences that will apply to you if you are a “Non-U.S. Holder” of notes. “Non-U.S. Holder” means a beneficial owner of a note, other than a partnership, that is not a U.S. Holder (as defined under “—U.S. Holders” above).

Special rules may apply to you if you are subject to special treatment under the Code, including if you are a “controlled foreign corporation,” a “passive foreign investment company,” or a U.S. expatriate. If you are such a Non-U.S. Holder, you should consult your own tax advisors to determine the U.S. federal, state, local and other tax consequences that may be relevant to you.

U.S. Federal Withholding Tax

Subject to the discussion below concerning backup withholding, U.S. federal withholding tax will not apply to any payment of interest on a note under the “portfolio interest” rule, provided that:

- interest paid on the note is not effectively connected with your conduct of a trade or business in the United States;
- you do not actually or constructively own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable U.S. Treasury regulations;

Table of Contents

- you are not a controlled foreign corporation that is related to us through stock ownership;
- you are not a bank whose receipt of interest on a note is described in Section 881(c)(3)(A) of the Code; and
- either (a) you provide your name and address on an Internal Revenue Service (“IRS”) Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a U.S. person or (b) you hold your notes through certain financial intermediaries and satisfy the certification requirements of applicable U.S. Treasury regulations. Special certification rules apply to Non-U.S. Holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements of the “portfolio interest” exception described above, payments of interest made to you will be subject to a 30% U.S. federal withholding tax unless you provide us or our paying agent, as the case may be, with a properly executed (1) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the U.S. (as discussed below under “—U.S. Federal Income Tax”). Alternative documentation may be applicable in certain situations. The 30% U.S. federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a note.

U.S. Federal Income Tax

If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment), you will be subject to U.S. federal income tax on such interest on a net income basis (although you will be exempt from the 30% U.S. federal withholding tax, provided the certification requirements discussed above in “—U.S. Federal Withholding Tax” are satisfied) in the same manner as if you were a U.S. person. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lesser rate under an applicable income tax treaty) of such interest, subject to adjustments.

Any gain realized on the disposition of a note generally will not be subject to U.S. federal income tax unless:

- the gain is effectively connected to your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment), or
- you are an individual who is present in the United States for 183 days or more in the taxable year of such disposition, and certain other conditions are met.

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on notes and to the proceeds of sale or other disposition of a note (including redemption or retirement) made to you unless you are an exempt recipient. A backup withholding tax may apply to such payments if you fail to provide a taxpayer identification number or a certification of exempt status, or if you fail to report dividend and interest income in full.

[Table of Contents](#)

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

Non-U.S. Holders

Information reporting will also generally apply to payments of interest made to you and the amount of tax, if any, withheld with respect to such payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, backup withholding will not apply to payments that we make to you provided that we do not have actual knowledge or reason to know that you are a U.S. person and we have received from you the statement described above in the fifth bullet point under “—Non-U.S. Holders—U.S. Federal Withholding Tax.”

In addition, no information reporting or backup withholding will be required regarding the proceeds of a sale of our notes within the United States or conducted through certain U.S.-related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge or reason to know that you are a U.S. person, or you otherwise establish an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

UNDERWRITING

Merrill Lynch, Pierce, Fenner & Smith Incorporated is acting as representative of each of the underwriters named below. Subject to the terms and conditions set forth in a firm commitment underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of notes set forth opposite its name below.

<u>Underwriters</u>	<u>Principal Amount of Notes</u>
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 156,000,000
J.P. Morgan Securities LLC	156,000,000
Credit Suisse Securities (USA) LLC	72,000,000
Wells Fargo Securities, LLC	72,000,000
HSBC Securities (USA) Inc.	72,000,000
Scotia Capital (USA) Inc.	72,000,000
Barclays Capital Inc.	72,000,000
RBS Securities Inc.	72,000,000
Mitsubishi UFJ Securities (USA), Inc.	26,000,000
Comerica Securities, Inc.	12,000,000
Raymond James & Associates, Inc.	10,000,000
JMP Securities LLC	8,000,000
Total	\$ 800,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or, under certain circumstances, the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Discounts

The representatives have advised us that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement. After the initial offering, the public offering price or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount, are estimated at \$2.8 million and are payable by us.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for inclusion of the notes on any automated dealer

Table of Contents

quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so, and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

No Sales of Similar Securities

We have agreed that we will not, for a period of 30 days after the date of this prospectus supplement, without first obtaining the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, directly or indirectly, issue, sell, offer to contract or grant any option to sell, pledge, transfer or otherwise dispose of, any debt securities or securities exchangeable for or convertible into debt securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

Short Positions

In connection with the offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the representative will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and their respective affiliates have provided, and may in the future provide, a variety of these services to us and to persons and entities with relationships with us, for which they received or will receive customary fees and expenses. Merrill, Lynch, Pierce, Fenner & Smith Incorporated, Credit Suisse Securities (USA) LLC, HSBC Securities (USA) Inc., Barclays Capital Inc., RBS Securities Inc. and Scotia Capital (USA) Inc. were initial purchasers in connection with our offering of our 11.625% senior subordinated notes due 2017. Merrill, Lynch, Pierce, Fenner & Smith Incorporated, Credit Suisse Securities (USA) LLC, HSBC Securities (USA) Inc., Barclays Capital Inc., RBS Securities Inc., Wells Fargo Securities, LLC, Scotia Capital (USA) Inc. and Mitsubishi UFJ Securities (USA), Inc. were initial purchasers in connection with our offering of our 6.625% senior notes due 2020. Affiliates of HSBC Securities (USA) Inc. have provided a Euro cash pool loan for our European operations. Affiliates of Merrill, Lynch, Pierce, Fenner &

Table of Contents

Smith Incorporated, J.P. Morgan Securities LLC, Barclays Capital Inc., HSBC Securities (USA) Inc., RBS Securities Inc., Wells Fargo Securities, LLC, Comerica Securities, Inc., Raymond James & Associates, Inc. and Mitsubishi UFJ Securities (USA), Inc. are lenders under our credit agreement. In addition, Credit Suisse AG, an affiliate of Credit Suisse Securities (USA) LLC, is the administrative agent and a lender under our credit agreement and has received customary compensation in such capacities. We expect to use proceeds of this offering to repay certain of the outstanding indebtedness under our credit agreement. Accordingly, affiliates of Merrill, Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, Credit Suisse Securities (USA) LLC, Barclays Capital Inc., HSBC Securities (USA) Inc., RBS Securities Inc., Wells Fargo Securities, LLC and Mitsubishi UFJ Securities (USA), Inc. may receive a substantial portion of the proceeds of this offering through such repayment.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and it is likely that certain of the underwriters or their affiliates will seek to reduce, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) no offer of notes may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representative; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall require us or the representative to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement has been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Accordingly any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

Table of Contents

For the purpose of the above provisions, the expression “an offer to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

Notice to Prospective Investors in the United Kingdom

In addition, in the United Kingdom, this document is being distributed only to, and is directed only at, and any offer subsequently made may only be directed at persons who are “qualified investors” (as defined in the Prospectus Directive) (i) who have professional experience in matters relating to investments falling within Article 19 (5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the “Order”) and/or (ii) who are high net worth companies (or persons to whom it may otherwise be lawfully communicated) falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as “relevant persons”). This document must not be acted on or relied on in the United Kingdom by persons who are not relevant persons. In the United Kingdom, any investment or investment activity to which this document relates is only available to, and will be engaged in with, relevant persons.

Notice to Prospective Investors in Switzerland

This prospectus supplement does not constitute an issue prospectus pursuant to Article 652a or Article 1156 of the Swiss Code of Obligations and the notes will not be listed on the SIX Swiss Exchange. Therefore, this prospectus supplement may not comply with the disclosure standards of the listing rules (including any additional listing rules or prospectus schemes) of the SIX Swiss Exchange. Accordingly, the notes may not be offered to the public in or from Switzerland, but only to a selected and limited circle of investors who do not subscribe to the notes with a view to distribution. Any such investors will be individually approached by the underwriters from time to time.

Notice to Prospective Investors in the Dubai International Financial Centre

This prospectus supplement relates to an Exempt Offer in accordance with the Offered Securities Rules of the Dubai Financial Services Authority (“DFSA”). This prospectus supplement is intended for distribution only to persons of a type specified in the Offered Securities Rules of the DFSA. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this prospectus supplement nor taken steps to verify the information set forth herein and has no responsibility for the prospectus supplement. The notes to which this prospectus supplement relates may be illiquid and/or subject to restrictions on their resale. Prospective purchasers of the notes offered should conduct their own due diligence on the notes. If you do not understand the contents of this prospectus supplement you should consult an authorized financial advisor.

LEGAL MATTERS

The validity of the notes being offered will be passed upon for us by Simpson Thacher & Bartlett LLP, Palo Alto, California. In rendering its opinion, Simpson Thacher & Bartlett LLP will rely upon opinions of Winstead PC, Houston, Texas, as to all matters governed by the laws of the state of Texas, and Quarles & Brady LLP, Milwaukee, Wisconsin, as to all matters governed by the laws of the state of Wisconsin. Certain legal matters in connection with the offering will be passed upon for us by Wragge & Co. LLP, London, United Kingdom. The underwriters have been represented by Cravath, Swaine & Moore LLP, New York, New York.

ABOUT THIS PROSPECTUS

This prospectus is part of a “shelf” registration statement that we have filed with the Securities and Exchange Commission, or SEC. By using a shelf registration statement, we or any of the selling securityholders may sell, at any time and from time to time over the next three years, in one or more offerings, any combination of the securities described in this prospectus.

This prospectus provides you with a general description of the securities that we or any of the selling securityholders may offer. Each time we or the selling securityholders sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered and information regarding the selling securityholders, if any. The prospectus supplements may also add, update or change information contained in this prospectus. The exhibits to the registration statement of which this prospectus is a part contain the full text of certain contracts and other important documents we have summarized in this prospectus. Since these summaries may not contain all the information that you may find important in deciding whether to purchase the securities we or any of the selling securityholders may offer, you should review the full text of these documents. The registration statement and the exhibits can be obtained from the SEC as indicated under the heading “Where You Can Find More Information” below.

You should rely only on the information contained or incorporated by reference in this prospectus, any applicable prospectus supplements or any related free writing prospectus filed with the SEC. We have not authorized any other person to provide you with different information. No offer to sell these securities will be made in any jurisdiction where the offer or sale is not permitted. You should assume that the information contained in or incorporated by reference in this prospectus is accurate only as of the date on the cover page. Our business, financial condition, results of operations and prospectus may have changed since that date.

In this prospectus, the terms “we,” “us,” and “our” refer to CBRE Group, Inc. and include all of its consolidated subsidiaries, unless the context requires otherwise. The phrase “this prospectus” refers to this prospectus and any applicable prospectus supplement, unless the context otherwise requires.

WHERE YOU CAN FIND MORE INFORMATION

Available Information

We file reports, proxy statements and other information with the SEC. Our SEC filings are available to the public at the SEC’s website <http://www.sec.gov>. You may also read and obtain copies of any document we file at the SEC by mail from the Public Reference Room of the SEC, 100 F Street, N.E., Room 1580, Washington, D.C. 20549, at prescribed rates. Further information on the operation of the SEC’s Public Reference Room in Washington, D.C. can be obtained by calling the SEC at 1-800-SEC-0330.

Our Class A common stock is listed on the New York Stock Exchange (symbol: CBG), and reports, proxy statements and other information concerning us can also be inspected at the offices of the New York Stock Exchange at 20 Broad Street, New York, New York 10005. Our Internet website at <http://www.cbre.com> contains information concerning us. On the Investor Relations page of that website, we provide access to all of our SEC filings free of charge, as soon as reasonably practicable after filing with the SEC. The information at our Internet website is not incorporated in this prospectus by reference, and you should not consider it a part of this prospectus.

Incorporation by Reference

We will “incorporate by reference” information into this prospectus by disclosing important information to you by referring you to another document that is filed separately with the SEC. The information incorporated by reference is deemed to be part of this prospectus, and later information that we file with the SEC will

FORWARD LOOKING STATEMENTS

This prospectus and any prospectus supplement includes or incorporates by reference forward-looking statements. These statements, which are not statements of historical fact, may contain estimates, assumptions, projections and/or expectations regarding future events, which may or may not occur. The words “anticipate,” “believe,” “could,” “should,” “propose,” “continue,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “will” and similar terms and phrases are used in this prospectus, any prospectus supplement and the documents incorporated by reference in this prospectus to identify forward-looking statements. These statements relate to analyses and other information based on forecasts of future results and estimates of amounts not yet determinable. These statements also relate to our future prospects, developments and business strategies.

These forward-looking statements are made based on our management’s expectations and beliefs concerning future events affecting us and are subject to uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. These uncertainties and factors could cause our actual results to differ materially from those matters expressed in or implied by these forward-looking statements.

The following factors are among those, but are not only those, that may cause actual results to differ materially from the forward-looking statements:

- integration issues arising out of the acquisition of a majority of ING Group N.V.’s real estate investment management business (“REIM”) and other companies we may acquire;
- costs relating to the REIM acquisition and other businesses we may acquire;
- the sustainability of the recovery in our investment sales and leasing business from the recessionary levels in 2008 and 2009;
- disruptions in general economic and business conditions, particularly in geographies where our business may be concentrated;
- volatility and disruption of the securities, capital and credit markets, interest rate increases, the cost and availability of capital for investment in real estate, clients’ willingness to make real estate or long-term contractual commitments and other factors impacting the value of real estate assets;
- continued high levels of, or increases in, unemployment and general slowdowns in commercial activity;
- the impairment or weakened financial condition of certain of our clients;
- client actions to restrain project spending and reduce outsourced staffing levels as well as the potential loss of clients in our outsourcing business due to consolidation or bankruptcies;
- our ability to diversify our revenue model to offset cyclical economic trends in the commercial real estate industry;
- foreign currency fluctuations;
- our ability to attract new user and investor clients;
- our ability to retain major clients and renew related contracts;
- a reduction by companies in their reliance on outsourcing for their commercial real estate needs, which would impact our revenues and operating performance;
- trends in pricing for commercial real estate services;
- changes in tax laws in the United States or in other jurisdictions in which our business may be concentrated that reduce or eliminate deductions or other tax benefits we receive;

- our ability to compete globally, or in specific geographic markets or business segments that are material to us;
- our ability to manage fluctuations in net earnings and cash flow, which could result from poor performance in our investment programs, including our participation as a principal in real estate investments;
- our ability to leverage our global services platform to maximize and sustain long-term cash flow;
- our exposure to liabilities in connection with real estate brokerage and property management activities;
- the ability of our Global Investment Management segment to realize values in investment funds sufficient to offset incentive compensation expense related thereto;
- liabilities under guarantees, or for construction defects, that we incur in our Development Services business;
- the ability of CBRE Capital Markets to periodically amend, or replace, on satisfactory terms the agreements for its warehouse lines of credit;
- the effect of implementation of new accounting rules and standards; and
- the other factors described elsewhere in this prospectus or in any document incorporated by reference herein, including our annual report on Form 10-K and our quarterly reports on Form 10-Q.

THE COMPANY

We are the world's largest commercial real estate services firm, based on 2010 revenue, with leading full-service operations in major metropolitan areas throughout the world. We offer a full range of services to occupiers, owners, lenders and investors in office, retail, industrial, multi-family and other types of commercial real estate. As of December 31, 2010, we operated more than 300 offices worldwide, excluding affiliate offices, with approximately 31,000 employees providing commercial real estate services under the "CB Richard Ellis" and "CBRE" brand names and development services under the "Trammell Crow" brand name. Our business is focused on several competencies, including commercial property and corporate facilities management, tenant representation, property/agency leasing, property sales, valuation, real estate investment management, commercial mortgage origination and servicing, capital markets (equity and debt) solutions, development services and proprietary research. We generate revenues from contractual management fees and on a per project or transactional basis. Our contractual, fee-for-services businesses, which generally involve facilities management, property management and mortgage loan servicing, as well as asset management provided by CBRE Global Investors, LLC and its global affiliates, which we also refer to as CBRE Investors, represented approximately 38% of our 2010 revenue.

During the year ended December 31, 2010, we generated revenue from a well-balanced, highly diversified base of clients that includes nearly 80 of the *Fortune 100* companies. We estimate that the following client types accounted for the highest proportion of revenue in 2010: corporations (44%), insurance companies and banks (19%) and pension funds and advisors (10%). In addition, individuals and partnerships accounted for 7% of revenue, government agencies accounted for 5%, real estate investment trusts, or REITs, accounted for 4% and other types of clients accounted for the remainder. Many of our clients continue to consolidate their commercial real estate-related needs with fewer providers and, as a result, are awarding their business to providers that have a strong presence in important markets and the ability to provide a complete range of services worldwide. As a result of this trend and our ability to deliver comprehensive integrated solutions for our clients' needs across a wide range of markets, we believe we are well positioned to capture a growing share of our clients' commercial real estate services needs. Since 2006, we have been the only commercial real estate services company included in the S&P 500. In every year since 2008, we have been the only commercial real estate services firm to be included in the *Fortune 500*. Additionally, the International Association of Outsourcing Professionals has included us among the top 100 global outsourcing companies across all industries for four consecutive years, including in 2010 when we ranked 13th overall. In 2010, we were named the premier real estate services provider globally by a number of institutions, including *The Financial Times*, *Euromoney* and the International Property Awards, sponsored by Bloomberg.

Our principal executive offices are located at 11150 Santa Monica Boulevard, Suite 1600, Los Angeles, California 90025, and our telephone number is (310) 405-8900.

RISK FACTORS

Our business is subject to uncertainties and risks. Before deciding whether to purchase any of our securities, you should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent annual report on Form 10-K, as updated by our quarterly reports on Form 10-Q and other filings we make with the SEC. Our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks and could result in a partial or complete loss of your investment.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the historical ratio of our earnings to our fixed charges for the periods indicated. As we have no shares of preferred stock outstanding as of the date of this prospectus and have not paid any dividends on preferred stock in the periods presented, no ratio of earnings to combined fixed charges and preferred stock dividends is presented.

	Nine Months Ended September 30, 2011	Year Ended December 31,				
		2010	2009	2008	2007	2006
Ratio of earnings to fixed charges(1)	2.64x	2.21x	1.39x	N/A(2)	3.87x	5.24x

- (1) For purposes of calculating this ratio, earnings consist of the sum of (i) income (loss) from continuing operations before income taxes, (ii) distributed earnings of unconsolidated subsidiaries and (iii) fixed charges, *minus* (iv) equity income (loss) from unconsolidated subsidiaries and (v) income (loss) from continuing operations attributable to non-controlling interests. Fixed charges consist of the sum of (i) portion of rental expense applicable to interest, (ii) interest expense and (iii) write-off of financing costs.
- (2) The ratio of earnings to fixed charges was less than one-to-one for the year ended December 31, 2008. Additional earnings of \$867.5 million would be needed to have a one-to-one ratio of earnings to fixed charges for the year ended December 31, 2008.

USE OF PROCEEDS

Except as may be described otherwise in a prospectus supplement, we will add the net proceeds from any sale of securities to which this prospectus relates to our general funds and will use them for general corporate purposes. General corporate purposes may include repayment of debt, acquisitions, additions to working capital, capital expenditures, investments in our subsidiaries and co-investments in our investment funds.

We may designate a specific allocation of the net proceeds of an offering of securities by us to a specific purpose, if any, at the time of the offering and will describe any allocation in the related prospectus supplement. Net proceeds may be temporarily invested prior to use.

We will not receive any of the proceeds from the sale of the securities to which this prospectus relates that are offered by any selling securityholders.

GENERAL DESCRIPTION OF SECURITIES THAT MAY BE SOLD

This prospectus contains summary descriptions of the debt securities, Class A common stock, preferred stock, depositary shares, warrants and units that we and any securityholder may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the related prospectus supplement.

DESCRIPTION OF THE DEBT SECURITIES

We have summarized below general terms and conditions of the debt securities or guarantees of debt securities that CBRE Group, Inc. or CBRE Services, Inc. may offer and sell pursuant to this prospectus, or the guarantees in respect of debt securities of certain of our subsidiary guarantors. The debt securities (and any associated guarantees) will either be senior debt securities, senior subordinated debt securities or subordinated debt securities. When we offer to sell a particular series of debt securities, we will describe the specific terms and conditions of the series in a prospectus supplement to this prospectus, including the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock or other debt securities. We will also indicate in the applicable prospectus supplement whether the general terms and conditions described in this prospectus apply to the series of debt securities. In addition, the terms and conditions of the debt securities of a series may be different in one or more respects from the terms and conditions described below. If so, those differences will be described in the applicable prospectus supplement. We may, but need not, describe any additional or different terms and conditions of such debt securities in an annual report on Form 10-K, a quarterly report on Form 10-Q or a current report on Form 8-K filed with the SEC, the information in which would be incorporated by reference in this prospectus and such report will be identified in the applicable prospectus supplement.

We will issue the debt securities in one or more series under indentures among CBRE Group, Inc., CBRE Services, Inc., subsidiary guarantors named therein, and Wells Fargo Bank, National Association, as trustee. The following summary of provisions of the indentures does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the indentures, including definitions therein of certain terms.

This summary may not contain all of the information that you may find useful.

The terms and conditions of the debt securities of each series will be set forth in those debt securities and in the applicable indenture. For a comprehensive description of any series of debt securities being offered to you pursuant to this prospectus, you should read both this prospectus and the applicable prospectus supplement.

We have filed the forms of the indentures as exhibits to the registration statement of which this prospectus forms a part. A form of each debt security, reflecting the specific terms and provisions of that series of debt securities, will be filed with the SEC in connection with each offering and will be incorporated by reference in the registration statement of which this prospectus forms a part.

You may obtain a copy of the indentures and any form of debt security that has been filed in the manner described under “Where You Can Find More Information.” Capitalized terms used and not defined in this summary have the meanings specified in the indenture. For purposes of this section of this prospectus, references to “we,” “us” and “our” are to either CBRE Group, Inc. or CBRE Services, Inc. (depending on the applicable issuer of debt securities) and not to any of their respective subsidiaries. References to the “applicable prospectus supplement” are to the prospectus supplement to this prospectus that describes the specific terms and conditions of a series of debt securities.

Table of Contents

General

We may offer the debt securities from time to time in as many distinct series as we may determine. All debt securities will be our senior obligations, senior subordinated obligations or subordinated obligations, as the case may be.

The indentures do not limit the amount of debt securities that we may issue under such indentures. We may, without the consent of the holders of the debt securities of any series, issue additional debt securities ranking equally with, and otherwise similar in all respects to, the debt securities of the series (except for the public offering price and the issue date) so that those additional debt securities will be consolidated and form a single series with the debt securities of the series previously offered and sold under a particular indenture.

The debt securities of each series will be issued in fully registered form without interest coupons. We currently anticipate that the debt securities of each series offered and sold pursuant to this prospectus will be issued as global debt securities as described under “—Book-Entry; Delivery and Form; Global Securities” and will trade in book-entry form only.

Debt securities denominated in U.S. dollars will be issued in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof, unless otherwise specified in the applicable prospectus supplement. If the debt securities of a series are denominated in a foreign or composite currency, the applicable prospectus supplement will specify the denomination or denominations in which those debt securities will be issued.

Unless otherwise specified in the applicable prospectus supplement, we will repay the debt securities of each series at 100% of their principal amount, together with accrued and unpaid interest thereon at maturity, except if those debt securities have been previously redeemed or purchased and cancelled.

Unless otherwise specified in the applicable prospectus supplement, the debt securities of each series will not be listed on any securities exchange.

Provisions of Indentures

The indentures provide that debt securities may be issued under such indentures from time to time in one or more series. For each series of debt securities, this prospectus and the applicable prospectus supplement will describe the following terms and conditions of that series of debt securities:

- the title of the series;
- the maximum aggregate principal amount, if any, established for debt securities of the series;
- whether the debt securities of the series will rank as senior securities, senior subordinated securities or subordinated securities or any combination thereof and the terms of such subordination;
- the person to whom any interest on a debt security of the series will be payable, if other than the person in whose name that debt security (or one or more predecessor debt securities) is registered at the close of business on the regular record date for such interest;
- the date or dates on which the principal of any debt securities of the series will be payable or the method used to determine or extend those dates;
- the rate or rates at which any debt securities of the series will bear interest, if any, the date or dates from which any such interest will accrue, the interest payment dates on which any such interest will be payable and the regular record date for any such interest payable on any interest payment date;
- the place or places where the principal of and premium, if any, and interest on any debt securities of the series will be payable and the manner in which any payment may be made;

Table of Contents

- the period or periods within which, the price or prices at which and the terms and conditions upon which any debt securities of the series may be redeemed, in whole or in part, at our option and, if other than by a board resolution, the manner in which any election by us to redeem the debt securities will be evidenced;
- our obligation or right, if any, to redeem or purchase any debt securities of the series pursuant to any sinking fund or at the option of the holder thereof and the period or periods within which, the price or prices at which and the terms and conditions upon which any debt securities of the series will be redeemed or purchased, in whole or in part, pursuant to such obligation;
- if other than denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof, the denominations in which any debt securities of the series will be issuable;
- if the amount of principal of or premium, if any, or interest on any debt securities of the series may be determined with reference to a financial or economic measure or index or pursuant to a formula, the manner in which such amounts will be determined;
- if other than U.S. dollars, the currency, currencies or currency units in which the principal of or premium, if any, or interest on any debt securities of the series will be payable and the manner of determining the equivalent thereof in U.S. dollars for any purpose;
- if the principal of or premium, if any, or interest on any debt securities of the series is to be payable, at our election or the election of the holder thereof, in one or more currencies or currency units other than that or those in which such debt securities are stated to be payable, the currency, currencies or currency units in which the principal of or premium, if any, or interest on such debt securities as to which such election is made will be payable, the periods within which and the terms and conditions upon which such election is to be made and the amount so payable (or the manner in which such amount will be determined);
- if other than the entire principal amount thereof, the portion of the principal amount of any debt securities of the series which will be payable upon declaration of acceleration of the maturity thereof pursuant to the indenture;
- if the principal amount payable at the stated maturity of any debt securities of the series will not be determinable as of any one or more dates prior to the stated maturity, the amount which will be deemed to be the principal amount of such debt securities as of any such date for any purpose thereunder or hereunder, including the principal amount thereof which will be due and payable upon any maturity other than the stated maturity or which will be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount will be determined);
- if other than by a board resolution, the manner in which any election by us to defease any debt securities of the series pursuant to the indenture will be evidenced; whether any debt securities of the series other than debt securities denominated in U.S. dollars and bearing interest at a fixed rate are to be subject to the defeasance provisions of the indenture; or, in the case of debt securities denominated in U.S. dollars and bearing interest at a fixed rate, if applicable, that the debt securities of the series, in whole or any specified part, will not be defeasible pursuant to the indenture;
- if applicable, that any debt securities of the series will be issuable in whole or in part in the form of one or more global securities and, in such case, the respective depositaries for such global securities and the form of any legend or legends which will be borne by any such global securities, and any circumstances in which any such global security may be exchanged in whole or in part for debt securities registered, and any transfer of such global security in whole or in part may be registered, in the name or names of persons other than the depositary for such global security or a nominee thereof;
- any addition to, deletion from or change in the events of default applicable to any debt securities of the series and any change in the right of the trustee or the requisite holders of such debt securities to declare the principal amount thereof due and payable;

Table of Contents

- any addition to, deletion from or change in the covenants applicable to debt securities of the series;
- if the debt securities of the series are to be convertible into or exchangeable for cash and/or any securities or other property of any person (including us), the terms and conditions upon which such debt securities will be so convertible or exchangeable;
- whether the debt securities of the series will be guaranteed by any persons and, if so, the identity of such persons, the terms and conditions upon which such debt securities will be guaranteed and, if applicable, the terms and conditions upon which such guarantees may be subordinated to other indebtedness of the respective guarantors;
- whether the debt securities of the series will be secured by any collateral and, if so, the terms and conditions upon which such debt securities will be secured and, if applicable, upon which such liens may be subordinated to other liens securing other indebtedness of us or of any guarantor; and
- any other terms of the debt securities of the series and the guarantees thereof (which terms will not be inconsistent with the provisions of the applicable indenture, except as permitted thereunder).

Interest

In the applicable prospectus supplement, we will designate the debt securities of a series as being either debt securities bearing interest at a fixed rate of interest or debt securities bearing interest at a floating rate of interest at the rate specified or determined in the applicable prospectus supplement. Each debt security will begin to accrue interest from the date on which it is originally issued. Interest on each such debt security will be payable in arrears on the interest payment dates set forth in the applicable prospectus supplement and at maturity or, if earlier, the redemption date described below. Interest will be payable to the holder of record of the debt securities at the close of business on the record date for each interest payment date, which record dates will be specified in the applicable prospectus supplement.

Optional Redemption

Redemption at Our Option

If specified in the applicable prospectus supplement, we may elect to redeem all or part of the outstanding debt securities of a series from time to time before the maturity date of the debt securities of that series. Upon such election, we will notify the trustee of the redemption date and the principal amount of debt securities of the series to be redeemed. If less than all the debt securities of the series are to be redeemed, the particular debt securities of that series to be redeemed will be selected by the trustee by such method as the trustee deems fair and appropriate. The applicable prospectus supplement will specify the redemption price for the debt securities to be redeemed (or the method of calculating such price), in each case in accordance with the terms and conditions of those debt securities.

Notice of redemption will be given to each holder of the debt securities to be redeemed not less than 30 nor more than 60 days prior to the date set for such redemption. This notice will include the following information: the redemption date; the redemption price (or the method of calculating such price); if less than all of the outstanding debt securities of such series are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the particular debt securities to be redeemed; the place or places where such debt securities are to be surrendered for payment of the redemption price; and, if applicable, the CUSIP number of the debt securities to be redeemed.

By no later than 11:00 a.m. (New York City time) on the redemption date, we will deposit or cause to be deposited with the trustee or with a paying agent (or, if we are acting as our own paying agent with respect to the debt securities being redeemed, we will segregate and hold in trust as provided in the indenture) an amount of money sufficient to pay the aggregate redemption price of, and (except if the redemption date shall be an interest payment date or the debt securities of such series provide otherwise) accrued interest on, all of the debt securities

Table of Contents

or the part thereof to be redeemed on that date. On the redemption date, the redemption price will become due and payable upon all of the debt securities to be redeemed, and interest, if any, on the debt securities to be redeemed will cease to accrue from and after that date. Upon surrender of any such debt securities for redemption, we will pay those debt securities surrendered at the redemption price together, if applicable, with accrued interest to the redemption date.

Any debt securities to be redeemed only in part must be surrendered at the office or agency established by us for such purpose, and we will execute, and the trustee will authenticate and deliver to a holder without service charge, new debt securities of the same series and of like tenor, of any authorized denominations as requested by that holder, in a principal amount equal to and in exchange for the unredeemed portion of the debt securities that holder surrenders.

Repayment at Holder's Option

If specified in the applicable prospectus supplement, the holders of the debt securities of a series will have the option to elect repayment of those debt securities by us prior to the stated maturity of the debt securities of that series at a time or times, and subject to the conditions, specified in the applicable prospectus supplement. If the holders of those debt securities have that option, the applicable prospectus supplement will specify the optional repayment date or dates on which the debt security may be repaid and the optional repayment price, or the method by which such price will be determined. The optional repayment price is the price at which, together with accrued interest to the optional repayment date, the debt security may be repaid at the holder's option on each such optional repayment date.

Any tender of a debt security by the holder for repayment will be irrevocable. Any repayment option of a holder may be exercised by the holder of debt securities for less than the entire principal amount of the debt security; *provided* that the principal amount of the debt security remaining outstanding after repayment will be an authorized denomination. Upon such partial repayment, the debt securities will be canceled and new debt securities for the remaining principal amount will be issued in the name of the holder of the repaid debt securities.

If debt securities are represented by a global security as described under “—Book-Entry; Delivery and Form; Global Securities,” the securities depository for the global security or its nominee will be the holder of the debt security and, therefore, will be the only person that can exercise a right to repayment. In order to ensure that the depository or its nominee will timely exercise a right to repayment relating to a particular debt security, the beneficial owner of the debt security must instruct the broker or other direct or indirect participant in the depository through which it holds an interest in the debt security to notify the depository of its desire to exercise a right to repayment by the appropriate cut-off time for notifying the participant. Different firms have different cut-off times for accepting instructions from their customers. Accordingly, you should consult the broker or other direct or indirect participant through which you hold an interest in a debt security in order to ascertain the cut-off time by which such an instruction must be given for timely notice to be delivered to the appropriate depository.

Payment and Transfer or Exchange

Principal of and premium, if any, and interest on the debt securities of each series will be payable, and the debt securities may be exchanged or transferred, at the office or agency maintained by us for such purpose which initially will be the trustee's office located at 707 Wilshire Boulevard, 17th Floor, Los Angeles, California 90017, Attention: Corporate Trust Services. Payment of principal of and premium, if any, and interest on a global security registered in the name of or held by The Depository Trust Company (“DTC”) or its nominee will be made in immediately available funds to DTC or its nominee, as the case may be, as the registered holder of such global security. If any of the debt securities is no longer represented by a global security, payment of interest on certificated debt securities in definitive form may, at our option, be made by check mailed directly to holders at their registered addresses. See “—Book-Entry; Delivery and Form; Global Securities.” A holder may transfer or

Table of Contents

exchange any certificated debt securities in definitive form at the same location given in the preceding paragraph. No service charge will be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

We are not required to transfer or exchange any debt security selected for redemption for a period of 15 days before mailing of a notice of redemption of the debt security to be redeemed.

The registered holder of a debt security will be treated as the owner of it for all purposes.

All amounts of principal of and premium, if any, or interest on the debt securities paid by us that remain unclaimed two years after such payment was due and payable will be repaid to us, and the holders of such debt securities will thereafter look solely to us for payment.

Guarantees

Each prospectus supplement will describe, as to the debt securities to which it relates, any guarantees by us or our direct and indirect subsidiaries which may guarantee the debt securities, including the terms of subordination, if any, of such guarantees. Any such guarantees will be made only by certain of our subsidiaries, will be made on a joint and several basis and will be full and unconditional.

Covenants

Each indenture sets forth limited covenants, including the covenant described below, that will apply to each series of debt securities issued under such indenture, unless otherwise specified in the applicable prospectus supplement.

The debt securities and related guarantees may contain certain additional restrictive covenants to be set forth in an applicable officers' certificate or supplemental indenture.

Consolidation, Merger and Sale of Assets

Each indenture provides that we may consolidate with or merge with or into any other person, and may sell, transfer, lease or convey all or substantially all of our properties and assets to another person; provided that the following conditions are satisfied:

- we are the continuing entity, or the resulting, surviving or transferee person (the "Successor") is a person organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and the Successor (if not us) will expressly assume, by supplemental indenture, all of our obligations under the debt securities and the applicable indenture and, for each security that by its terms provides for conversion, provide for the right to convert such security in accordance with its terms;
- immediately after giving effect to such transaction, no default or event of default under the applicable indenture has occurred and is continuing; and
- the trustee receives from us an officers' certificate and an opinion of counsel that the merger, consolidation or transfer and such supplemental indenture, as the case may be, complies with the applicable provisions of the applicable indenture.

If we consolidate or merge with or into any other person or sell, transfer, lease or convey all or substantially all of our properties and assets in accordance with the applicable indenture, the Successor will be substituted for us in such indenture, with the same effect as if it had been an original party to such indenture. As a result, the Successor may exercise our rights and powers under such indenture, and we will be released from all our liabilities and obligations under such indenture and under the debt securities.

Table of Contents

Any substitution of the Successor for us might be deemed for federal income tax purposes to be an exchange of the debt securities for “new” debt securities, resulting in recognition of gain or loss for such purposes and possibly certain other adverse tax consequences to beneficial owners of the debt securities. Holders should consult their own tax advisors regarding the tax consequences of any such substitution.

For purposes of this covenant, “person” means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof or any other entity.

Events of Default

Each of the following events are defined in the indenture as an “event of default” (whatever the reason for such event of default and whether or not it will be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) with respect to the debt securities of any series:

- (1) default in the payment of any installment of interest on any debt securities of that series for 30 days after becoming due;
- (2) default in the payment of principal of or premium, if any, on any debt securities of that series when it becomes due and payable at its stated maturity, upon optional redemption, upon declaration or otherwise;
- (3) default in the deposit of any sinking fund payment, when and as due by the terms of any debt securities of that series;
- (4) default in the performance, or breach, of any covenant or agreement of ours in the indenture with respect to the debt securities of that series (other than as referred to in clause (1), (2) or (3) above), which continues for a period of 90 days (except that, in the case of a default in the performance or breach of a reporting covenant, such period shall be of 180 days) after written notice to us by the trustee or to us and the trustee by the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series;
 - (5) we pursuant to or within the meaning of the Bankruptcy Law:
 - commence a voluntary case or proceeding;
 - consent to the entry of an order for relief against us in an involuntary case or proceeding;
 - consent to the appointment of a Custodian of us or for all or substantially all of our property;
 - make a general assignment for the benefit of our creditors;
 - file a petition in bankruptcy or answer or consent seeking reorganization or relief;
 - consent to the filing of such petition or the appointment of or taking possession by a Custodian; or
 - take any comparable action under any foreign laws relating to insolvency;
 - (6) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:
 - is for relief against us in an involuntary case, or adjudicates us insolvent or bankrupt;
 - appoints a Custodian of us or for all or substantially all of our property; or
 - orders the winding-up or liquidation of us (or any similar relief is granted under any foreign laws), and the order or decree remains unstayed and in effect for 90 days; or
- (7) any other event of default provided with respect to debt securities of that series occurs.

Table of Contents

“Bankruptcy Law” means Title 11, United States Code or any similar federal or state or foreign law for the relief of debtors.

“Custodian” means any custodian, receiver, trustee, assignee, liquidator or other similar official under any Bankruptcy Law.

If an event of default with respect to debt securities of any series (other than an event of default relating to certain events of bankruptcy, insolvency, or reorganization of us) occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series by notice to us and the trustee, may, and the trustee at the request of these holders will, declare the principal of and premium, if any, and accrued and unpaid interest on all the debt securities of that series to be due and payable. Upon such a declaration, such principal, premium and accrued and unpaid interest will be due and payable immediately. If an event of default relating to certain events of bankruptcy, insolvency, or reorganization of us occurs and is continuing, the principal of and premium, if any, and accrued and unpaid interest on the debt securities of that series will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holders.

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series may rescind a declaration of acceleration and its consequences, if we have deposited certain sums with the trustee and all events of default with respect to the debt securities of that series, other than the non-payment of the principal or interest which have become due solely by such acceleration, have been cured or waived, as provided in the applicable indenture.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under any indenture.

We are required to furnish the trustee annually a statement by certain of our officers to the effect that, to their knowledge, we are not in default in the fulfillment of any of our obligations under the indentures or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the status of each such default.

No holder of any debt securities of any series will have any right to institute any judicial or other proceeding with respect to the applicable indenture, or for the appointment of a receiver or trustee, or for any other remedy unless:

- (1) an event of default has occurred and is continuing and such holder has given the trustee prior written notice of such continuing event of default with respect to the debt securities of that series;
- (2) the holders of not less than 25% of the aggregate principal amount of the outstanding debt securities of that series have requested the trustee to institute proceedings in respect of such event of default;
- (3) such holder or holders have offered to the trustee indemnity reasonably satisfactory to it against its costs, expenses and liabilities in complying with such request;
- (4) the trustee has failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and
- (5) no direction inconsistent with such written request has been given for 60 days by the holders of a majority in aggregate principal amount of the outstanding debt securities of that series.

The holders of a majority in aggregate principal amount of outstanding debt securities of a series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee with respect to the debt securities of that series or exercising any trust or power

Table of Contents

conferred to the trustee, and to waive certain defaults. The indentures provide that if an event of default occurs and is continuing, the trustee will exercise such of its rights and powers under the applicable indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the applicable indenture at the request of any of the holders of the debt securities of a series unless they will have offered to the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of and premium, if any, and interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

Modification and Waivers

Modification and amendments of an indenture and the debt securities of any series may be made by us and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series affected thereby; *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding debt security of that series affected thereby:

- change the stated maturity of the principal of, or installment of interest on, any debt security;
- reduce the principal amount of any debt security or reduce the amount of the principal of any debt security which would be due and payable upon a declaration of acceleration of the maturity thereof or reduce the rate of interest on any debt security;
- reduce any premium payable on the redemption of any debt security or change the date on which any debt security may or must be redeemed;
- change the coin or currency in which the principal of or premium, if any, or interest on any debt security is payable;
- impair the right of any holder to institute suit for the enforcement of any payment on or after the stated maturity of any debt security (or, in the case of redemption, on or after the redemption date);
- reduce the percentage in principal amount of the outstanding debt securities, the consent of whose holders is required in order to take certain actions;
- reduce the requirements for quorum or voting by holders of debt securities in such indenture or the debt security;
- modify any of the provisions in such indenture regarding the waiver of past defaults and the waiver of certain covenants by the holders of debt securities except to increase any percentage vote required or to provide that certain other provisions of such indenture cannot be modified or waived without the consent of the holder of each debt security affected thereby; or
- make any change that adversely affects the right to convert or exchange any debt security or decreases the conversion or exchange rate or increases the conversion price of any convertible or exchangeable debt security, unless such decrease or increase is permitted by the terms of the debt securities; or
- modify any of the above provisions.

We and the trustee may, without the consent of any holders, modify or amend the terms of an indenture and the debt securities of any series with respect to the following:

- to add to our covenants for the benefit of holders of the debt securities of all or any series or to surrender any right or power conferred upon us;

Table of Contents

- to evidence the succession of another person to, and the assumption by the successor of our covenants, agreements and obligations under, such indenture pursuant to the covenant described under “—Covenants—Consolidation, Merger and Sale of Assets;”
- to add any additional events of default for the benefit of holders of the debt securities of all or any series;
- to add additional guarantees or additional guarantors in respect of debt securities, and to evidence the release and discharge of any guarantor from its obligations under its guarantee of debt securities and its obligations under the applicable indenture in accordance with the terms of such indenture;
- to secure the debt securities pursuant to the covenants of such indenture;
- to add or appoint a successor or separate trustee or other agent;
- to provide for the issuance of additional debt securities of any series;
- to establish the form or terms of debt securities of any series as permitted by such indenture;
- to comply with the rules of any applicable securities depository;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
- to add to, change or eliminate any of the provisions of such indenture in respect of one or more series of debt securities; *provided* that any such addition, change or elimination (a) shall neither (1) apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (2) modify the rights of the holder of any such debt security with respect to such provision or (b) shall become effective only when there is no debt security described in clause (1) outstanding;
- to conform the text of such indenture and the debt securities of such series to this “Description of the Debt Securities” or the comparable provisions in the applicable prospectus supplement to the extent this “Description of the Debt Securities” or such comparable provision in such applicable prospectus supplement was intended to be a verbatim recitation of a provision of such indenture or debt securities of such series, which intent may be evidenced by an Officer’s Certificate to that effect;
- to cure any ambiguity, omission, defect or inconsistency; or
- to change any other provision; provided that the change does not adversely affect the interests of the holders of debt securities of any series in any material respect.

The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive compliance by us with certain restrictive provisions of the applicable indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive any past default and its consequences under the applicable indenture with respect to the debt securities of that series, except a default (1) in the payment of principal or premium, if any, or interest on debt securities of that series or (2) in respect of a covenant or provision of the applicable indenture that cannot be modified or amended without the consent of the holder of each debt security of that series. Upon any such waiver, such default will cease to exist, and any event of default arising therefrom will be deemed to have been cured, for every purpose of the applicable indenture; however, no such waiver will extend to any subsequent or other default or event of default or impair any rights consequent thereon.

Discharge, Defeasance and Covenant Defeasance

We may discharge certain obligations to holders of the debt securities of a series that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by depositing with the trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness including the principal and premium,

Table of Contents

if any, and interest to the date of such deposit (if the debt securities have become due and payable) or to the maturity thereof or the redemption date of the debt securities of that series, as the case may be. We may direct the trustee to invest such funds in U.S. Treasury securities with a maturity of one year or less or in a money market fund that invests solely in short-term U.S. Treasury securities.

The indentures provide that we may elect either (1) to defease and be discharged from any and all obligations with respect to the debt securities of a series (except for, among other things, obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (“legal defeasance”) or (2) to be released from our obligations to comply with the restrictive covenants under such indentures, and any omission to comply with such obligations will not constitute a default or an event of default with respect to the debt securities of a series and clauses (4) and (7) under “—Events of Default” will no longer be applied (“covenant defeasance”). Legal defeasance or covenant defeasance, as the case may be, will be conditioned upon, among other things, the irrevocable deposit by us with the trustee, in trust, of an amount in U.S. dollars, or U.S. government obligations, or both, applicable to the debt securities of that series which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient (and in the case of a deposit of U.S. government obligations, as certified by an independent qualified party) to pay the principal or premium, if any, and interest on the debt securities on the scheduled due dates therefor.

If we effect covenant defeasance with respect to the debt securities of any series, the amount in U.S. dollars, or U.S. government obligations, or both, on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from an event of default. However, we would remain liable to make payment of such amounts due at the time of acceleration.

We will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance will not cause the holders and beneficial owners of the debt securities of that series to recognize income, gain or loss for federal income tax purposes. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option.

Same-Day Settlement and Payment

Unless otherwise provided in the applicable prospectus supplement, the debt securities will trade in the same-day funds settlement system of The Depository Trust Company (“DTC”) until maturity or until we issue the debt securities in certificated form. DTC will therefore require secondary market trading activity in the debt securities to settle in immediately available funds. We can give no assurance as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

Book-Entry; Delivery and Form; Global Securities

Unless otherwise specified in the applicable prospectus supplement, the debt securities of each series will be issued in the form of one or more global debt securities, in definitive, fully registered form without interest coupons, each of which we refer to as a “global security.” Each such global security will be deposited with the trustee as custodian for DTC and registered in the name of a nominee of DTC in New York, New York for the accounts of participants in DTC.

Investors may hold their interests in a global security directly through DTC if they are DTC participants, or indirectly through organizations that are DTC participants. Except in the limited circumstances described below, holders of debt securities represented by interests in a global security will not be entitled to receive their debt securities in fully registered certificated form.

Table of Contents

DTC has advised us as follows: DTC is a limited-purpose trust company organized under New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities of institutions that have accounts with DTC (“participants”) and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s book-entry system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

Ownership of Beneficial Interests

Upon the issuance of each global security, DTC will credit, on its book-entry registration and transfer system, the respective principal amount of the individual beneficial interests represented by the global security to the accounts of participants. Ownership of beneficial interests in each global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in each global security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants’ interests) and such participants (with respect to the owners of beneficial interests in the global security other than participants).

So long as DTC or its nominee is the registered holder and owner of a global security, DTC or such nominee, as the case may be, will be considered the sole legal owner of the debt security represented by the global security for all purposes under the indenture, the debt securities and applicable law. Except as set forth below, owners of beneficial interests in a global security will not be entitled to receive certificated debt securities and will not be considered to be the owners or holders of any debt securities represented by the global security. We understand that under existing industry practice, in the event an owner of a beneficial interest in a global security desires to take any actions that DTC, as the holder of the global security, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them. No beneficial owner of an interest in a global security will be able to transfer such interest except in accordance with DTC’s applicable procedures, in addition to those provided for under the indenture. Because DTC can only act on behalf of participants, who in turn act on behalf of others, the ability of a person having a beneficial interest in a global security to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of a physical certificate representing that interest.

All payments on the debt securities represented by a global security registered in the name of and held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global security.

We expect that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of a global security, will credit participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global security held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for accounts for customers registered in the names of nominees for such customers. These payments, however, will be the responsibility of such participants and indirect participants, and neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any global security or for maintaining,

Table of Contents

supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and the owners of beneficial interests in the global security.

Unless and until it is exchanged in whole or in part for certificated debt securities, each global security may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

We expect that DTC will take any action permitted to be taken by a holder of debt securities only at the direction of one or more participants to whose account the DTC interests in a global security are credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an event of default under the debt securities, DTC may exchange each global security for certificated debt securities, which it will distribute to its participants.

Although we expect that DTC will agree to the foregoing procedures in order to facilitate transfers of interests in each global security among participants of DTC, DTC is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, the underwriters nor the trustee will have any responsibility for the performance or nonperformance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

The indentures provide that the global securities will be exchanged for debt securities in certificated form of like tenor and of an equal principal amount, in authorized denominations in the following limited circumstances:

(1) DTC notifies us that it is unwilling or unable or no longer permitted under applicable law to continue as depository or if DTC ceases to be eligible to act as depository under the indentures and we do not appoint a successor depository within 90 days;

(2) we determine that the debt securities will no longer be represented by global securities and execute and deliver to the trustee an order to such effect; or

(3) an event of default with respect to the debt securities will have occurred and be continuing.

These certificated debt securities will be registered in such name or names as DTC will instruct the trustee. It is expected that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interests in global securities.

The information in this section of this prospectus concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take responsibility for this information.

Euroclear and Clearstream

If the depository for a global security is DTC, you may hold interests in the global security through Clearstream Banking, société anonyme, which we refer to as "Clearstream," or Euroclear Bank SA/ NV, as operator of the Euroclear System, which we refer to as "Euroclear," in each case, as a participant in DTC. Euroclear and Clearstream will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream on the books of their respective depositories, which in turn will hold such interests in customers' securities in the depositories' names on DTC's books.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the debt securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants,

Table of Contents

and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on one hand, and other participants in DTC, on the other hand, would also be subject to DTC's rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the debt securities through these systems and wish on a particular day, to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchase or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

Wells Fargo Bank, National Association is the trustee under each of the indentures.

The trustee is permitted to engage in transactions, including commercial banking and other transactions, with us and our subsidiaries from time to time; provided that if the trustee acquires any conflicting interest it must eliminate such conflict upon the occurrence of an event of default, or else resign.

DESCRIPTION OF COMMON STOCK

The following description summarizes information regarding our common stock. This information does not purport to be complete and is subject in all respects to the applicable provisions of the Delaware General Corporation Law, and our restated certificate of incorporation, as amended, and our amended and restated by-laws. You are urged to read our restated certificate of incorporation, as amended, and our amended and restated by-laws in their entirety.

Generally. We are authorized to issue 525,000,000 shares of Class A common stock, \$0.01 par value per share. On May 4, 2004, we completed a 3-for-1 stock split of our outstanding Class A common stock and Class B common stock, which was effected by a stock dividend. On June 7, 2004, we amended our certificate of incorporation to effect a 1-for-1.0825 reverse stock split. In June 2004, in connection with our initial public offering, all of the previously outstanding shares of our Class B common stock were converted into shares of Class A common stock at a 1-for-1 ratio. On April 28, 2006, our board of directors approved a 3-for-1 stock split of our outstanding Class A common stock effected by a stock dividend, which was distributed on June 1, 2006. As of November 30, 2011, we had 327,970,257 shares of Class A common stock outstanding.

Voting Rights. Holders of our Class A common stock generally are entitled to one vote per share on all matters on which our stockholders are entitled to vote. Our directors are elected by a plurality of the votes of the shares of Class A common stock present in person or represented by proxy at a stockholder meeting called for such election. The holders of Class A common stock do not have cumulative voting rights in the election of directors.

Dividends. Holders of our Class A common stock are entitled to receive ratably dividends if, as and when declared from time to time by our board of directors out of funds legally available for that purpose, after payment of dividends required to be paid on any outstanding preferred stock, as described below. Our senior credit facilities impose restrictions on our ability to declare dividends with respect to our Class A common stock.

Liquidation Rights. Upon our dissolution, liquidation or winding up, the holders of our Class A common stock are entitled to receive ratably the assets available for distribution to our stockholders after payment of liabilities and accrued but unpaid dividends and liquidation preferences on any outstanding preferred stock.

Other Matters. Our Class A common stock does not have preemptive or conversion rights and is not subject to further calls or assessment by us. There are no redemption or sinking fund provisions applicable to our Class A common stock.

Registration Rights

Pursuant to a securityholders' agreement, we have granted registration rights to our stockholders that are parties to that agreement.

Demand Registrations. As a result of these registration rights, we can be required by some of our stockholders to effect registration statements, or "demand registrations," registering the securities held by the stockholder for sale under the Securities Act of 1933. A demand registration may be used by affiliates of Blum Capital Partners to request a shelf registration providing for resales of securities. Under this agreement, our stockholders affiliated with Blum Capital Partners may request four demand registrations, provided that each underwritten "take-down" involving a customary "road show" under an effective shelf registration statement shall also count as a demand (except for the first such "take-down" under each shelf registration). If a demand registration, including a shelf registration, is underwritten and the managing underwriter advises us that marketing factors require a limitation on the number of shares to be underwritten, priority of inclusion in the demand registration generally is such that the stockholder initiating the demand registration receives first priority.

Table of Contents

Piggyback Registrations. In addition to our obligations with respect to demand registrations, if we propose to register any of our securities, other than a registration relating to our employee benefit plans or a corporate reorganization or other transaction under Rule 145 of the Securities Act, whether or not the registration is for our own account, we are required to give each of our stockholders that is party to the securityholders' agreement the opportunity to participate, or "piggyback," in the registration. If a piggyback registration is underwritten and the managing underwriter advises us that marketing factors require a limitation on the number of shares to be underwritten, priority of inclusion in the demand registration generally is such that we receive first priority with respect to the shares we are issuing and selling.

Other Registration Provisions. The registration rights are subject to conditions and limitations, among them the right of the underwriters of an offering subject to the registration to limit the number of shares included in the offering. We generally are required to pay the registration expenses in connection with both demand and piggyback registrations. A stockholder's registration rights will terminate if we have completed an initial public offering of our common stock, the stockholder holds less than 0.5% of our outstanding common stock and the stockholder is entitled to sell all of its shares in any 90-day period under Rule 144 of the Securities Act.

Waiver. On November 21, 2011, securityholders affiliated with Blum Capital Partners executed and delivered to us a waiver of (1) any notification rights in connection with the filing of the registration statement of which this prospectus forms a part, and (2) any and all rights to include such securityholder's registrable securities in such registration statement.

Anti-Takeover Effects of Certain Provisions of Our Restated Certificate of Incorporation and Amended and Restated By-Laws

Certain provisions of our restated certificate of incorporation and amended and restated by-laws may have an anti-takeover effect and may delay, defer or prevent a tender offer or takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our amended and restated by-laws provide that stockholders seeking to nominate candidates for election as directors or to bring business before a meeting of stockholders must provide timely notice of their proposal in writing to the corporate secretary. Generally, to be timely, a stockholder's notice will need to be received at our principal executive offices not less than 90 days nor more than 120 days prior to, in the case of annual meetings, the first anniversary date of the previous year's annual meeting and, in the case of special meetings, the date of such special meeting. Our amended and restated by-laws also specify requirements as to the form and content of a stockholder's notice. These provisions may impede stockholders' ability to bring matters before an annual meeting of stockholders or make nominations for directors at an annual meeting of stockholders.

Amendments

Our restated certificate of incorporation grants our board of directors the authority to amend and repeal our by-laws without a stockholder vote in any manner not inconsistent with the laws of the State of Delaware or our restated certificate of incorporation.

Limitations on Liability and Indemnification of Officers and Directors

Our restated certificate of incorporation provides that our directors may not be held liable to us or our stockholders for monetary damages for breach of their fiduciary duties as directors, except to the extent the exemption from, or limitation of, liability is not permitted under Delaware law.

Table of Contents

Our restated certificate of incorporation also provides that we must indemnify our directors and officers to the fullest extent authorized by Delaware law. We are also expressly authorized to carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability and indemnification provisions in our restated certificate of incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Delaware Anti-Takeover Statute

Pursuant to our certificate of incorporation prior to May 4, 2004, we had "opted out" of the protections of Section 203 of the Delaware General Corporation Law. In our restated certificate of incorporation that we filed and that became effective on May 4, 2004, we "opted in" to Section 203. Subject to specified exceptions, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder. "Business combinations" include mergers, asset sales and other transactions resulting in a financial benefit to the "interested stockholder." Subject to various exceptions, an "interested stockholder" is a person who together with his or her affiliates and associates, owns, or within three years did own, 15% or more of the corporation's outstanding voting stock. These restrictions generally prohibit or delay the accomplishment of mergers or other takeover or change-in-control attempts. However, in connection with our "opt in," our stockholders that owned 15% or more of our outstanding voting stock at the time of such "opt in," including affiliates of Blum Capital Partners, L.P. and affiliates of Freeman Spogli & Co. Incorporated, are not considered "interested stockholders" under Section 203.

Transfer Agent

The transfer agent for our Class A common stock is Broadridge Corporate Issuer Solutions, Inc., 1717 Arch Street, Suite 1300, Philadelphia, Pennsylvania, 19103, its telephone number is (877) 830-4936.

DESCRIPTION OF PREFERRED STOCK

The following description summarizes information regarding our preferred stock. This information does not purport to be complete and is subject in all respects to the applicable provisions of the Delaware General Corporation Law, and our restated certificate of incorporation, as amended, and our amended and restated by-laws. You are urged to read our restated certificate of incorporation, as amended, and our amended and restated by-laws in their entirety.

Our board of directors is authorized, subject to any limitations imposed by law, without the approval of our securityholders, to issue from time to time up to a total of 25,000,000 shares of our preferred stock, \$0.01 par value per share, in one or more series, with each such series having rights and preferences, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, as our board of directors may determine. The issuance of our preferred stock, while potentially providing us with flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or discourage a third party from attempting to acquire, a majority of our outstanding voting stock.

As of November 30, 2011, we had 25,000,000 shares of preferred stock available for issuance.

We will include in a prospectus supplement the terms relating to any series of preferred stock being offered. These terms will include some or all of the following:

- the title of the series and the number of shares in the series;
- the price at which the preferred stock will be offered;
- the dividend rate or rates or method of calculating the rates, the dates on which the dividends will be payable, whether or not dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends on the preferred stock being offered will cumulate;
- the voting rights, if any, of the holders of shares of the preferred stock being offered;
- the provisions for a sinking fund, if any, and the provisions for redemption, if applicable, of the preferred stock being offered;
- the liquidation preference per share;
- the terms and conditions, if applicable, upon which the preferred stock being offered will be convertible into our common stock, including the conversion price, or the manner of calculating the conversion price, and the conversion period;
- any listing of the preferred stock being offered on any securities exchange;
- whether interests in the shares of the series will be represented by depositary shares;
- a discussion of any material U.S. federal income tax considerations applicable to the preferred stock being offered;
- the relative ranking and preferences of the preferred stock being offered as to dividend rights and rights upon liquidation, dissolution, or the winding up of our affairs;
- any limitations on the issuance of any class or series of preferred stock ranking senior or equal to the series of preferred stock being offered as to dividend rights and rights upon liquidation, dissolution or the winding up of our affairs; and
- any additional rights, preferences, qualifications, limitations, and restrictions of the series.

Upon issuance, the shares of preferred stock will be fully paid and nonassessable, which means that its holders will have paid their purchase price in full and we may not require them to pay additional funds. Holders of preferred stock will not have any preemptive rights.

DESCRIPTION OF DEPOSITARY SHARES

We summarize below some of the provisions that will apply to depositary shares unless the applicable prospectus supplement provides otherwise. This summary does not contain all of the information that may be important to you. The complete terms of the depositary shares will be set forth in the depositary agreement and depositary receipt for the applicable depositary shares. The forms of depositary agreement and related depositary receipt that will be entered into with respect to a particular offering of depositary shares will be filed as exhibits to the registration statement of which this prospectus is a part or as documents that are incorporated or deemed to be incorporated by reference in this prospectus. You should read the depositary agreement and the depositary receipt. The particular terms of any depositary shares and the related depositary receipts and depositary agreement will be described in the applicable prospectus supplement. You should read the applicable prospectus supplement, which will contain additional information and which may update or change some of the information below.

General

We may offer fractional shares of preferred stock of any class or series of CBRE Group, Inc., rather than full preferred shares. If we do, we will deposit preferred stock of such class or series with a bank, trust company or other financial institution as depositary, with respect to such depositary agreement (the "Depositary") and cause such Depositary to issue depositary receipts evidencing the related depositary shares, each of which will represent a fractional interest (to be set forth in the applicable prospectus supplement) of a share of such class or series, as the case may be, of preferred stock.

The preferred stock represented by depositary shares will be deposited under a separate depositary agreement between us and the applicable Depositary, which shall have an office in the United States and which has, or whose parent entity has, a combined capital and surplus (calculated on a consolidated basis) of at least \$50,000,000. Subject to the terms of the depositary agreement, each holder of a depositary receipt issued under that depositary agreement will be entitled, in proportion to the applicable fraction of a preferred share represented by the related depositary share, to all the rights and preferences of the preferred stock represented thereby (including, if applicable and subject to the matters discussed below, any distribution, voting, redemption, conversion, exchange and liquidation rights).

The applicable prospectus supplement relating to the depositary shares offered thereby will set forth their specific terms, including, when applicable:

- the terms of the class or series of preferred stock deposited by us under the related depositary agreement, the number of such depositary shares and the fraction of one share of such preferred stock represented by one such depositary share,
- whether such depositary shares will be listed on any securities exchange; and
- any other specific terms of such depositary shares and the related depositary agreement.

Depositary receipts may be surrendered for transfer or exchange at any office or agency of the relevant Depositary maintained for that purpose, subject to the terms of the related depositary agreement. Unless otherwise specified in the applicable prospectus supplement, depositary receipts will be issued in denominations evidencing any whole number of depositary shares. No service charge will be made for any permitted transfer or exchange of depositary receipts, but we or the Depositary may require payment of any tax or other governmental charge payable in connection therewith.

Pending the preparation of definitive depositary receipts, the Depositary may, upon our written order, execute and deliver temporary depositary receipts which are substantially similar to, and entitle the holders thereof to all the rights pertaining to, the definitive depositary receipts. Depositary receipts will be prepared thereafter and, when definitive depositary receipts are available, temporary depositary receipts will be exchangeable for definitive depositary receipts at our expense.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Depositary will distribute all cash distributions received in respect of the deposited preferred shares to the record holders, as of the relevant record date, of depositary receipts relating to such preferred shares in proportion, insofar as possible, to the numbers of such depositary shares owned by such holders on such record date. The Depositary will distribute only such amount, however, as can be distributed without distributing to any holder of depositary receipts a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum, if any, received by the Depositary for distribution to record holders of those depositary receipts.

In the event of a distribution in property other than in cash, the Depositary will distribute property received by it to the record holders, as of the relevant record date, of depositary receipts entitled thereto in proportion, insofar as possible, to the number of depositary shares owned by such holders on such record date. If, however, the Depositary determines that it is not feasible to make such distribution, it may, with our approval, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including the sale (public or private) of such property and the distribution of the net proceeds from such sale to such holders.

The deposit agreement may also contain provisions relating to the manner in which any subscription or similar rights offering offered by us to holders of the related class or series of preferred shares will be made available to holders of depositary receipts.

The amount distributed in any of the foregoing cases will be reduced by any amount required to be withheld by us or the Depositary on account of taxes.

Redemption and Repurchase of Preferred Stock

If we redeem a class or series of preferred stock represented by depositary shares, the Depositary will redeem the depositary shares from the proceeds received by the Depositary resulting from the redemption, in whole or in part, of such class or series of preferred shares held by the Depositary. The redemption price per depositary share will be equal to the applicable fraction of the redemption price and of any other amounts or property per share payable upon such redemption with respect to the preferred stock so redeemed. Whenever we redeem preferred shares held by the Depositary, the Depositary will redeem as of the same date the number of depositary shares representing the preferred shares so redeemed, provided that we have paid in full to the Depositary the redemption price of the preferred shares to be redeemed plus any other amounts or property payable upon such redemption with respect to the shares to be so redeemed. If fewer than all the depositary shares are to be redeemed at our option, the depositary shares to be redeemed will be selected by the Depositary by lot or pro rata or by any other equitable method as may be determined by the Depositary. If the depositary shares evidenced by a depositary receipt are to be redeemed in part only, a new depositary receipt will be issued for any depositary shares not so redeemed.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the related depositary receipts with respect to the depositary shares so called for redemption will cease, except the right to receive any monies or other property payable upon redemption upon surrender of such depositary receipts to the Depositary.

Depositary shares, as such, are not subject to repurchase by us at the option of the holders. Nevertheless, if the preferred stock represented by depositary shares is subject to repurchase at the option of the holders, then, on the terms and subject to the conditions applicable to such preferred stock, the related depositary receipts may be surrendered by the holders thereof to the Depositary with written instructions to the Depositary to instruct us to repurchase the preferred stock represented by the depositary shares evidenced by such depositary receipts at the applicable repurchase price. Upon receipt of such instructions and subject to our having funds legally available therefor, we will repurchase the requisite whole number of shares of such preferred stock from the Depositary,

who in turn will repurchase such depositary receipts. Notwithstanding the foregoing, holders shall only be entitled to request the repurchase of depositary shares representing one or more whole shares of the related preferred stock. The repurchase price per depositary share will be equal to the repurchase price and any other amounts or property payable per share upon such redemption with respect to the preferred shares multiplied by the fraction of a preferred share represented by one depositary share. If the depositary shares evidenced by a depositary receipt are to be repurchased in part only, one or more new depositary receipts will be issued for any depositary shares not to be repurchased.

Withdrawal of Preferred Shares

Except as may be otherwise provided in the applicable prospectus supplement, any holder of depositary receipts, upon surrender of the depositary receipts at the applicable office or agency of the Depositary (unless the related depositary shares have previously been called for redemption), subject to the terms of the depositary agreement, may demand delivery of the number of whole shares of the related class or series of preferred stock and any money or other property represented by such depositary receipts. Partial shares of preferred stock will not be issued. Holders shall only be entitled to request the withdrawal of one or more whole shares of the related preferred stock and must surrender depositary receipts evidencing depositary shares that in turn represent such whole shares of preferred stock. Holders of depositary receipts making such withdrawals will be entitled to receive whole preferred shares on the basis set forth in the related prospectus supplement, but holders of such whole shares of preferred stock will not thereafter be entitled to deposit such preferred stock under the depositary agreement or to receive depositary receipts therefor. If the depositary receipts surrendered by the holder in connection with such withdrawal evidence a number of depositary shares representing more than the number of whole preferred shares to be withdrawn, the Depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares.

Voting Deposited Preferred Shares

Upon receipt of notice of any meeting at which the holders of any class or series of deposited preferred stock are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of the depositary shares relating to such class or series of preferred stock. Each record holder of such depositary shares on the record date (which will be the same date as the record date for the relevant class or series of preferred stock) may instruct the Depositary as to how to vote the preferred stock represented by such holder's depositary shares. The Depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by such depositary shares in accordance with such instructions, and we will take all reasonable actions that may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting preferred shares to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Conversion and Exchange of Preferred Shares

If the preferred stock represented by depositary shares is exchangeable at our option for other securities, then, whenever we exercise our option to exchange all or a portion of such preferred stock held by the Depositary, the Depositary will exchange as of the same date a number of such depositary shares representing such preferred stock so exchanged, provided we shall have issued and delivered to the Depositary the securities for which such preferred stock is to be exchanged. The exchange rate per depositary share shall be equal to the exchange rate per preferred share multiplied by the fraction of a preferred share represented by one depositary share. If less than all of the depositary shares are to be exchanged, the depositary shares to be exchanged will be selected by the Depositary by lot or pro rata or other equitable method, in each case as may be determined by us. If the depositary shares evidenced by a depositary receipt are to be exchanged in part only, a new depositary receipt or receipts will be issued for any depositary shares not to be exchanged.

Depository shares, as such, are not convertible or exchangeable at the option of the holders into other securities or property. Nevertheless, if the preferred stock represented by depository shares is convertible into or exchangeable for other securities or property at the option of the holders, then, on the terms and subject to the conditions applicable to such preferred stock, the related depository receipts may be surrendered by holders thereof to the Depository with written instructions to the Depository to instruct us to cause conversion or exchange, as the case may be, of the preferred stock represented by the depository shares evidenced by such depository receipts into such number or amount of other securities, in authorized denominations, or other property, as the case may be, as specified in the related prospectus supplement. We, upon receipt of such instructions and any amounts payable in respect thereof, will cause the conversion or exchange, as the case may be, and will deliver to the holders (or cause the Depository to deliver to the holders) such number or amount of other securities, in authorized denominations, or other property, as the case may be (and, if required by the terms of the applicable preferred stock, cash in lieu of any fractional share). Notwithstanding the foregoing, holders shall only be entitled to request the conversion or exchange of depository shares representing one or more whole shares of the related preferred stock. The exchange or conversion rate per depository share shall be equal to the exchange or conversion rate per share of preferred stock multiplied by the fraction of a preferred share represented by one depository share. If the depository shares evidenced by a depository receipt are to be converted or exchanged in part only, a new depository receipt or receipts will be issued for any depository shares not to be converted or exchanged.

Amendment and Termination of Depository Agreement

Unless otherwise provided in this prospectus, the applicable prospectus supplement or required by law, the form of depository receipt evidencing the depository shares and any provision of the depository agreement may at any time be amended by agreement between us and the Depository. However, any amendment which materially and adversely alters the rights of the holders of the depository receipts issued under any depository agreement or the related depository shares will not be effective unless such amendment has been approved by the holders of at least a majority of such depository shares then outstanding (or such greater proportion as may be required by the rules of any securities exchange on which such depository shares may be listed). In no event may any such amendment impair the right of any holder of depository receipts, subject to the conditions specified in the deposit agreement, to receive the related preferred shares upon surrender of such depository receipts as described above under “—Withdrawal of Preferred Shares.” Every holder of an outstanding depository receipt at the time any such amendment becomes effective, or any transferee of such holder, shall be deemed, by continuing to hold such depository receipt, or by reason of the acquisition thereof, to consent and agree to such amendment and to be bound by the depository agreement as amended thereby.

The depository agreement automatically terminates if:

- all outstanding depository shares issued thereunder have been redeemed or repurchased by us;
- each preferred share deposited thereunder has been converted into or exchanged for other securities or other property or has been withdrawn; or
- there has been a final distribution in respect of the preferred shares deposited thereunder in connection with any liquidation, dissolution or winding up of us and such distribution has been distributed to the holders of related depository receipts.

Charges of Depository

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depository arrangements. We will pay all fees and expenses of the Depository in connection with the initial deposit of the preferred stock and any redemption of the preferred stock or arising in connection with the performance of its duties under the deposit agreement. Holders of depository receipts will pay all other transfer and other taxes and governmental charges, including any fee for withdrawal of their shares of preferred stock upon surrender of depository receipts, as are expressly provided in the depository agreement to be for their accounts.

Resignation and Removal of Depositary

The Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Depositary. Any such resignation or removal will take effect upon the appointment by us of a successor Depositary and its acceptance of such appointment. The successor Depositary must be a bank, trust company or other financial institution selected by us having an office in the United States and otherwise meeting the requirements of the depositary agreement.

Miscellaneous

The Depositary will forward to the holders of the applicable depositary receipts all reports and communications from us which are delivered to the Depositary and which are intended for delivery to holders of the deposited preferred stock.

Neither the Depositary nor we will be liable if either of us is prevented or delayed by law or any circumstance beyond our respective control in performing our respective obligations under the depositary agreement. The obligations of us and the Depositary under the depositary agreement will be limited to performance of our respective duties thereunder in good faith and without gross negligence and willful misconduct and neither of us will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, depositary receipts or preferred stock unless satisfactory indemnity is furnished. We and the Depositary may rely upon written advice of counsel or accountants or upon information provided by holders of depositary receipts or other person believed to be competent and on documents believed to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase equity or debt securities. Each warrant will entitle the holder of warrants to purchase for cash the amount of equity or debt securities, at the exercise price stated or determinable in the prospectus supplement for the warrants. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

- the title of the warrants;
- the designation, amount and terms of the securities for which the warrants are exercisable;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;
- the price or prices at which the warrants will be issued;
- the aggregate number of warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, a discussion of the material U.S. federal income tax considerations applicable to the exercise of the warrants;
- the date on which the right to exercise the warrants will commence, and the date on which the right will expire;
- the maximum or minimum number of warrants that may be exercised at any time;
- information with respect to book-entry procedures, if any; and
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more debt securities, shares of Class A common stock, preferred stock or warrants, or any combination of such securities. The applicable prospectus supplement will describe:

- the terms of the units and of the debt securities, common stock, depository shares, preferred stock and/or warrants comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;
- a description of the terms of any unit agreement governing the units; and
- a description of the provisions for the payment, settlement, transfer or exchange of the units.

PLAN OF DISTRIBUTION

We will set forth in the applicable prospectus supplement a description of the plan of distribution of the securities that may be offered pursuant to this prospectus.

LEGAL MATTERS

In connection with particular offerings of the securities in the future, the validity of the securities will be passed upon for us by Simpson Thacher & Bartlett LLP, Palo Alto, California, or other counsel who is satisfactory to us. Any underwriters will be advised about other issues relating to any offering by their own counsel.
