SUMMARY

This summary highlights selected information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus and may not contain all of the information that may be important to you. You should read this summary together with the entire prospectus supplement and the accompanying prospectus, including the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

Our Company

CBRE is the world's largest commercial real estate services and investments firm. Our competitive advantage comes from our considerable scale and ability to offer integrated solutions to real estate investors and occupiers in more than 100 countries. We are global market leaders in most lines of business we serve and drive significant growth from bundling these services, while helping our clients optimize real estate costs, value, investment returns and workplace experiences. These capabilities, combined with our extensive research and data platform, allow us to generate superior outcomes for our clients, which include nearly 90% of Fortune 100 companies in 2023, and many of the world's largest institutional real estate investors.

The future growth opportunity across our company is enhanced by the large and expanding base of commercial real estate assets globally. We are focused on cementing our leadership position in each of our businesses with a strategy that achieves diversification and growth across four dimensions: geographies, clients, property types and services. We are committed to deploying our resources and capital across these four dimensions in parts of our business that have secular tailwinds and/or provide cyclical resilience. Examples of this include our recent investments in the global project management firm, Turner & Townsend, and the flexible office platform, Industrious, as well as increased focus on geographies that are well positioned for growth, such as Japan and asset classes such as industrial and multi-family. As a result, we have built a large and more resilient services offering. Our platform – the resources and infrastructure that support our professionals and underpin our growth, such as research, marketing, data and technology – combined with our balance sheet strength, provide us access to top talent and compelling growth opportunities.

Business Segments

We serve clients through three business segments: Advisory Services, Global Workplace Solutions (“GWS”) and Real Estate Investments (“REI”), and a fourth segment, called Corporate and other, which encompasses our platform and non-core investments.

Advisory Services

Advisory Services provides a comprehensive range of services globally, including property leasing; capital markets, which includes property sales and mortgage origination; mortgage servicing; property management and valuation. With a global network of experts that have a deep understanding of their local markets, we offer comprehensive insights and solutions across a wide range of real estate assets. Our client base is comprised of large occupiers and investors who contract for our services across multi-market portfolios as well as local market clients that we serve on a one-off basis.

We are leaders in each of our five primary business lines globally (property leasing, capital markets, mortgage servicing, property management and valuation) and in most key local markets across the world. We leverage our platform to attract and retain top talent as well as provide differentiated insights to our clients through our at-scale investments in research, data, technology tools and property marketing. We also focus on serving clients end-to-end through the intentional bundling of our various services. For example, as our investor clients seek to

optimize the value and performance of their assets across the real estate lifecycle, we often bring together expertise from property sales, mortgage originations, leasing, valuations and property management. While many of our business lines in this segment are sensitive to changes in macro-economic conditions, their cyclical nature is partly offset by the value investors and occupiers place on our insights and consulting services through cycles as they adjust their real estate portfolios and strategies in response to changing market circumstances. In contrast, our loan servicing, property management and valuations businesses, while a smaller part of our revenue mix, have proven to be more resilient than property sales, mortgage originations and leasing through periods of economic slowdown. For example, in the last five years, we have organically grown our loan servicing revenue at a low double digit compound annual growth rate (“CAGR”) and revenue in both property management and valuations at a mid-single digit CAGR, despite challenging macroeconomic conditions. We remain committed to growing these resilient business lines further, particularly where there are clear and sustained demand tailwinds.

Global Workplace Solutions

GWS is the leading global provider of integrated facilities management and project management solutions for major occupiers of commercial real estate. This segment benefits from multiple tailwinds, most notably multi-national corporations’ increased desire to outsource and consolidate real estate services to optimize costs, operational efficiencies and workplace experiences. We serve, typically through multi-year contracts, large global corporations including many Fortune 500 firms through our GWS Enterprise business as well as smaller occupiers with more localized portfolios through our GWS Local business.

With facilities management experts in more than 100 countries, we perform mission-critical technical services and maintenance in more locations worldwide than any other provider. This allows us to deliver tailored property solutions at both a local and global level, while increasing quality and experience, reducing cost and mitigating risk. We provide these services across virtually all asset types including offices, retail outlets, laboratories, data centers, manufacturing environments, warehouses and mission-critical facilities. We achieve growth by investing in (a) superior talent and processes that deliver account excellence; (b) capabilities to perform a wide range of technical services in-house that increase our clients’ real estate operational efficiency and reliability while reducing carbon emissions and lowering costs; (c) proprietary technology and data solutions that allow us to amass data at scale and deliver actionable insights to clients for managing complex challenges; and (d) ongoing acquisition activity, including larger companies such as Norland Managed Services, which marked our entry into the local facilities management space, and the Johnson Controls Global Workplace Solutions business, which substantially scaled our core enterprise facilities management business, as well as numerous in-fill transactions.

Our project management business, which encompasses CBRE’s wholly-owned services and those delivered by our majority-owned subsidiary Turner & Townsend, delivers program management, project management, and cost consultancy services across commercial real estate, infrastructure and natural resources sectors. With our combined capabilities, we are a leading global, full-service building consulting, program, project and cost management provider, completing nearly 65,000 projects/programs and managing nearly \$2.9 trillion in capital spend annually. We manage a wide range of programs and projects from small repairs/refurbishments in corporate facilities to massive infrastructure projects such as airports and power stations. We also increasingly serve clients for net-zero program management and energy and sustainability solutions. Our scale, highly diverse capabilities and technology investments in this business allow us to solve our clients’ and industry’s biggest challenges in managing capital projects around the world.

Real Estate Investments

REI is a large real assets developer, investor and operator. This segment is comprised of two businesses: investment management and real estate development.

With more than \$145 billion (as of December 31, 2023) in assets under management, CBRE Investment Management (“IM”) is one of the leading investment platforms in global real assets. The growth opportunity in

this business is enhanced by investors' growing appetite for investment alternatives, including real estate, that diversify their holdings and offer the potential for higher returns compared to traditional investment strategies. Much like other parts of our company, IM is diversified across many dimensions – investment strategies, sectors, geographies, risk profiles and execution formats. IM invests capital on behalf of pension funds, insurance companies, sovereign wealth funds, and other institutional investors in real estate, infrastructure, master limited partnerships and other assets. We often hold a co-investment in many of our investment funds and programs. Our primary investment categories include private direct real estate, private indirect real estate through third-party operators, listed real assets and private infrastructure.

Our real estate development business – Trammell Crow Company (“TCC”) in the U.S., U.K., and Continental Europe, and Telford Homes in the U.K. multifamily residential market – provides leading-edge development services to real estate investors, owners and occupiers. TCC has been the largest commercial developer in the U.S. for the last ten years and has a track record of developing best-in-class buildings across multiple property sectors in top-tier markets across the U.S. and Europe. Our portfolio represents a diversified mix of projects that we either own 100% or participate economically via co-investment with strategic capital partners as well as fee-based developments, such as built-to-suit projects. Our in-process portfolio and pipeline totaled nearly \$30 billion (as of December 31, 2023) and spanned industrial, office, multifamily residential, retail, life sciences and healthcare properties. We have a track record of generating high investment returns for the company and our capital partners and our conservative, risk-mitigated capital structures enable us to time asset dispositions when market circumstances are most favorable.

We drive growth in this segment by: (a) enabling REI's real-time access to the broader CBRE global brand, boots-on-the-ground market intelligence, and IM's and TCC's own investments in research/data that enable them to identify early and invest in secularly favored markets/products with tailwinds; (b) leveraging CBRE's balance sheet to create opportunities for co-investment alongside our investor clients in our fund vehicles and developments; and (c) benefiting from the strong and continued partnership between IM and TCC.

Corporate and Other Segment

The Corporate and other segment houses most costs associated with our platform – the resources and infrastructure that support our professionals and support our growth – that are not allocated to the client-facing business segments, including corporate leadership costs. We believe the platform – ranging from research to marketing to data/technology to procurement and more – is a distinct advantage because of the level of resources and investment that our scale and financial strength allow us to make in these areas. In this segment, we also account for the value of our investments in non-core, non-controlling equity investments.

Recent Developments

On February 5, 2024, we announced a definitive agreement to acquire J&J Worldwide Services, a leading provider of engineering services, base support operations and facilities maintenance for the U.S. federal government, from Arlington Capital Partners, a private investment firm. The consideration consists of (i) an initial purchase price of \$800 million, payable in cash at closing of the acquisition, plus (ii) a potential earn-out of up to \$250 million, payable in cash in 2027, contingent on the acquired business meeting certain performance thresholds. Closing of the acquisition is expected to occur in Q1 2024, subject to obtaining applicable regulatory clearances and the satisfaction of other customary closing conditions.

RISK FACTORS

You should carefully consider the risks described below, the risks described under “Part I, Item 1A. Risk Factors” in our most recently filed annual report on Form 10-K for the fiscal year ended December 31, 2023, which is incorporated by reference herein, and the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus before deciding to invest in the notes.

Risks Relating to the Notes

Our leverage and debt service obligations could harm our ability to operate our business, remain in compliance with debt covenants and make payments on our debt, including the notes.

We are leveraged and have debt service obligations. As of December 31, 2023, our euro/U.S. dollar term loan facility provides for (i) euro-denominated term loans in an aggregate principal amount of up to €366.5 million and (ii) U.S. dollar-denominated term loans in an aggregate principal amount of up to \$350.0 million due and payable in full at maturity on July 10, 2028. In addition, we have a senior unsecured revolving credit facility. Our revolving credit facility provides for a senior unsecured revolving credit facility available to us with commitments in an aggregate principal amount of up to \$3.5 billion.

As of December 31, 2023, we had \$404.5 million of euro term loan borrowings and \$350.0 million of U.S. dollar term loan borrowings outstanding under our euro/U.S. dollar term loan credit facility, \$9.4 million of which is included as current maturities of long-term debt on our consolidated balance sheet and no amount outstanding under our revolving credit facility.

As of December 31, 2023, our total debt, net of current maturities, was approximately \$2.8 billion. Our level of indebtedness increases the possibility that we may be unable to generate cash sufficient to pay the principal of, or other amounts due in respect of, the notes and our other indebtedness. In addition, we may incur additional debt from time to time to finance strategic acquisitions, investments, joint ventures or for other purposes, subject to the restrictions contained in the documents governing our indebtedness. If we incur additional debt, the risks associated with our leverage, including our ability to service the notes and our other debt, would increase.

We cannot be certain that our earnings will be sufficient to allow us to pay principal and interest on the notes and our other debt and meet our other obligations. If we do not have sufficient earnings, we may be required to seek to refinance all or part of our existing debt, sell assets, borrow more money or sell more securities, none of which we can guarantee that we will be able to do and which, if accomplished, may adversely affect the market price of the notes.

We may not have the ability to raise the funds necessary to finance a change of control offer.

Pursuant to the terms of the indenture that will govern the notes, upon the occurrence of a Change of Control Triggering Event, we may be required to offer to repurchase all of the notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase. See “Description of the Notes—Change of Control Triggering Event.” We cannot assure you that there will be sufficient funds available for us to make any required repurchases of the notes upon a Change of Control Triggering Event. In addition, our credit facilities provide that the occurrence of certain change of control events constitute a default thereunder, and the indentures governing our 4.875% senior notes due 2026 (the “2026 Notes”), our 2.500% senior notes due 2031 (the “2031 Notes”) and our 5.950% senior notes due 2034 (the “2034 Notes”) may require us to make an offer to purchase all our outstanding 2026 Notes, 2031 Notes and 2034 Notes, respectively, upon the occurrence of certain change of control events. Our failure to purchase tendered notes would constitute a default under the indenture governing the notes, which, in turn, would constitute a default under our credit facilities and the indentures governing our 2026 Notes, 2031 Notes and 2034 Notes.

The notes will not initially be guaranteed by our subsidiaries.

The indenture governing the notes will include a covenant that certain of our subsidiaries guarantee the notes if such subsidiaries guarantee other of our indebtedness above a specified amount. None of our subsidiaries will guarantee the notes as of their issue date.

Accordingly, the sole initial guarantor of the notes will be CBRE Group, Inc. and there can be no assurance that the notes will be guaranteed by any of our subsidiaries in the future. As a result, if we default on our obligations under the notes, you will not have any claims against any of our subsidiaries that do not guarantee the notes. Both the Issuer and Parent are holding companies that conduct substantially all of their respective operations through subsidiaries.

To the extent subsidiary guarantors are added to the notes in the future, their guarantees of the notes could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the notes from relying on that subsidiary to satisfy claims. Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a subsidiary guarantee can be voided, or claims under the subsidiary guarantee may be subordinated to all other debts of that subsidiary guarantor under certain circumstances. Any subsidiary guarantees that are issued on the notes will contain a provision intended to limit the subsidiary guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its subsidiary guarantee to be a fraudulent transfer. This provision may automatically reduce a subsidiary guarantor's obligations to an amount that may effectively render the subsidiary guarantee of no value and, in any case, this provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law.

The notes will be effectively subordinated to our secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to all liabilities of our subsidiaries that do not guarantee the notes.

The notes will not be secured by any of our or our subsidiaries' assets. As a result, the notes and the related guarantees will be effectively subordinated to our indebtedness with respect to the assets that may secure such indebtedness and structurally subordinated to all of the existing and future liabilities of our subsidiaries that do not guarantee the notes. As of December 31, 2023, neither the Issuer nor Parent had any secured indebtedness. As of December 31, 2023, our non-guarantor subsidiaries had \$1.4 billion of indebtedness.

In addition, the Issuer and guarantors may incur secured debt in the future and, as a result of this effective subordination, upon a default in payment on, or the acceleration of, any of such secured indebtedness, or in the event of the Issuer's or a guarantor's bankruptcy, insolvency, liquidation, dissolution or reorganization, the proceeds from the sale of assets securing the Issuer's or such guarantor's secured indebtedness will be available to pay obligations on the notes and other unsecured obligations only after such secured debt has been paid in full. Consequently, the holders of the notes may receive less, ratably, than the holders of secured debt in the event of the Issuer's or a guarantor's bankruptcy, insolvency, liquidation, dissolution or reorganization.

We do not own property that has been determined to be a principal property under the indenture.

The indenture governing the notes will include a covenant that will, among other things, limit the Issuer's and certain of our subsidiaries' ability to create, incur, assume or guarantee any indebtedness for money borrowed secured by a lien upon any of the Issuer's or such subsidiaries principal properties or certain other limited assets. However, as of the date of this prospectus supplement, we do not own property that constitutes a principal property under the indenture.

We cannot assure you that an active trading market will develop for the notes.

The notes are a new issue of securities with no established trading market. We do not intend to apply to list the notes on any securities exchange or include the notes in any automated quotation system. We have been informed

Table of Contents

by the underwriters that they intend to make a market in the notes after this offering is completed. However, the underwriters may cease their market-making activities at any time in their sole discretion. In addition, the liquidity of the trading market in the notes and the market price quoted for the notes may be adversely affected by changes in the overall market for debt securities and by changes in our financial performance or prospects or in the financial performance or prospects of companies in our industry generally. As a result, we cannot assure you that an active trading market will develop or be maintained for the notes. If an active market does not develop or is not maintained, the market price of the notes may decline and the liquidity of the notes may be limited.

Ratings of the notes may affect the market price and marketability of the notes.

Upon issuance, the notes will be rated by Moody's Investors Service, Inc. and S&P Global Ratings. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will be issued or remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. It is also possible that such ratings may be lowered in connection with the application of the proceeds of this offering or in connection with future events, such as future acquisitions. Holders of notes will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market price or marketability of the notes.

USE OF PROCEEDS

We estimate that our net proceeds from the sale of the notes will be approximately \$495 million, after deducting the underwriting discount and estimated offering expenses payable by us. The net proceeds from the sale of the notes will be used to finance in part the acquisition of J&J Worldwide Services.

CAPITALIZATION

The following table sets forth the cash and cash equivalents and capitalization of Parent and its consolidated subsidiaries as of December 31, 2023:

- on an actual basis; and

DESCRIPTION OF THE NOTES

CBRE Services, Inc. will issue \$500,000,000 aggregate principal amount of 5.500% Senior Notes due 2029 (the “Notes”) under an indenture among itself, CBRE Group, Inc., as the guarantor, and Computershare Trust Company, National Association, as successor to Wells Fargo Bank, National Association, not in its individual capacity, but solely as trustee (the “Trustee”), as supplemented as of the date of the Issue Date for the Notes (as supplemented, the “Indenture”).

Certain terms used in this description are defined under the subheading “—Certain Definitions.” In this description, the words “we,” “us,” “our” and “Issuer” refer to CBRE Services, Inc. and not to any of its subsidiaries. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the “Trust Indenture Act”).

The following description of the Notes and the Indenture supplement related to the Notes, and to the extent inconsistent replaces, the description of the general terms and provisions of the debt securities under “Description of the Debt Securities” in the accompanying prospectus dated December 19, 2023 (the “Base Prospectus”). The following description, together with the relevant portions of the description in the Base Prospectus under “Description of the Debt Securities,” is only a summary of the material provisions of the Indenture, which is filed as an exhibit to the Registration Statement of which this prospectus supplement forms a part. We urge you to read the Indenture because it, not this description, defines your rights as holders of the Notes. You may request copies of the Indenture at our address set forth under the heading “Where You Can Find More Information.”

Brief Description of the Notes

The Notes:

- are unsecured senior obligations of the Issuer;
- are senior in right of payment to any future subordinated indebtedness of the Issuer; and
- will be guaranteed by CBRE Group, Inc. (“Parent”) and, to the extent required under the Indenture pursuant to the covenant described under the heading “—Certain Covenants—Future Guarantors,” any Subsidiary Guarantors (as defined below) on a senior unsecured basis.

Parent will initially be the sole guarantor of the Notes and there can be no assurance that any Subsidiary Guarantors will guarantee the Notes in the future.

Principal, Maturity and Interest

The Issuer will issue the Notes initially with a maximum aggregate principal amount of \$500,000,000. The Issuer will issue the Notes in denominations of \$2,000 and any greater integral multiple of \$1,000 in excess thereof.

The Notes will mature on April 1, 2029. We are permitted to issue additional Notes under the Indenture in an unlimited aggregate principal amount (the “Additional Notes”). The Notes and Additional Notes, if any, will be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase; *provided, however*, that in the event any Additional Notes are not fungible with the Notes for U.S. federal income tax purposes, such nonfungible Additional Notes will be issued with a separate CUSIP number so that they are distinguishable from the Notes. Unless the context otherwise requires, for all purposes of the Indenture and this “Description of the Notes,” references to the Notes include any Additional Notes actually issued.

The Notes will bear interest from February 23, 2024 at the annual interest rate specified on the cover page of this prospectus supplement and will be payable semiannually in arrears on April 1 and October 1 of each year,

Table of Contents

commencing on October 1, 2024. We will make each interest payment to the holders of record on the immediately preceding March 15 and September 15, whether or not a Business Day.

Interest on the Notes will accrue from the Issue Date or, if interest has already been paid, from the date such interest was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. Interest payments for the Notes will include accrued interest from and including the Issue Date or from and including the last date in respect of which interest has been paid, as the case may be, to, but excluding, the interest payment date or the date of maturity, as the case may be.

If an interest payment date, maturity date or redemption date would otherwise be a day that is not a Business Day, such payment will be made on the next date that is a Business Day as if it were made on the date such payment was due, and no interest will accrue on the amount so payable for the period from and after that interest payment date, maturity date or redemption date, as the case may be, to the date the payment is made.

Optional Redemption

For any date of redemption occurring prior to the Par Call Date (as defined below), we will be entitled, at our option, to redeem all or a portion of the Notes at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

- (1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the Notes matured on the Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate *plus* 20 basis points, *less* (b) interest accrued to the date of redemption; and
- (2) 100% of the principal amount of the Notes to be redeemed,

plus, in either case, accrued and unpaid interest thereon to the redemption date.

In addition, for any date of redemption occurring on and after the Par Call Date, we will be entitled, at our option, to redeem all or a portion of the Notes at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to, but not including, the date of redemption.

“*Par Call Date*” means March 1, 2029 (the date that is one month prior to the maturity date of the Notes).

“*Treasury Rate*” means, with respect to any redemption date, the yield determined by the Issuer in accordance with the following two paragraphs:

The Treasury Rate shall be determined by the Issuer after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third Business Day preceding the redemption date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“*H.15*”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“*H.15 TCM*”). In determining the Treasury Rate, the Issuer shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the Par Call Date (the “*Remaining Life*”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields – one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life – and shall interpolate to the Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For

Table of Contents

purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third Business Day preceding the redemption date, H.15 TCM is no longer published, the Issuer shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such redemption date of the United States Treasury security maturing on, or with a maturity that is closest to, the Par Call Date. If there is no United States Treasury security maturing on the Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the Par Call Date, one with a maturity date preceding the Par Call Date and one with a maturity date following the Par Call Date, the Issuer shall select the United States Treasury security with a maturity date preceding the Par Call Date. If there are two or more United States Treasury securities maturing on the Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Issuer shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

The Issuer's actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

Unless the Issuer defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions thereof called for redemption.

Selection and Notice of Redemption

Notice of any redemption will be mailed or electronically delivered (or otherwise transmitted in accordance with the depository's procedures) at least 10 days but not more than 60 days before the redemption date to each holder of Notes to be redeemed.

In the case of a partial redemption of the Notes, selection of the Notes for redemption will be made pro rata, by lot or by such other method as the Trustee deems appropriate and fair. No Notes of a principal amount of \$2,000 or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount thereof to be redeemed. A new note in a principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder upon surrender for cancellation of the original Note. For so long as the Notes are held by DTC (or another depository), the redemption of Notes shall be done in accordance with the policies and procedures of the depository.

No Sinking Fund; Open Market Purchases

We are not required to make any sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase the Notes as described under the caption "—Change of Control Triggering Event." We may at any time and from time to time purchase Notes in the open market or otherwise.

Guarantees

Parent and the Subsidiary Guarantors, if any, will jointly and severally guarantee, on a senior unsecured basis, our obligations under the Notes. On the Issue Date, Parent will be the sole Guarantor of the Notes. After the Issue

Table of Contents

Date, any Wholly Owned Domestic Subsidiary of the Issuer that Guarantees any Specified Debt of the Issuer will be required to become a Subsidiary Guarantor of the Notes as described under the heading “—Certain Covenants—Future Guarantors.”

The obligations of any Subsidiary Guarantor under its Subsidiary Guaranty are designed to be limited as necessary to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance under applicable law and, therefore, will be expressly limited to the maximum amount that such Subsidiary Guaranty could guarantee without such Subsidiary Guaranty constituting a fraudulent conveyance. This limitation, however, may not be effective to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance.

Any Subsidiary Guarantor that makes a payment under its Subsidiary Guaranty will be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor’s pro rata portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment determined in accordance with GAAP.

If a Subsidiary Guaranty were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor’s liability on its Subsidiary Guaranty could be reduced to zero.

The Subsidiary Guaranty of a Subsidiary Guarantor, if any, will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor;
- (2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor;
- (3) at such time as (a) such Subsidiary Guarantor no longer Guarantees any other Specified Debt (which, for avoidance of doubt, will include when any such Guarantee is no longer required by any contractual obligation and any other Guarantees are substantially concurrently released) of the Issuer or (b) the release or discharge of the guaranty which resulted in the creation of such Subsidiary Guaranty (except a release or discharge by or as a result of payment under such guaranty); provided that such Subsidiary Guarantor would not then otherwise be required to Guarantee the Notes pursuant to the Indenture;
- (4) upon the defeasance of the Notes, as provided under “—Defeasance;” or
- (5) as described under “—Amendments and Waivers;”

in the case of clause (1) or (2), other than to Parent, the Issuer or a Subsidiary of Parent and as permitted by the Indenture. For the avoidance of doubt, the release of a Subsidiary Guaranty of a Subsidiary Guarantor pursuant to clause (3) above shall automatically occur simultaneously with the release of all such Guarantees of such Subsidiary Guarantor of other Specified Debt.

Ranking

The indebtedness evidenced by the Notes and the Guaranties will be senior unsecured obligations and will rank equal in right of payment with all other existing and future senior unsecured indebtedness and senior in right of payment to any of our future subordinated indebtedness of the Issuer or the applicable Guarantor, as the case may be.

As of December 31, 2023, without giving effect to this offering:

- (1) the Issuer’s senior indebtedness (including guarantees) was approximately \$2.8 billion, none of which was secured indebtedness; and

Table of Contents

- (2) Parent's senior indebtedness (including guarantees) was approximately \$3.0 billion, none of which was secured indebtedness and all of which represents guarantees of indebtedness of the Issuer and its subsidiaries.

The Notes and the Guaranties are senior unsecured obligations of the Issuer and the Guarantors, as the case may be. Secured debt and other secured obligations of the Issuer and the Guarantors will be effectively senior to the Notes and the Guaranties to the extent of the value of the assets securing such debt or other obligations.

The Indenture contains no limitations on the amount of additional indebtedness that the Issuer and the Guarantors may incur and therefore the amount of such indebtedness could be substantial and, subject to the limitations set forth in the covenant described under “—Certain Covenants—Limitation on Liens,” such indebtedness may be secured indebtedness.

A substantial portion of our operations are conducted through our Subsidiaries. None of our Subsidiaries will initially guarantee the Notes and any Subsidiaries that guarantee the Notes in the future may be released under the conditions described above. Claims of creditors of any non-guarantor Subsidiaries and joint ventures, including trade creditors and creditors holding indebtedness or guarantees issued by such Subsidiaries and joint ventures, and claims of preferred stockholders of such Subsidiaries and joint ventures, generally will have priority with respect to the assets and earnings of such Subsidiaries and joint ventures over the claims of creditors of the Issuer, including holders of the Notes, even if such claims do not constitute unsubordinated indebtedness. Accordingly, the Notes and Guaranties will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such Subsidiaries and joint ventures.

As of December 31, 2023, our non-guarantor Subsidiaries had total indebtedness of \$1.4 billion. The Indenture does not limit the incurrence of unsecured indebtedness by our Subsidiaries. Moreover, the Indenture does not impose any limitation on the incurrence by Subsidiaries of liabilities that are not considered indebtedness under the Indenture.

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, each holder of Notes shall have the right to require that the Issuer purchase such holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Within 30 days following any Change of Control Triggering Event, unless we have exercised our option to redeem all the Notes as described under “—Optional Redemption,” we will mail (or deliver by electronic transmission in accordance with the applicable procedures of DTC) a notice to each holder of Notes with a copy to the Trustee (the “*Change of Control Offer*”) stating:

- (1) that a Change of Control Triggering Event with respect to the Notes has occurred and that such noteholder has the right to require us to purchase such noteholder's Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date);
- (2) the circumstances that constitute such Change of Control Triggering Event;
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is sent); and
- (4) the instructions, as determined by us, consistent with the covenant described hereunder, that a noteholder must follow in order to have its Notes purchased.

Table of Contents

We will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or if the Issuer has exercised its option to redeem all of the Notes pursuant to the provisions described under “—Optional Redemption.”

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and shall not be deemed to have breached our obligations under the covenant described hereunder by virtue of our compliance with such securities laws or regulations.

The Change of Control Triggering Event purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Issuer and, thus, the removal of incumbent management. The Change of Control Triggering Event purchase feature is a result of negotiations between the Issuer and the underwriters of this offering of Notes. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings.

Restrictions on our ability to incur additional secured indebtedness are contained in the covenant described under “—Certain Covenants—Limitation on Liens.” Such restrictions can only be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenant, however, the Indenture will not contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

Our credit facilities provide that the occurrence of certain change of control events with respect to Parent and the Issuer would constitute a default thereunder, and the indenture governing our 2026 Notes, 2031 Notes and 2034 Notes may require us to make an offer to purchase the 2026 Notes, 2031 Notes and 2034 Notes upon the occurrence of a Change of Control. Future indebtedness that we may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the purchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of their right to require us to purchase the Notes cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such purchase on us. Finally, our ability to pay cash to the holders of Notes following the occurrence of a Change of Control may be limited by our then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases. See “Risk Factors—Risks Relating to the Notes—We may not have the ability to raise the funds necessary to finance a change of control offer.”

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control Triggering Event, conditional upon such Change of Control Triggering Event, if a definitive agreement is in place for the Change of Control at the time of making of such Change of Control Offer.

The phrase “all or substantially all,” as used with respect to the assets of the Issuer in the definition of “Change of Control,” is subject to interpretation under applicable state law, and its applicability in a given instance would depend upon the facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of “all or substantially all” the assets of the Issuer has occurred in a particular instance, in which case a holder’s ability to obtain the benefit of these provisions could be unclear.

If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in connection with a Change of Control Offer and the Issuer, or any third party approved in

Table of Contents

writing by the Issuer making a Change of Control Offer in lieu of the Issuer as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Issuer or such third party will have the right, upon not less than 10 days' nor more than 60 days' prior notice, given that such notice is not given more than 30 days following the purchase pursuant to the Change of Control Offer, to redeem (with respect to the Issuer) or purchase (with respect to a third party) all Notes that remain outstanding following such purchase on a date (the "*Second Change of Control Payment Date*") at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the Second Change of Control Payment Date.

The provisions under the Indenture relative to our obligation to make an offer to purchase the Notes as a result of a Change of Control Triggering Event may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes.

For purposes of this discussion of a repurchase of the Notes following a Change of Control Triggering Event: A "*Change of Control*" means the occurrence of any of the following:

- (1) any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than one or more Permitted Holders, is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that any Person that is deemed to have beneficial ownership of shares solely as the result of being part of a group pursuant to Rule 13d-5(b)(1) shall be deemed not to have beneficial ownership of any shares held by a Permitted Holder forming a part of such group), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Issuer; *provided, however*, that the Permitted Holders beneficially own (as defined above, except that in the event the Permitted Holders are part of a group pursuant to Rule 13d-5(b)(1), the Permitted Holders shall be deemed not to have beneficial ownership of any shares held by persons other than Permitted Holders forming a part of such group), directly or indirectly, in the aggregate a lesser percentage of the total voting power of the Voting Stock of the Issuer than such other person and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the Board of Directors (for the purposes of this clause (1), such other person shall be deemed to beneficially own any Voting Stock of a specified person held by a parent entity, if such other person is the beneficial owner (as first defined above), directly or indirectly, of more than 50% of the voting power of the Voting Stock of such parent entity and the Permitted Holders beneficially own (as second defined above), directly or indirectly, in the aggregate a lesser percentage of the voting power of the Voting Stock of such parent entity and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the board of directors of such parent entity);
- (2) the adoption of a plan relating to the liquidation or dissolution of the Issuer; or
- (3) the merger or consolidation of the Issuer with or into another Person or the merger of another Person with or into the Issuer, or the sale of all or substantially all the assets of the Issuer (determined on a consolidated basis) to another Person (other than, in all such cases, a Person that is controlled by the Permitted Holders), other than a transaction following which (A) in the case of a merger or consolidation transaction, holders of securities that represented 100% of the Voting Stock of the Issuer immediately prior to such transaction (or other securities into which such securities are converted as part of such merger or consolidation transaction) own, directly or indirectly, at least a majority of the voting power of the Voting Stock of the surviving Person in such merger or consolidation transaction immediately after such transaction and (B) in the case of a sale of assets transaction, the transferee Person becomes the obligor in respect of the Notes and a Subsidiary of the transferor of such assets.

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (a) the Issuer is or becomes a direct or indirect wholly-owned Subsidiary of a holding company, (b) such holding company beneficially owns, directly or indirectly, 100% of the Capital Stock of the Issuer and (c) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of the Parent's Voting Stock immediately prior to that transaction.

Certain Covenants

Consolidation, Merger, Sale or Conveyance

(a) The Indenture provides that neither the Issuer nor Parent may consolidate with or merge into any other entity or convey, transfer or lease their properties and assets substantially as an entirety to any entity, unless:

- the successor or transferee entity, if other than the Issuer or Parent, as the case may be, is a Person (in the case of the Issuer, if such Person is not a corporation, then such successor or transferee shall include a corporate co-issuer) organized and existing under the laws of the United States, any state thereof or the District of Columbia and expressly assumes by a supplemental indenture executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, the due and punctual payment of the principal of, any premium on and any interest on all the outstanding Notes and the performance of every covenant and obligation in the Indenture to be performed or observed by the Issuer or Parent, as the case may be;
- immediately after giving effect to such transaction, no Event of Default, as defined in the Indenture, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing; and
- within 30 days of such consolidation, merger, conveyance, transfer or lease, the Issuer or Parent, as the case may be, has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each in the form required by the Indenture and stating that such occurrence and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture complies with the foregoing provisions relating to such transaction.

In case of any such consolidation, merger, conveyance or transfer, the successor entity will succeed to and be substituted for the Issuer or Parent, as the case may be, as obligor or guarantor on the Notes, as the case may be, with the same effect as if it had been named in the Indenture as the Issuer or Parent, as the case may be. As a result, the successor entity may exercise the rights and powers of the Issuer or Parent, as the case may be, under the Indenture, and the Issuer or Parent, as the case may be, shall be released from all liabilities and obligations under the Indenture and, as the case may be, under the Notes or guarantee thereof.

(b) No Subsidiary Guarantor may consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity, unless:

- the successor or transferee entity, if not a Subsidiary Guarantor prior to such merger, conveyance, transfer or lease, shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and expressly assumes, by a supplemental indenture, all the obligations of such Subsidiary under its guarantee; provided, however, that the foregoing shall not apply in the case of a Subsidiary Guarantor (x) that has been, or will be as a result of the subject transaction, disposed of in its entirety to another Person (other than to the Issuer, Parent or an affiliate of the Issuer or Parent), whether through a merger, consolidation or sale of Capital Stock or assets or (y) that, as a result of the disposition of all or a portion of its Capital Stock, ceases to be a Subsidiary;
- immediately after giving effect to such transaction, no Event of Default, as defined in the Indenture, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing; and
- other than the case where the Guarantor is the successor entity, within 30 days of such consolidation, merger, conveyance, transfer or lease, the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each in the form required by the Indenture and stating that such occurrence and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture comply with the foregoing provisions relating to such transaction.

Limitation on Liens

The Issuer will not, and will not permit any Restricted Subsidiary of the Issuer to, create, incur, issue, assume or guarantee any indebtedness for money borrowed (“*Debt*”) secured by a Lien upon any Principal Property of the Issuer or such Restricted Subsidiary (whether such Principal Property is now existing or owned or hereafter created or acquired), in each case, unless prior to or at the same time, such Notes (together with, at the option of the Issuer, any other Debt of the Issuer or any of its Subsidiaries ranking equally in right of payment with such Notes or such guarantee) are secured equally and ratably with or, at the option of the Issuer, prior to such Debt so long as such Debt shall be so secured.

The foregoing restriction shall not apply to:

- (1) Liens on property existing with respect to any Person at the time such Person becomes a Subsidiary of the Issuer *provided* that such Lien was not incurred in anticipation of such Person becoming a Subsidiary;
- (2) Liens on property at the time of acquisition by the Issuer or any of its Subsidiaries of such property, or Liens on property to secure the payment of all or any part of the purchase price of such property, or Liens on property to secure any Debt incurred prior to, at the time of, or within 18 months after, the latest of the acquisition of such property or the completion of construction, the completion of improvements or the commencement of substantial commercial operation of such property for the purpose of financing all or any part of the purchase price of the property and related costs and expenses, the construction or the making of the improvements;
- (3) Liens securing Debt of the Issuer or any of the Issuer’s Subsidiaries owing to the Issuer or any of its Subsidiaries;
- (4) Liens existing on the Issue Date;
- (5) Liens on property or assets of a Person existing at the time such Person is merged into or consolidated with the Issuer or any of its Subsidiaries, at the time such Person becomes a Subsidiary of the Issuer, or at the time of a sale, lease or other disposition of all or substantially all of the properties or assets of a Person to the Issuer or any of its Subsidiaries, *provided* that such Lien was not incurred in anticipation of the merger, consolidation, or sale, lease, other disposition or other such transaction;
- (6) Liens securing Non-Recourse Debt or Exempt Construction Loans or guarantees thereof on assets or Capital Stock of Subsidiaries of the Issuer formed solely for the purpose of, and which engage in no business other than the business of making Co-investments;
- (7) Liens created to secure the Notes;
- (8) Liens imposed by law, such as materialmen’s, workmen’s or repairmen’s, carrier’s, warehousemen’s and mechanic’s Liens and other similar Liens, in each case for sums not yet overdue by more than 30 calendar days or being contested in good faith by appropriate proceedings or other Liens arising out of judgments or awards against such Person with respect to which such Person shall then be proceeding with an appeal or other proceedings for review and Liens arising solely by virtue of any statutory or common law provision relating to banker’s Liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a creditor depository institution;
- (9) Liens for taxes, assessments or other governmental charges not yet due or payable or subject to penalties for non-payment or which are being contested in good faith by appropriate proceedings;
- (10) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature;
- (11) pledges or deposits under workmen’s compensation, unemployment insurance, or similar legislation and Liens of judgments thereunder which are not currently dischargeable, or deposits to secure public or statutory obligations, or deposits in connection with obtaining or maintaining self-insurance or to

obtain the benefits of any law, regulation or arrangement pertaining to workmen's compensation, unemployment insurance, old age pensions, social security or similar matters, or deposits of cash or obligations of the United States of America to secure surety, appeal or customs bonds, or deposits in litigation or other proceedings such as, but not limited to, interpleader proceedings;

- (12) Liens consisting of easements, rights-of-way, zoning restrictions, restrictions on the use of real property, and defects and irregularities in the title thereto, landlords' Liens and other similar Liens none of which interfere materially with the use of the property covered thereby in the ordinary course of business and which do not, in the Issuer's opinion, materially detract from the value of such properties;
- (13) Liens in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision thereof, to secure partial, progress, advance or other payments; or
- (14) any extensions, renewals or replacements of any Lien referred to in clauses (1) through (13) without increase of the principal of the Debt secured by such Lien (except to the extent of any fees or other costs associated with any such extension, renewal or replacement); *provided, however,* that any Liens permitted by any of clauses (1) through (13) shall not extend to or cover any property of the Issuer or any of its Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

Notwithstanding the restrictions described above, the Issuer and its Restricted Subsidiaries may create, incur, issue, assume or guarantee Debt secured by Liens which would otherwise be subject to the foregoing restrictions without equally and ratably securing the Notes then outstanding if, at the time of such creation, incurrence, issuance, assumption or guarantee, after giving effect thereto and to the retirement of any Debt which is concurrently being retired, the aggregate amount of all such Debt secured by Liens which would otherwise be subject to such restrictions (other than any Debt (or any guarantee thereof) secured by Liens permitted as described in clauses (1)-(14) of the immediately preceding paragraph), together with all Attributable Debt outstanding pursuant to the second paragraph of the "—Limitation on Sale/Leaseback Transactions" covenant described below, does not exceed 7.5% of the Consolidated Total Assets of the Issuer calculated as of the date of the creation or incurrence of the Lien. The Issuer and its Restricted Subsidiaries also may, without equally and ratably securing the Notes, create or incur Liens that extend, renew, substitute or replace (including successive extensions, renewals, substitutions or replacements), in whole or in part, any Lien permitted pursuant to the preceding sentence.

Limitation on Sale/Leaseback Transactions

The Issuer will not, and will not permit any Restricted Subsidiary of the Issuer to, enter into any Sale/Leaseback Transaction for the sale and leasing back of any Principal Property unless:

- (1) such transaction was entered into prior to the Issue Date;
- (2) such transaction was for the sale and leasing back to the Issuer or any of its Wholly Owned Subsidiaries of any Principal Property by one of its Restricted Subsidiaries;
- (3) such transaction involves a lease for not more than three years (or which may be terminated by the Issuer or its Subsidiaries within a period of not more than three years);
- (4) The Issuer would be entitled to incur Debt secured by a Lien with respect to such Sale/Leaseback Transaction without equally and ratably securing the Notes pursuant to the second paragraph of the "—Limitation on Liens" covenant described above; or
- (5) The Issuer or any Restricted Subsidiary applies an amount equal to the net proceeds from the sale of such Principal Property to the purchase of other property or assets used or useful in its business (including the purchase or development of other Principal Property) or to the retirement of Debt that is

Table of Contents

pari passu with the Notes (including the Notes) within 365 days before or after the effective date of any such Sale/Leaseback Transaction, *provided* that, in lieu of applying such amount to the retirement of *pari passu* Debt, the Issuer may deliver Notes to the Trustee for cancellation, such Notes to be credited at the cost thereof to it.

Notwithstanding the restrictions set forth in the preceding paragraph, the Issuer and its Restricted Subsidiaries may enter into any Sale/Leaseback Transaction which would otherwise be subject to the foregoing restrictions, if after giving effect thereto the aggregate amount of all Attributable Debt with respect to such transactions, together with all Debt outstanding pursuant to the third paragraph of the “—Limitation on Liens” covenant described above, does not exceed 7.5% of the Consolidated Total Assets of the Issuer calculated as of the closing date of the sale and leaseback transaction.

Future Guarantors

On the Issue Date, Parent will execute and deliver to the Trustee a Guaranty Agreement pursuant to which Parent will fully and unconditionally Guarantee the Notes on a senior unsecured basis. After the Issue Date, the Issuer will cause each Wholly Owned Domestic Subsidiary of the Issuer that Guarantees any Specified Debt of the Issuer to, within 30 days of the incurrence of such Guarantee, execute and deliver to the Trustee a Guaranty Agreement with respect to the Notes pursuant to which such Subsidiary will Guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture. For the avoidance of doubt, if a Foreign Subsidiary is a co-borrower of Debt of the Issuer, and not a Guarantor of such Debt, then it will not be considered a Guarantor of such Debt for purposes of this covenant.

SEC Reports

So long as the Notes are outstanding, at any time that the Issuer is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Issuer will furnish to the Trustee and make available on the Issuer’s website copies of such annual and quarterly reports and such information, documents and other reports as are required under Sections 13 and 15(d) of the Exchange Act within 15 days after the date such information, documents or other reports were filed with the SEC; *provided, however*, that (a) so long as Parent is a Guarantor of the Notes, the reports, information and other documents required to be filed and provided as described hereunder may, at the Issuer’s option, be filed by and be those of Parent rather than the Issuer and (b) in the event that Parent conducts any business or holds any significant assets other than the capital stock of the Issuer at the time of filing and providing any such report, information or other document containing financial statements of Parent, Parent shall include in such report, information or other document summarized financial information (as defined in Rule 1-02(bb) of Regulation S-X promulgated by the SEC) with respect to the Issuer. The Issuer or Parent will be deemed to have furnished such reports, information and documents to the Trustee if the Issuer or Parent has filed such reports, information and documents with the SEC via the EDGAR filing system or has made available such reports, information and documents on its website. The Trustee shall have no responsibility to ensure that such filing has occurred. Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer’s compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officers’ Certificates).

Events of Default

Each of the following is an Event of Default:

- (1) a default in the payment of interest on the Notes when due, continued for 30 days;
- (2) a default in the payment of principal of any Note when due at its Stated Maturity, upon redemption, upon required purchase, upon declaration of acceleration or otherwise;

Table of Contents

- (3) the failure by the Issuer, Parent or any Subsidiary Guarantor, as the case may be, to comply for 30 days after notice with any of its obligations in the covenants described above under “Change of Control Triggering Event” (other than a failure to purchase the Notes);
- (4) the failure by the Issuer or Parent, as the case may be, to comply for 180 days after notice with any of its obligations in the covenant described above under “—SEC Reports” (*provided* that, if applicable, failure by the Issuer or Parent to comply with the provisions of Section 314(a) of the Trust Indenture Act will not in itself be deemed a Default or an Event of Default under the Indenture);
- (5) the failure by the Issuer, Parent or any Subsidiary Guarantor to comply for 60 days after notice with its other agreements contained in the Indenture;
- (6) certain events of bankruptcy, insolvency or reorganization of the Issuer, any Significant Subsidiary or any group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary (the “*bankruptcy provisions*”); or
- (7) the Parent Guaranty or a Subsidiary Guaranty of a Significant Subsidiary or a group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Guaranty) or Parent or any Significant Subsidiary or any group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary denies or disaffirms its obligations under its Guaranty.

However, a default under clauses (3), (4) and (5) will not constitute an Event of Default until the Trustee or the holders of 30% in principal amount of the outstanding Notes notify the Issuer of the default and the Issuer does not cure such default within the time specified after receipt of such notice.

If an Event of Default occurs and is continuing, the Trustee or the holders of at least 30% in principal amount of the outstanding Notes may declare the principal of and accrued but unpaid interest, if any, on all of the Notes to be due and payable. Upon such declaration, such principal and interest shall be due and payable immediately. If

an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Issuer occurs and is continuing, the principal of and interest on all of the Notes will *ipso facto* become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders of the Notes. Under certain circumstances, the holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders of the Notes unless such holders have offered to the Trustee indemnity or security reasonably satisfactory to it against the costs, losses, expenses and liabilities which might be incurred by it in compliance with such request or direction. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee written notice that an Event of Default is continuing;
- (2) holders of at least 30% in principal amount of the outstanding Notes have requested the Trustee in writing to pursue the remedy;
- (3) such holders have offered the Trustee indemnity reasonably satisfactory to it against the costs, losses, expenses and liabilities to be incurred in compliance with such request;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of such indemnity; and
- (5) holders of a majority in principal amount of the outstanding Notes have not given the Trustee a written direction inconsistent with such request within such 60-day period.

Table of Contents

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture.

If a Default occurs, is continuing and is actually known to a Responsible Officer of the Trustee, the Trustee must mail (or deliver by electronic transmission in accordance with the applicable procedures of DTC) to each holder of Notes notice of the Default within 90 days after it is known to a Responsible Officer of the Trustee or written notice of it is received by a Responsible Officer of the Trustee. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee may withhold notice if it determines that withholding notice is not opposed to the interest of the holders of the Notes. In addition, we are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default and, if so, specifying all such Defaults and the nature and status thereof of which such signers may have knowledge. We are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action we are taking or propose to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Indenture may be amended with the consent of the holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the Notes) and any past default or compliance with any provisions may also be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding on behalf of the holders of all the Notes. However, without the consent of each holder of an outstanding Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) reduce the amount payable upon the redemption of any Note or change the time at which any Note may be redeemed as described under “— Optional Redemption”;
- (5) make any Note payable in money other than that stated in the Note;
- (6) impair the right of any holder of Notes to receive payment of principal of and interest on such holder’s Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder’s Notes;
- (7) make any change in the amendment provisions which require each holder’s consent or in the waiver provisions;
- (8) make any change in the ranking or priority of any Note or Guaranty that would materially adversely affect the noteholders; or
- (9) make any change in any Guaranty that would materially adversely affect the noteholders.

Notwithstanding the foregoing, without the consent of any holder of Notes, the Issuer, Parent, any Subsidiary Guarantors and Trustee may amend the Indenture:

- (1) to cure any ambiguity, omission, defect or inconsistency, as evidenced in an Officer’s Certificate;
- (2) to provide for the assumption by a successor Person of the obligations of the Issuer, Parent or any Subsidiary Guarantor under the Indenture;
- (3) to provide for uncertificated Notes in addition to or in place of certificated Notes *provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

Table of Contents

- (4) to add guarantees with respect to the Notes, including any Subsidiary Guarantees thereof, to evidence the release and discharge of any Guarantor from its obligations under its Guarantees in accordance with the terms of the Indenture or to secure the Notes;
- (5) to add to the covenants of the Issuer, Parent or any Subsidiary Guarantor for the benefit of the holders of the Notes or to surrender any right or power conferred upon the Issuer, Parent or any Subsidiary Guarantor;
- (6) to make any change that does not materially adversely affect the rights of any holder of the Notes;
- (7) to comply with any requirement of the SEC in connection with any required qualification of the Indenture under the Trust Indenture Act;
- (8) to conform the text of the Indenture, Guaranties or the Notes to any provision of this “Description of the Notes” to the extent that such provision was intended to be a verbatim recitation of a provision of the Indenture, the Guaranties or the Notes as set forth in an Officer’s Certificate;
- (9) to amend the provisions of the Indenture relating to the transfer and legending of Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in the Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer the Notes;
- (10) to provide for the issuance of additional Notes; or
- (11) to evidence and provide for the appointment of a successor Trustee with respect to the Notes and to add to or change any of the provisions of the Indenture as shall be necessary to provide for or facilitate the administration of the trusts thereunder by more than one Trustee, pursuant to the requirements of Section 611 of the Indenture.

The consent of the holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Indenture becomes effective, we are required to mail (or deliver by electronic transmission in accordance with the applicable procedures of DTC) to holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Issuer nor any Affiliate of the Issuer may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to all holders and is paid to all holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. We may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Defeasance

At any time, we may terminate all our and each Guarantor’s obligations in respect of the Notes, the Guaranties and the Indenture (*legal defeasance*), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes.

Table of Contents

In addition, at any time we may terminate our obligations in respect of the Notes under “—Change of Control Triggering Event” and under the covenants described under “—Certain Covenants” (other than the covenant described under “—Consolidation, Merger, Sale or Conveyance”), the operation of the bankruptcy provisions with respect to Significant Subsidiaries (or any group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary) and the ceasing of the Parent Guaranty (or a Subsidiary Guaranty of a Significant Subsidiary or a group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary) to be in full force and effect described under “—Events of Default” above and our Guarantor’s obligations in respect to the Notes under the Guaranties and the Indenture (“*covenant defeasance*”).

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect thereto. If we exercise our covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5), (6) (with respect only to Significant Subsidiaries or any group of Subsidiary Guarantors that collectively would constitute a Significant Subsidiary) or (7) under “—Events of Default” above. If we exercise our legal defeasance option or our covenant defeasance option, each Guarantor will be released from all of its obligations with respect to its Guaranty.

In order to exercise either of our defeasance options, we must irrevocably deposit in trust (the “*defeasance trust*”) with the Trustee money or U.S. Government Obligations in an amount sufficient, confirmed, certified or attested by an independent financial advisor, for the payment of principal and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including, in the case of legal defeasance only, delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Notes will not recognize gain or loss for Federal income tax purposes as a result of such deposit and legal defeasance and will be subject to Federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or change in applicable Federal income tax law).

Concerning the Trustee

Computershare Trust Company, N.A. (as successor to Wells Fargo Bank, National Association), not in its individual capacity, but solely as Trustee, is to be the Trustee under the Indenture. We have appointed Computershare Trust Company, N.A. (as successor to Wells Fargo Bank, National Association) as Registrar and Paying Agent with regard to the Notes.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; *provided, however*, if it acquires any conflicting interest it must either eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee with respect to the Notes, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person under the circumstances in the conduct of such person’s affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, claim, liability, cost, damage or expense and then only to the extent required by the terms of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, member or stockholder of the Issuer or any Guarantor will have any liability for any obligations of the Issuer or any Guarantor under the Notes, any Guaranty or the Indenture or for

Table of Contents

any claim based on, in respect of, or by reason of such obligations or their creation. Each holder of a Note by accepting such Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indenture and the Notes will be governed by, and construed in accordance with, the law of the State of New York.

Certain Definitions

“*Affiliate*” of any specified Person means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, “control” when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

Book-Entry, Delivery and Form

Except as set forth below, the Notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes will be issued at the closing of this offering only against payment in immediately available funds.

The Notes initially will be represented by one or more temporary global notes in registered form without interest coupons (collectively, the *Global Notes*”).

The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (“*DTC*”), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for Notes in certificated form except in the limited circumstances described below. See “—Exchange of Global Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Table of Contents

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “*Participants*”) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “*Indirect Participants*”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC’s system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers’ securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture.

Table of Contents

Under the terms of the Indenture, the Issuer and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, none of the Issuer, neither the Trustee nor any agent of the Issuer or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of the Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Issuer. Neither the Issuer nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the Notes, and the Issuer and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf of delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuer, the Trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depository for the Global Notes and DTC fails to appoint a successor depository or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Issuer, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes under prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in "Notice to Investors," unless that legend is not required by applicable law.

Same Day Settlement and Payment

The Issuer will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. The Issuer will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuer expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuer that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax consequences of the purchase, ownership and disposition of the notes. This summary deals only with notes held as capital assets (generally, assets held for investment) by persons who purchase the notes for cash pursuant to this offering at their “issue price” (the first price at which a substantial amount of the notes is sold to investors for cash (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriter, placement agent or wholesaler)).

As used herein, a “U.S. holder” means a beneficial owner of the notes that is for United States federal income tax purposes any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

As used herein, the term “non-U.S. holder” means a beneficial owner of the notes that is neither a U.S. holder nor an entity or arrangement classified as a partnership for United States federal income tax purposes.

If any entity or arrangement classified as a partnership for United States federal income tax purposes holds the notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership considering an investment in the notes, you should consult your own tax advisors.

This summary does not represent a detailed description of the United States federal income tax consequences applicable to you if you are subject to special treatment under the United States federal income tax laws, including if you are:

- a broker or dealer in securities or currencies;
- a financial institution;
- a regulated investment company;
- a real estate investment trust;
- a tax-exempt organization;
- an insurance company;
- a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;
- a trader in securities that has elected the mark-to-market method of accounting for your securities;
- a person liable for alternative minimum tax;
- a partnership or other pass-through entity for United States federal income tax purposes (or a person who is an investor in such an entity);

Table of Contents

- a U.S. holder whose “functional currency” is not the U.S. dollar;
- a “controlled foreign corporation” or “passive foreign investment company;”
- a person required to accelerate the recognition of any item of gross income with respect to the notes as a result of such income being recognized on an applicable financial statement; or
- a United States expatriate.

This summary is based on the Internal Revenue Code of 1986, as amended (the “Code”), United States Treasury regulations, administrative rulings and judicial decisions as of the date hereof. Those authorities may be changed, possibly on a retroactive basis, so as to result in United States federal income tax consequences different from those summarized below.

This summary does not address all of the United States federal income tax consequences that may be relevant to you in light of your particular circumstances, nor does it address the Medicare tax on net investment income, other United States federal taxes (such as estate and gift taxes) or the effects of any state, local or non-U.S. tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of notes.

If you are considering the purchase of notes, you should consult your tax advisors concerning the particular United States federal income tax consequences to you of the purchase, ownership and disposition of the notes, as well as the consequences to you arising under any other United States federal tax laws and the laws of any other taxing jurisdiction.

U.S. Holders

The following is a summary of certain United States federal income tax consequences that will apply to you if you are a U.S. holder.

Stated Interest

Stated interest on the notes will generally be taxable to you as ordinary income at the time it is received or accrued, depending on your regular method of accounting for United States federal income tax purposes.

Sale, Exchange, Retirement, Redemption or Other Taxable Disposition of Notes

Upon the sale, exchange, retirement, redemption or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount realized upon the disposition (less an amount equal to any accrued and unpaid stated interest, which will be taxable as interest income as discussed above to the extent not previously included in income) and your adjusted tax basis in the note. Your adjusted tax basis in a note will, in general, be your cost for that note. Any gain or loss generally will be capital gain or loss and generally will be long-term capital gain or loss if you have held the note for more than one year. Long-term capital gains of non-corporate U.S. holders (including individuals) are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

The following is a summary of certain United States federal income tax consequences that will apply to you if you are a non-U.S. holder.

United States Federal Withholding Tax

Subject to the discussions of backup withholding and FATCA below, United States federal withholding tax will not apply to any payment of interest on the notes under the “portfolio interest rule,” provided that:

- interest paid on the notes is not effectively connected with your conduct of a trade or business in the United States;

Table of Contents

- you do not actually or constructively own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;
- you are not a controlled foreign corporation that is actually or constructively related to us through stock ownership;
- you are not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code; and
- either (a) you provide your name and address on an applicable Internal Revenue Service (“IRS”) Form W-8, and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to a 30% United States federal withholding tax, unless you provide the applicable withholding agent with a properly executed:

- IRS Form W-8BEN or Form W-8BEN-E (or other applicable form) certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or
- IRS Form W-8ECI (or other applicable form) certifying that interest paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under “—United States Federal Income Tax”).

The 30% United States federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement, redemption or other taxable disposition of a note.

United States Federal Income Tax

If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment or fixed base), then you will generally be subject to United States federal income tax on that interest on a net income basis in the same manner as if you were a United States person as defined under the Code (although you will be exempt from the 30% United States federal withholding tax, provided the certification requirements discussed above in “—United States Federal Withholding Tax” are satisfied). In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or a lower rate under an applicable income tax treaty) of your effectively connected earnings and profits, subject to certain adjustments.

Subject to the discussion of backup withholding below, any gain realized on the sale, exchange, retirement, redemption or other taxable disposition of a note generally will not be subject to United States federal income tax unless:

- the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment or fixed base), in which case you will generally be subject to United States federal income tax (and possibly branch profits tax) on such gain in the same manner as described above with respect to effectively connected interest; or
- you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met, in which case you will generally be subject to United States federal income tax at a rate of 30% (or a lower rate under an applicable income tax treaty) on such gain (net of certain United States source losses).

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to payments of interest on the notes and the proceeds of the sale or other taxable disposition (including a retirement or redemption) of a note paid to you (unless in each case you establish that you are an exempt recipient). Backup withholding may apply to such payments if you fail to provide your taxpayer identification number and a certification that you are not subject to backup withholding, or if you have failed to report in full interest and dividend income.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is timely furnished to the IRS.

Non-U.S. Holders

Interest paid to you and the amount of tax, if any, withheld with respect to those payments generally will be reported to the IRS. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty. In general, you will not be subject to backup withholding with respect to payments of interest on the notes that we make to you, provided that the applicable withholding agent does not have actual knowledge or reason to know that you are a United States person as defined under the Code, and such withholding agent has received from you the required certification that you are a non-U.S. holder described above in the fifth bullet point under “—Non-U.S. Holders—United States Federal Withholding Tax.”

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other taxable disposition (including a retirement or redemption) of notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payor under penalties of perjury that you are a non-U.S. holder (and the payor does not have actual knowledge or reason to know that you are a United States person as defined under the Code), or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is timely furnished to the IRS.

Additional Withholding Requirements

Under Sections 1471 through 1474 of the Code (such Sections commonly referred to as “*FATCA*”), a 30% United States federal withholding tax may apply to any interest paid on the notes to (i) a “foreign financial institution” (as specifically defined in the Code and whether such foreign financial institution is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding, or (ii) a “non-financial foreign entity” (as specifically defined in the Code and whether such non-financial foreign entity is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under “—Non-U.S. Holders—United States Federal Withholding Tax,” an applicable withholding agent may credit the the withholding under FATCA against, and therefore reduce, such other withholding tax. While withholding under FATCA would also have applied to payments of gross proceeds from the sale or other taxable disposition of the notes, proposed United States Treasury regulations (upon which taxpayers may rely until final regulations are issued) eliminate FATCA withholding on payments of gross proceeds entirely. You should consult your tax advisor regarding these rules and whether they may be relevant to your ownership and disposition of the notes.

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or, under certain circumstances, the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The expenses of the offering, not including the underwriting discount, are estimated at \$1.2 million and are payable by us.

Table of Contents

Discounts

The underwriters propose to offer some of the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the notes to dealers at the public offering price less a concession not to exceed 0.350% of the principal amount of the notes. The underwriters may allow, and dealers may reallow, a concession not to exceed 0.250% of the principal amount of the notes on sales to other dealers. After the initial offering of the notes to the public, the representatives may change the public offering price and concessions. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table shows the underwriting discount that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	<u>Paid by us</u>
Per note	0.600%
Total	<u>\$3,000,000</u>

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any securities exchange or for inclusion of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so, and may discontinue any market-making activities at any time in their sole discretion and without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

No Sales of Similar Securities

We have agreed that prior to the closing of this offering we will not, without first obtaining the prior written consent of the representatives, directly or indirectly issue, sell, offer to sell, contract to sell or grant any option to sell, pledge, transfer or otherwise dispose of any debt securities or securities exchangeable for or convertible into debt securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

Short Positions and Certain Other Transactions

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed specified maximum prices.
- Over-allotment involves sales by the underwriters of notes in excess of the number of notes the underwriters are obligated to purchase, which creates a syndicate short position.
- Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Table of Contents

- Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the notes originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the representative will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Conflicts of Interest

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and their respective affiliates have provided, and may in the future provide, a variety of these services to us and to persons and entities with relationships with us, for which they received or will receive customary fees and expenses.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of our affiliates or ours. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge and it is likely that certain of the underwriters or their affiliates will seek to reduce their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Other Matters

Standard Chartered Bank will not effect any offers or sales of any notes in the United States unless it is through one or more U.S. registered broker-dealers as permitted by the regulations of FINRA.

Settlement

It is expected that delivery of the notes will be made against payment therefor on or about February 23, 2024, which will be the third business day following the date of this prospectus supplement (such settlement cycle being herein referred to as T+3). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Purchasers of notes should be aware that the ability to settle secondary market trades of the notes effected prior to the second business day preceding the closing date may be affected by the T+3 settlement. Accordingly, purchasers who wish to trade the notes prior to the second business day preceding the closing date will be required, by virtue of the fact that the notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement.

ABOUT THIS PROSPECTUS

This prospectus is part of a “shelf” registration statement that we have filed with the Securities and Exchange Commission, or SEC. By using a shelf registration statement, we or any of the selling securityholders may sell, at any time and from time to time over the next three years, in one or more offerings, any combination of the securities described in this prospectus.

This prospectus provides you with a general description of the securities that we or any of the selling securityholders may offer. Each time we or the selling securityholders sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered and information regarding the selling securityholders, if any. The prospectus supplements may also add, update or change information contained in this prospectus. The exhibits to the registration statement of which this prospectus is a part contain the full text of certain contracts and other important documents we have summarized in this prospectus. Since these summaries may not contain all the information that you may find important in deciding whether to purchase the securities we or any of the selling securityholders may offer, you should review the full text of these documents. The registration statement and the exhibits can be obtained from the SEC as indicated under the heading “Where You Can Find More Information” below.

You should rely only on the information contained or incorporated by reference in this prospectus, any applicable prospectus supplement or any related free writing prospectus filed with the SEC. We have not authorized any other person to provide you with additional or different information. No offer to sell these securities will be made in any jurisdiction where the offer or sale is not permitted. You should assume that the information contained in or incorporated by reference in this prospectus is accurate only as of the date on the cover page. Our business, financial condition, results of operations and prospectus may have changed since that date.

In this prospectus, the terms “we,” “us,” and “our” refer to CBRE Group, Inc. and include all of its consolidated subsidiaries, unless the context requires otherwise. The phrase “this prospectus” refers to this prospectus and any applicable prospectus supplement, unless the context otherwise requires.

THE COMPANY

We are the world's largest commercial real estate services and investment firm, based on 2022 revenue, with leading global market positions in our leasing, property sales, occupier outsourcing and valuation businesses. As of December 31, 2022, the company had approximately 115,000 employees (excluding Turner & Townsend Holdings Limited employees) serving clients in more than 100 countries.

We provide services to real estate investors and occupiers. For investors, our services include capital markets (property sales and mortgage origination), mortgage sales and servicing, property leasing, investment management, property management, valuation and development services, among others. For occupiers, our services include facilities management, project management, transaction (property sales and leasing) and consulting services, among others. We provide services under the following brand names: "CBRE" (real estate advisory and outsourcing services); "CBRE Investment Management" (investment management); "Trammell Crow Company" (primarily U.S. development); "Telford Homes" (U.K. development); and "Turner & Townsend Holdings Limited" (Turner & Townsend, project management).

We generate revenue from stable, recurring sources (large multi-year portfolio and per project contracts) and from cyclical, non-recurring sources, including commissions on transactions. Our revenue mix has become more weighted towards stable revenue sources, particularly occupier outsourcing, and we are less dependent on cyclical property sales and lease transaction revenue than we were a decade or more ago. We believe we are well-positioned to capture a substantial and growing share of market opportunities at a time when investors and occupiers increasingly prefer to purchase integrated, account-based services on a national and global basis.

In 2022, we generated revenue from a highly diversified base of clients, including more than 95 of the Fortune 100 companies. We have been an S&P 500 company since 2006 and are currently ranked #135 on the Fortune 500. We have been voted the most recognized commercial real estate brand in the Lipsey Company survey for 22 years in a row. We have also been rated a World's Most Ethical Company by the Ethisphere Institute for ten consecutive years and included in the Dow Jones World Sustainability Index for four years in a row (including 2022, the most recent year this ranking is available) and the Bloomberg Gender-Equality Index for four years in a row.

Our principal executive offices are located at 2100 McKinney Avenue, Suite 1250, Dallas, Texas 75201, and our telephone number is (214) 979-6100.

RISK FACTORS

Our business is subject to uncertainties and risks. Before deciding whether to purchase any of our securities, you should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent annual report on Form 10-K, as updated by our quarterly reports on Form 10-Q and other filings we make with the SEC. Our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks and could result in a partial or complete loss of your investment.

USE OF PROCEEDS

Except as may be described otherwise in a prospectus supplement, we will add the net proceeds from any sale of securities to which this prospectus relates to our general funds and will use them for general corporate purposes. General corporate purposes may include repayment of debt, acquisitions, additions to working capital, capital expenditures, investments in our subsidiaries and co-investments in our investment funds.

We may designate a specific allocation of the net proceeds of an offering of securities by us to a specific purpose, if any, at the time of the offering and will describe any allocation in the related prospectus supplement. Net proceeds may be temporarily invested prior to use.

GENERAL DESCRIPTION OF SECURITIES THAT MAY BE SOLD

This prospectus contains or incorporates by reference summary descriptions of the debt securities, Class A common stock, preferred stock, depositary shares, warrants and units that we and any securityholder may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the related prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

We have summarized below general terms and conditions of the debt securities or guarantees of debt securities that CBRE Group, Inc. or CBRE Services, Inc. may offer and sell pursuant to this prospectus. The debt securities (and any associated guarantees) will either be senior debt securities, senior subordinated debt securities or subordinated debt securities. When we offer to sell a particular series of debt securities, we will describe the specific terms and conditions of the series in a prospectus supplement to this prospectus, including the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock or other debt securities. We will also indicate in the applicable prospectus supplement whether the general terms and conditions described in this prospectus apply to the series of debt securities. In addition, the terms and conditions of the debt securities of a series may be different in one or more respects from the terms and conditions described below. If so, those differences will be described in the applicable prospectus supplement. We may, but need not, describe any additional or different terms and conditions of such debt securities in an annual report on Form 10-K, a quarterly report on Form 10-Q or a current report on Form 8-K filed with the SEC, the information in which would be incorporated by reference in this prospectus and such report will be identified in the applicable prospectus supplement.

We will issue the debt securities in one or more series under indentures among CBRE Group, Inc., CBRE Services, Inc., subsidiary guarantors named therein, and, in the case of debt securities issued by CBRE Group, Inc., Computershare Trust Company, National Association, as trustee, and, in the case of debt securities issued by CBRE Services, Inc., Computershare Trust Company, as successor to Wells Fargo Bank, National Association, as trustee.

The following summary of provisions of the indentures does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the indentures, including definitions therein of certain terms. This summary may not contain all of the information that you may find useful.

The terms and conditions of the debt securities of each series will be set forth in those debt securities and in the applicable indenture. For a comprehensive description of any series of debt securities being offered to you pursuant to this prospectus, you should read both this prospectus and the applicable prospectus supplement.

We have filed the forms of the indentures as exhibits to the registration statement of which this prospectus forms a part. A form of each debt security, reflecting the specific terms and provisions of that series of debt securities, will be filed with the SEC in connection with each offering and will be incorporated by reference in the registration statement of which this prospectus forms a part.

You may obtain a copy of the indentures and any form of debt security that has been filed in the manner described under “Where You Can Find More Information.” Capitalized terms used and not defined in this summary have the meanings specified in the indenture. For purposes of this section of this prospectus, references to “we,” “us” and “our” are to either CBRE Group, Inc. or CBRE Services, Inc. (depending on the applicable issuer of debt securities) and not to any of their respective subsidiaries. References to the “applicable prospectus supplement” are to the prospectus supplement to this prospectus that describes the specific terms and conditions of a series of debt securities.

Table of Contents

General

We may offer the debt securities from time to time in as many distinct series as we may determine. All debt securities will be our senior obligations, senior subordinated obligations or subordinated obligations, as the case may be.

The indentures do not limit the amount of debt securities that we may issue under such indentures. We may, without the consent of the holders of the debt securities of any series, issue additional debt securities ranking equally with, and otherwise similar in all respects to, the debt securities of the series (except for the public offering price and the issue date) so that those additional debt securities will be consolidated and form a single series with the debt securities of the series previously offered and sold under a particular indenture.

The debt securities of each series will be issued in fully registered form without interest coupons. We currently anticipate that the debt securities of each series offered and sold pursuant to this prospectus will be issued as global debt securities as described under “—Book-Entry; Delivery and Form; Global Securities” and will trade in book-entry form only.

Debt securities denominated in U.S. dollars will be issued in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof, unless otherwise specified in the applicable prospectus supplement. If the debt securities of a series are denominated in a foreign or composite currency, the applicable prospectus supplement will specify the denomination or denominations in which those debt securities will be issued.

Unless otherwise specified in the applicable prospectus supplement, we will repay the debt securities of each series at 100% of their principal amount, together with accrued and unpaid interest thereon at maturity, except if those debt securities have been previously redeemed or purchased and cancelled.

Unless otherwise specified in the applicable prospectus supplement, the debt securities of each series will not be listed on any securities exchange.

Provisions of Indentures

The indentures provide that debt securities may be issued under such indentures from time to time in one or more series. For each series of debt securities, this prospectus and the applicable prospectus supplement will describe the following terms and conditions of that series of debt securities:

- whether the debt securities of the series will rank as senior securities, senior subordinated securities or subordinated securities or any combination thereof and the terms of such subordination;

- our obligation or right, if any, to redeem or purchase any debt securities of the series pursuant to any sinking fund or at the option of the holder thereof and the period or periods within which, the price or prices at which and the terms and conditions upon which any debt securities of the series will be redeemed or purchased, in whole or in part, pursuant to such obligation;

- if the amount of principal of or premium, if any, or interest on any debt securities of the series may be determined with reference to a financial or economic measure or index or pursuant to a formula, the manner in which such amounts will be determined;
- if other than U.S. dollars, the currency, currencies or currency units in which the principal of or premium, if any, or interest on any debt securities of the series will be payable and the manner of determining the equivalent thereof in U.S. dollars for any purpose;

- if the principal amount payable at the stated maturity of any debt securities of the series will not be determinable as of any one or more dates prior to the stated maturity, the amount which will be deemed to be the principal amount of such debt securities as of any such date for any purpose thereunder or hereunder, including the principal amount thereof which will be due and payable upon any maturity other than the stated maturity or which will be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount will be determined);
- if other than by a board resolution, the manner in which any election by us to defease any debt securities of the series pursuant to the indenture will be evidenced; whether any debt securities of the series other than debt securities denominated in U.S. dollars and bearing interest at a fixed rate are to be subject to the defeasance provisions of the indenture; or, in the case of debt securities denominated in U.S. dollars and bearing interest at a fixed rate, if applicable, that the debt securities of the series, in whole or any specified part, will not be defeasible pursuant to the indenture;
- if applicable, that any debt securities of the series will be issuable in whole or in part in the form of one or more global securities and, in such case, the respective depositories for such global securities and the form of any legend or legends which will be borne by any such global securities, and any circumstances in which any such global security may be exchanged in whole or in part for debt securities registered, and any transfer of such global security in whole or in part may be registered, in the name or names of persons other than the depository for such global security or a nominee thereof;
- any addition to, deletion from or change in the events of default applicable to any debt securities of the series and any change in the right of the trustee or the requisite holders of such debt securities to declare the principal amount thereof due and payable;

- any other terms of the debt securities of the series and the guarantees thereof (which terms will not be inconsistent with the provisions of the applicable indenture, except as permitted thereunder).

Interest

In the applicable prospectus supplement, we will designate the debt securities of a series as being either debt securities bearing interest at a fixed rate of interest or debt securities bearing interest at a floating rate of interest at the rate specified or determined in the applicable prospectus supplement. Each debt security will begin to accrue interest from the date on which it is originally issued. Interest on each such debt security will be payable in arrears on the interest payment dates set forth in the applicable prospectus supplement and at maturity or, if earlier, the redemption date described below. Interest will be payable to the holder of record of the debt securities at the close of business on the record date for each interest payment date, which record dates will be specified in the applicable prospectus supplement.

Optional Redemption

Redemption at Our Option

If specified in the applicable prospectus supplement, we may elect to redeem all or part of the outstanding debt securities of a series from time to time before the maturity date of the debt securities of that series. Upon such election, we will notify the trustee of the redemption date and the principal amount of debt securities of the series to be redeemed. If less than all the debt securities of the series are to be redeemed, the particular debt securities of that series to be redeemed will be selected by the trustee by such method as the trustee deems fair and appropriate and in accordance with The Depository Trust Company ("DTC") procedures. The applicable prospectus supplement will specify the redemption price for the debt securities to be redeemed (or the method of calculating such price), in each case in accordance with the terms and conditions of those debt securities.

Notice of redemption will be given to each holder of the debt securities to be redeemed not less than 30 nor more than 60 days prior to the date set for such redemption. This notice will include the following information: the redemption date; the redemption price (or the method of calculating such price); if less than all of the outstanding debt securities of such series are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the particular debt securities to be redeemed; the place or places where such debt securities are to be surrendered for payment of the redemption price; and, if applicable, the CUSIP number of the debt securities to be redeemed.

By no later than 11:00 a.m. (New York City time) on the redemption date, we will deposit or cause to be deposited with the trustee or with a paying agent (or, if we are acting as our own paying agent with respect to the debt securities being redeemed, we will segregate and hold in trust as provided in the indenture) an amount of money sufficient to pay the aggregate redemption price of, and (except if the redemption date shall be an interest

Table of Contents

payment date or the debt securities of such series provide otherwise) accrued interest on, all of the debt securities or the part thereof to be redeemed on that date. On the redemption date, the redemption price will become due and payable upon all of the debt securities to be redeemed, and interest, if any, on the debt securities to be redeemed will cease to accrue from and after that date. Upon surrender of any such debt securities for redemption, we will pay those debt securities surrendered at the redemption price together, if applicable, with accrued interest to the redemption date.

Any debt securities to be redeemed only in part must be surrendered at the office or agency established by us for such purpose, and we will execute, and the trustee will authenticate and deliver to a holder without service charge, new debt securities of the same series and of like tenor, of any authorized denominations as requested by such holder, in a principal amount equal to and in exchange for the unredeemed portion of the debt securities that holder surrenders.

Repayment at Holder's Option

If specified in the applicable prospectus supplement, the holders of the debt securities of a series will have the option to elect repayment of those debt securities by us prior to the stated maturity of the debt securities of that series at a time or times, and subject to the conditions, specified in the applicable prospectus supplement. If the holders of those debt securities have that option, the applicable prospectus supplement will specify the optional repayment date or dates on which the debt security may be repaid and the optional repayment price, or the method by which such price will be determined. The optional repayment price is the price at which, together with accrued interest to the optional repayment date, the debt security may be repaid at the holder's option on each such optional repayment date.

Any tender of a debt security by the holder for repayment will be irrevocable. Any repayment option of a holder may be exercised by the holder of debt securities for less than the entire principal amount of the debt security; *provided* that the principal amount of the debt security remaining outstanding after repayment will be an authorized denomination. Upon such partial repayment, the debt securities will be canceled and new debt securities for the remaining principal amount will be issued in the name of the holder of the repaid debt securities.

If debt securities are represented by a global security as described under “—Book-Entry; Delivery and Form; Global Securities,” the securities depository for the global security or its nominee will be the holder of the debt security and, therefore, will be the only person that can exercise a right to repayment. In order to ensure that the depository or its nominee will timely exercise a right to repayment relating to a particular debt security, the beneficial owner of the debt security must instruct the broker or other direct or indirect participant in the depository through which it holds an interest in the debt security to notify the depository of its desire to exercise a right to repayment by the appropriate cut-off time for notifying the participant. Different firms have different cut-off times for accepting instructions from their customers. Accordingly, you should consult the broker or other direct or indirect participant through which you hold an interest in a debt security in order to ascertain the cut-off time by which such an instruction must be given for timely notice to be delivered to the appropriate depository.

Payment and Transfer or Exchange

Principal of and premium, if any, and interest on the debt securities of each series will be payable, and the debt securities may be exchanged or transferred, at the office or agency maintained by us for such purpose which initially will be the trustee's office located at 1505 Energy Park Drive, St Paul, MN 55108 Attention: Corporate Trust Department – CBRE Group, Inc. Administrator. Payment of principal of and premium, if any, and interest on a global security registered in the name of or held by DTC or its nominee will be made in immediately available funds to DTC or its nominee, as the case may be, as the registered holder of such global security. If any of the debt securities is no longer represented by a global security, payment of interest on certificated debt securities in definitive form may, at our option, be made by check mailed directly to holders at their registered addresses. See “—Book-Entry; Delivery and Form; Global Securities.”

Table of Contents

A holder may transfer or exchange any certificated debt securities in definitive form at the same location given in the preceding paragraph. No service charge will be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

We are not required to transfer or exchange any debt security selected for redemption for a period of 15 days before mailing of a notice of redemption of the debt security to be redeemed.

The transferor shall provide, or cause to be provided, to the trustee all information necessary to allow the trustee to comply with any applicable tax reporting obligations, including without limitation, any cost basis reporting obligations under Internal Revenue Code Section 6045. The trustee may rely on any such information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

The registered holder of a debt security will be treated as the owner of it for all purposes.

All amounts of principal of and premium, if any, or interest on the debt securities paid by us that remain unclaimed two years after such payment was due and payable will be repaid to us, and the holders of such debt securities will thereafter look solely to us for payment.

Guarantees

Each prospectus supplement will describe, as to the debt securities to which it relates, any guarantees by us, including the terms of subordination, if any, of such guarantees. Any such guarantees will be full and unconditional.

Covenants

Each indenture sets forth limited covenants, including the covenant described below, that will apply to each series of debt securities issued under such indenture, unless otherwise specified in the applicable prospectus supplement.

The debt securities and related guarantees may contain certain additional restrictive covenants to be set forth in an applicable officer's certificate or supplemental indenture.

Consolidation, Merger and Sale of Assets

Each indenture provides that we may consolidate with or merge with or into any other person, and may sell, transfer, lease or convey all or substantially all of our properties and assets to another person; *provided* that the following conditions are satisfied:

- we are the continuing entity, or the resulting, surviving or transferee person (the "Successor") is a person organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and the Successor (if not us) will expressly assume, by supplemental indenture, all of our obligations under the debt securities and the applicable indenture and, for each security that by its terms provides for conversion, provide for the right to convert such security in accordance with its terms;
- immediately after giving effect to such transaction, no default or event of default under the applicable indenture has occurred and is continuing; and
- the trustee receives from us an officer's certificate and an opinion of counsel that the merger, consolidation or transfer and such supplemental indenture, as the case may be, complies with the applicable provisions of the applicable indenture.

Table of Contents

If we consolidate or merge with or into any other person or sell, transfer, lease or convey all or substantially all of our properties and assets in accordance with the applicable indenture, the Successor will be substituted for us in such indenture, with the same effect as if it had been an original party to such indenture. As a result, the Successor may exercise our rights and powers under such indenture, and we will be released from all our liabilities and obligations under such indenture and under the debt securities.

Any substitution of the Successor for us might be deemed for federal income tax purposes to be an exchange of the debt securities for “new” debt securities, resulting in recognition of gain or loss for such purposes and possibly certain other adverse tax consequences to beneficial owners of the debt securities. Holders should consult their own tax advisors regarding the tax consequences of any such substitution.

For purposes of this covenant, “person” means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof or any other entity.

Events of Default

Each of the following events are defined in the indenture as an “event of default” (whatever the reason for such event of default and whether or not it will be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) with respect to the debt securities of any series:

(1) default in the payment of any installment of interest on any debt securities of that series for 30 days after becoming due;

(2) default in the payment of principal or premium, if any, on any debt securities of that series when it becomes due and payable at its stated maturity, upon optional redemption, upon declaration or otherwise;

(3) default in the deposit of any sinking fund payment, when and as due by the terms of any debt securities of that series;

(4) default in the performance, or breach, of any covenant or agreement of ours in the indenture with respect to the debt securities of that series (other than as referred to in clause (1), (2) or (3) above), which continues for a period of 90 days (except that, in the case of a default in the performance or breach of a reporting covenant, such period shall be of 180 days) after written notice to us by the trustee or to us and the trustee by the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series;

(5) we, pursuant to or within the meaning of the Bankruptcy Law:

- commence a voluntary case or proceeding;
- consent to the entry of an order for relief against us in an involuntary case or proceeding;
- consent to the appointment of a Custodian of us or for all or substantially all of our property;
- make a general assignment for the benefit of our creditors;
- file a petition in bankruptcy or answer or consent seeking reorganization or relief;
- consent to the filing of such petition or the appointment of or taking possession by a Custodian; or
- take any comparable action under any foreign laws relating to insolvency;

(6) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

- is for relief against us in an involuntary case, or adjudicates us insolvent or bankrupt;

Table of Contents

- appoints a Custodian of us or for all or substantially all of our property; or
- orders the winding-up or liquidation of us (or any similar relief is granted under any foreign laws), and the order or decree remains unstayed and in effect for 90 days; or

(7) any other event of default provided with respect to debt securities of that series occurs.

“Bankruptcy Law” means Title 11, United States Code or any similar federal or state or foreign law for the relief of debtors.

“Custodian” means any custodian, receiver, trustee, assignee, liquidator or other similar official under any Bankruptcy Law.

If an event of default with respect to debt securities of any series (other than an event of default relating to certain events of bankruptcy, insolvency, or reorganization of us) occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series by notice to us and the trustee, may, and the trustee at the request of these holders will, declare the principal of and premium, if any, and accrued and unpaid interest on all the debt securities of that series to be due and payable. Upon such a declaration, such principal, premium and accrued and unpaid interest will be due and payable immediately. If an event of default relating to certain events of bankruptcy, insolvency, or reorganization of us occurs and is continuing, the principal of and premium, if any, and accrued and unpaid interest on the debt securities of that series will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holders.

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series may rescind a declaration of acceleration and its consequences, if we have deposited certain sums with the trustee and all events of default with respect to the debt securities of that series, other than the non-payment of the principal or interest which have become due solely by such acceleration, have been cured or waived, as provided in the applicable indenture.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under any indenture.

We are required to furnish the trustee annually a statement by certain of our officers to the effect that, to their knowledge, we are not in default in the fulfillment of any of our obligations under the indentures or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the status of each such default.

No holder of any debt securities of any series will have any right to institute any judicial or other proceeding with respect to the applicable indenture, or for the appointment of a receiver or trustee, or for any other remedy unless:

(1) an event of default has occurred and is continuing and such holder has given the trustee prior written notice of such continuing event of default with respect to the debt securities of that series;

(2) the holders of not less than 25% of the aggregate principal amount of the outstanding debt securities of that series have requested the trustee to institute proceedings in respect of such event of default;

(3) such holder or holders have offered to the trustee indemnity reasonably satisfactory to it against its costs, fees, expenses, losses and liabilities in complying with such request;

(4) the trustee has failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and

Table of Contents

(5) no direction inconsistent with such written request has been given for 60 days by the holders of a majority in aggregate principal amount of the outstanding debt securities of that series.

The holders of a majority in aggregate principal amount of outstanding debt securities of a series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee with respect to the debt securities of that series or exercising any trust or power conferred to the trustee, and to waive certain defaults. The indentures provide that if an event of default occurs and is continuing, the trustee will exercise such of its rights and powers under the applicable indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the applicable indenture at the request of any of the holders of the debt securities of a series unless they will have offered to the trustee security or indemnity satisfactory to the trustee against the costs, fees, expenses, losses and liabilities which might be incurred by it in compliance with such request.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of and premium, if any, and interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

Modification and Waivers

Modification and amendments of an indenture and the debt securities of any series may be made by us and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series affected thereby; *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding debt security of that series affected thereby:

- change the stated maturity of the principal of, or installment of interest on, any debt security;
- reduce the principal amount of any debt security or reduce the amount of the principal of any debt security which would be due and payable upon a declaration of acceleration of the maturity thereof or reduce the rate of interest on any debt security;
- reduce any premium payable on the redemption of any debt security or change the date on which any debt security may or must be redeemed;
- change the coin or currency in which the principal of or premium, if any, or interest on any debt security is payable;
- impair the right of any holder to institute suit for the enforcement of any payment on or after the stated maturity of any debt security (or, in the case of redemption, on or after the redemption date);
- reduce the percentage in principal amount of the outstanding debt securities, the consent of whose holders is required in order to take certain actions;
- reduce the requirements for quorum or voting by holders of debt securities in such indenture or the debt security;
- modify any of the provisions in such indenture regarding the waiver of past defaults and the waiver of certain covenants by the holders of debt securities except to increase any percentage vote required or to provide that certain other provisions of such indenture cannot be modified or waived without the consent of the holder of each debt security affected thereby;
- make any change that adversely affects the right to convert or exchange any debt security or decreases the conversion or exchange rate or increases the conversion price of any convertible or exchangeable debt security, unless such decrease or increase is permitted by the terms of the debt securities; or
- modify any of the above provisions.

Table of Contents

We and the trustee may, without the consent of any holders, modify or amend the terms of an indenture and the debt securities of any series with respect to the following:

- to add to our covenants for the benefit of holders of the debt securities of all or any series or to surrender any right or power conferred upon us;
- to evidence the succession of another person to, and the assumption by the successor of our covenants, agreements and obligations under, such indenture pursuant to the covenant described under “—Covenants—Consolidation, Merger and Sale of Assets;”
- to add any additional events of default for the benefit of holders of the debt securities of all or any series;
- to add additional guarantees or additional guarantors in respect of debt securities, and to evidence the release and discharge of any guarantor from its obligations under its guarantee of debt securities and its obligations under the applicable indenture in accordance with the terms of such indenture;
- to secure the debt securities pursuant to the covenants of such indenture;
- to add or appoint a successor or separate trustee or other agent;
- to provide for the issuance of additional debt securities of any series;
- to establish the form or terms of debt securities of any series as permitted by such indenture;
- to comply with the rules of any applicable securities depository;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
- to add to, change or eliminate any of the provisions of such indenture in respect of one or more series of debt securities;*provided* that any such addition, change or elimination (a) shall neither (1) apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (2) modify the rights of the holder of any such debt security with respect to such provision or (b) shall become effective only when there is no debt security described in clause (1) outstanding;
- to conform the text of such indenture and the debt securities of such series to this “Description of Debt Securities” or the comparable provisions in the applicable prospectus supplement to the extent this “Description of Debt Securities” or such comparable provision in such applicable prospectus supplement was intended to be a verbatim recitation of a provision of such indenture or debt securities of such series, which intent may be evidenced by an Officer’s Certificate to that effect;
- to cure any ambiguity, omission, defect or inconsistency; or
- to change any other provision; *provided* that the change does not adversely affect the interests of the holders of debt securities of any series in any material respect.

The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive compliance by us with certain restrictive provisions of the applicable indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive any past default and its consequences under the applicable indenture with respect to the debt securities of that series, except a default (1) in the payment of principal or premium, if any, or interest on debt securities of that series or (2) in respect of a covenant or provision of the applicable indenture that cannot be modified or amended without the consent of the holder of each debt security of that series. Upon any such waiver, such default will cease to exist, and any event of default arising therefrom will be deemed to have been cured, for every purpose of the applicable indenture; however, no such waiver will extend to any subsequent or other default or event of default or impair any rights consequent thereon.

Discharge, Defeasance and Covenant Defeasance

We may discharge certain obligations to holders of the debt securities of a series that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by depositing with the trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness including the principal and premium, if any, and interest to the date of such deposit (if the debt securities have become due and payable) or to the maturity thereof or the redemption date of the debt securities of that series, as the case may be.

The indentures provide that we may elect either (1) to defease and be discharged from any and all obligations with respect to the debt securities of a series (except for, among other things, obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (“legal defeasance”) or (2) to be released from our obligations to comply with the restrictive covenants under such indentures, and any omission to comply with such obligations will not constitute a default or an event of default with respect to the debt securities of a series and clauses (4) and (7) under “—Events of Default” will no longer be applied (“covenant defeasance”). Legal defeasance or covenant defeasance, as the case may be, will be conditioned upon, among other things, the irrevocable deposit by us with the trustee, in trust, of an amount in U.S. dollars, or U.S. government obligations, or both, applicable to the debt securities of that series which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient (and in the case of a deposit of U.S. government obligations, as certified by an independent qualified party) to pay the principal or premium, if any, and interest on the debt securities on the scheduled due dates therefor.

If we effect covenant defeasance with respect to the debt securities of any series, the amount in U.S. dollars, or U.S. government obligations, or both, on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from an event of default. However, we would remain liable to make payment of such amounts due at the time of acceleration.

We will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance will not cause the holders and beneficial owners of the debt securities of that series to recognize income, gain or loss for federal income tax purposes. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option.

Same-Day Settlement and Payment

Unless otherwise provided in the applicable prospectus supplement, the debt securities will trade in the same-day funds settlement system of DTC until maturity or until we issue the debt securities in certificated form. DTC will therefore require secondary market trading activity in the debt securities to settle in immediately available funds. We can give no assurance as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

Book-Entry; Delivery and Form; Global Securities

Unless otherwise specified in the applicable prospectus supplement, the debt securities of each series will be issued in the form of one or more global debt securities, in definitive, fully registered form without interest coupons, each of which we refer to as a “global security.” Each such global security will be deposited with the trustee as custodian for DTC and registered in the name of a nominee of DTC in New York, New York for the accounts of participants in DTC.

Table of Contents

Investors may hold their interests in a global security directly through DTC if they are DTC participants, or indirectly through organizations that are DTC participants. Except in the limited circumstances described below, holders of debt securities represented by interests in a global security will not be entitled to receive their debt securities in fully registered certificated form.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities of institutions that have accounts with DTC (“participants”) and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s book-entry system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

Ownership of Beneficial Interests

Upon the issuance of each global security, DTC will credit, on its book-entry registration and transfer system, the respective principal amount of the individual beneficial interests represented by the global security to the accounts of participants. Ownership of beneficial interests in each global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in each global security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants’ interests) and such participants (with respect to the owners of beneficial interests in the global security other than participants).

So long as DTC or its nominee is the registered holder and owner of a global security, DTC or such nominee, as the case may be, will be considered the sole legal owner of the debt security represented by the global security for all purposes under the indenture, the debt securities and applicable law. Except as set forth below, owners of beneficial interests in a global security will not be entitled to receive certificated debt securities and will not be considered to be the owners or holders of any debt securities represented by the global security. We understand that under existing industry practice, in the event an owner of a beneficial interest in a global security desires to take any actions that DTC, as the holder of the global security, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them. No beneficial owner of an interest in a global security will be able to transfer such interest except in accordance with DTC’s applicable procedures, in addition to those provided for under the indenture. Because DTC can only act on behalf of participants, who in turn act on behalf of others, the ability of a person having a beneficial interest in a global security to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of a physical certificate representing that interest.

All payments on the debt securities represented by a global security registered in the name of and held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global security.

We expect that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of a global security, will credit participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global security

Table of Contents

held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for accounts for customers registered in the names of nominees for such customers. These payments, however, will be the responsibility of such participants and indirect participants, and neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and the owners of beneficial interests in the global security.

Unless and until it is exchanged in whole or in part for certificated debt securities, each global security may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

We expect that DTC will take any action permitted to be taken by a holder of debt securities only at the direction of one or more participants to whose account the DTC interests in a global security are credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an event of default under the debt securities, DTC may exchange each global security for certificated debt securities, which it will distribute to its participants.

Although we expect that DTC will agree to the foregoing procedures in order to facilitate transfers of interests in each global security among participants of DTC, DTC is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, the underwriters nor the trustee will have any responsibility for the performance or nonperformance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

The indentures provide that the global securities will be exchanged for debt securities in certificated form of like tenor and of an equal principal amount, in authorized denominations in the following limited circumstances:

(1) DTC notifies us that it is unwilling or unable or no longer permitted under applicable law to continue as depository or if DTC ceases to be eligible to act as depository under the indentures and we do not appoint a successor depository within 90 days;

(2) we determine that the debt securities will no longer be represented by global securities and execute and deliver to the trustee an order to such effect; or

(3) an event of default with respect to the debt securities will have occurred and be continuing.

These certificated debt securities will be registered in such name or names as DTC will instruct the trustee. It is expected that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interests in global securities.

The information in this section of this prospectus concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take responsibility for this information.

Euroclear and Clearstream

If the depository for a global security is DTC, you may hold interests in the global security through Clearstream Banking, société anonyme, which we refer to as "Clearstream," or Euroclear Bank SA/ NV, as operator of the Euroclear System, which we refer to as "Euroclear," in each case, as a participant in DTC. Euroclear and Clearstream will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream on the books of their respective depositories, which in turn will hold such interests in customers' securities in the depositories' names on DTC's books.

Table of Contents

Payments, deliveries, transfers, exchanges, notices and other matters relating to the debt securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants, and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on one hand, and other participants in DTC, on the other hand, would also be subject to DTC's rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the debt securities through these systems and wish on a particular day, to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchase or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

DESCRIPTION OF PREFERRED STOCK

The following description summarizes information regarding our preferred stock. This information does not purport to be complete and is subject in all respects to the applicable provisions of the Delaware General Corporation Law, and our restated certificate of incorporation, as amended, and our amended and restated by-laws. You are urged to read our restated certificate of incorporation, as amended, and our amended and restated by-laws in their entirety. For purposes of this section of this prospectus, references to “we,” “us” and “our” are to CBRE Group, Inc. and not to any of its subsidiaries.

Our board of directors is authorized, subject to any limitations imposed by law, without the approval of our securityholders, to issue from time to time up to a total of 25,000,000 shares of our preferred stock, \$0.01 par value per share, in one or more series, with each such series having rights and preferences, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, as our board of directors may determine. The issuance of our preferred stock, while potentially providing us with flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or discourage a third party from attempting to acquire, a majority of our outstanding voting stock.

As of December 19, 2023, we had 25,000,000 shares of preferred stock available for issuance.

We will include in a prospectus supplement the terms relating to any series of preferred stock being offered. These terms will include some or all of the following:

- the title of the series and the number of shares in the series;
- the price at which the preferred stock will be offered;
- the dividend rate or rates or method of calculating the rates, the dates on which the dividends will be payable, whether or not dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends on the preferred stock being offered will cumulate;
- the voting rights, if any, of the holders of shares of the preferred stock being offered;
- the provisions for a sinking fund, if any, and the provisions for redemption, if applicable, of the preferred stock being offered;
- the liquidation preference per share;
- the terms and conditions, if applicable, upon which the preferred stock being offered will be convertible into our common stock, including the conversion price, or the manner of calculating the conversion price, and the conversion period;
- any listing of the preferred stock being offered on any securities exchange;
- whether interests in the shares of the series will be represented by depositary shares;
- a discussion of any material U.S. federal income tax considerations applicable to the preferred stock being offered;
- the relative ranking and preferences of the preferred stock being offered as to dividend rights and rights upon liquidation, dissolution, or the winding up of our affairs;
- any limitations on the issuance of any class or series of preferred stock ranking senior or equal to the series of preferred stock being offered as to dividend rights and rights upon liquidation, dissolution or the winding up of our affairs; and
- any additional rights, preferences, qualifications, limitations, and restrictions of the series.

Upon issuance, the shares of preferred stock will be fully paid and nonassessable, which means that its holders will have paid their purchase price in full and we may not require them to pay additional funds. Holders of preferred stock will not have any preemptive rights.

DESCRIPTION OF DEPOSITARY SHARES

We summarize below some of the provisions that will apply to depositary shares unless the applicable prospectus supplement provides otherwise. This summary does not contain all of the information that may be important to you. The complete terms of the depositary shares will be set forth in the depositary agreement and depositary receipt for the applicable depositary shares. The forms of depositary agreement and related depositary receipt that will be entered into with respect to a particular offering of depositary shares will be filed as exhibits to the registration statement of which this prospectus is a part or as documents that are incorporated or deemed to be incorporated by reference in this prospectus. You should read the depositary agreement and the depositary receipt. The particular terms of any depositary shares and the related depositary receipts and depositary agreement will be described in the applicable prospectus supplement. You should read the applicable prospectus supplement, which will contain additional information and which may update or change some of the information below. For purposes of this section of this prospectus, references to “we,” “us” and “our” are to CBRE Group, Inc. and not to any of its subsidiaries.

General

We may offer fractional shares of preferred stock of any class or series of CBRE Group, Inc., rather than full preferred shares. If we do, we will deposit preferred stock of such class or series with a bank, trust company or other financial institution as depositary, with respect to such depositary agreement (the “Depositary”) and cause such Depositary to issue depositary receipts evidencing the related depositary shares, each of which will represent a fractional interest (to be set forth in the applicable prospectus supplement) of a share of such class or series, as the case may be, of preferred stock.

The preferred stock represented by depositary shares will be deposited under a separate depositary agreement between us and the applicable Depositary, which shall have an office in the United States and which has, or whose parent entity has, a combined capital and surplus (calculated on a consolidated basis) of at least \$50,000,000. Subject to the terms of the depositary agreement, each holder of a depositary receipt issued under that depositary agreement will be entitled, in proportion to the applicable fraction of a preferred share represented by the related depositary share, to all the rights and preferences of the preferred stock represented thereby (including, if applicable and subject to the matters discussed below, any distribution, voting, redemption, conversion, exchange and liquidation rights).

The applicable prospectus supplement relating to the depositary shares offered thereby will set forth their specific terms, including, when applicable:

- the terms of the class or series of preferred stock deposited by us under the related depositary agreement, the number of such depositary shares and the fraction of one share of such preferred stock represented by one such depositary share,
- whether such depositary shares will be listed on any securities exchange; and
- any other specific terms of such depositary shares and the related depositary agreement.

Depositary receipts may be surrendered for transfer or exchange at any office or agency of the relevant Depositary maintained for that purpose, subject to the terms of the related depositary agreement. Unless otherwise specified in the applicable prospectus supplement, depositary receipts will be issued in denominations evidencing any whole number of depositary shares. No service charge will be made for any permitted transfer or exchange of depositary receipts, but we or the Depositary may require payment of any tax or other governmental charge payable in connection therewith.

Pending the preparation of definitive depositary receipts, the Depositary may, upon our written order, execute and deliver temporary depositary receipts which are substantially similar to, and entitle the holders

thereof to all the rights pertaining to, the definitive depositary receipts. Depositary receipts will be prepared thereafter and, when definitive depositary receipts are available, temporary depositary receipts will be exchangeable for definitive depositary receipts at our expense.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Depositary will distribute all cash distributions received in respect of the deposited preferred shares to the record holders, as of the relevant record date, of depositary receipts relating to such preferred shares in proportion, insofar as possible, to the numbers of such depositary shares owned by such holders on such record date. The Depositary will distribute only such amount, however, as can be distributed without distributing to any holder of depositary receipts a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum, if any, received by the Depositary for distribution to record holders of those depositary receipts.

In the event of a distribution in property other than in cash, the Depositary will distribute property received by it to the record holders, as of the relevant record date, of depositary receipts entitled thereto in proportion, insofar as possible, to the number of depositary shares owned by such holders on such record date. If, however, the Depositary determines that it is not feasible to make such distribution, it may, with our approval, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including the sale (public or private) of such property and the distribution of the net proceeds from such sale to such holders.

The deposit agreement may also contain provisions relating to the manner in which any subscription or similar rights offering offered by us to holders of the related class or series of preferred shares will be made available to holders of depositary receipts.

The amount distributed in any of the foregoing cases will be reduced by any amount required to be withheld by us or the Depositary on account of taxes.

Redemption and Repurchase of Preferred Stock

If we redeem a class or series of preferred stock represented by depositary shares, the Depositary will redeem the depositary shares from the proceeds received by the Depositary resulting from the redemption, in whole or in part, of such class or series of preferred shares held by the Depositary. The redemption price per depositary share will be equal to the applicable fraction of the redemption price and of any other amounts or property per share payable upon such redemption with respect to the preferred stock so redeemed. Whenever we redeem preferred shares held by the Depositary, the Depositary will redeem as of the same date the number of depositary shares representing the preferred shares so redeemed, *provided* that we have paid in full to the Depositary the redemption price of the preferred shares to be redeemed plus any other amounts or property payable upon such redemption with respect to the shares to be so redeemed. If fewer than all the depositary shares are to be redeemed at our option, the depositary shares to be redeemed will be selected by the Depositary by lot or pro rata or by any other equitable method as may be determined by the Depositary. If the depositary shares evidenced by a depositary receipt are to be redeemed in part only, a new depositary receipt will be issued for any depositary shares not so redeemed.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the related depositary receipts with respect to the depositary shares so called for redemption will cease, except the right to receive any monies or other property payable upon redemption upon surrender of such depositary receipts to the Depositary.

Depositary shares, as such, are not subject to repurchase by us at the option of the holders. Nevertheless, if the preferred stock represented by depositary shares is subject to repurchase at the option of the holders, then, on the terms and subject to the conditions applicable to such preferred stock, the related depositary receipts may be

Table of Contents

surrendered by the holders thereof to the Depositary with written instructions to the Depositary to instruct us to repurchase the preferred stock represented by the depositary shares evidenced by such depositary receipts at the applicable repurchase price. Upon receipt of such instructions and subject to our having funds legally available therefor, we will repurchase the requisite whole number of shares of such preferred stock from the Depositary, who in turn will repurchase such depositary receipts. Notwithstanding the foregoing, holders shall only be entitled to request the repurchase of depositary shares representing one or more whole shares of the related preferred stock. The repurchase price per depositary share will be equal to the repurchase price and any other amounts or property payable per share upon such redemption with respect to the preferred shares multiplied by the fraction of a preferred share represented by one depositary share. If the depositary shares evidenced by a depositary receipt are to be repurchased in part only, one or more new depositary receipts will be issued for any depositary shares not to be repurchased.

Withdrawal of Preferred Shares

Except as may be otherwise provided in the applicable prospectus supplement, any holder of depositary receipts, upon surrender of the depositary receipts at the applicable office or agency of the Depositary (unless the related depositary shares have previously been called for redemption), subject to the terms of the depositary agreement, may demand delivery of the number of whole shares of the related class or series of preferred stock and any money or other property represented by such depositary receipts. Partial shares of preferred stock will not be issued. Holders shall only be entitled to request the withdrawal of one or more whole shares of the related preferred stock and must surrender depositary receipts evidencing depositary shares that in turn represent such whole shares of preferred stock. Holders of depositary receipts making such withdrawals will be entitled to receive whole preferred shares on the basis set forth in the related prospectus supplement, but holders of such whole shares of preferred stock will not thereafter be entitled to deposit such preferred stock under the depositary agreement or to receive depositary receipts therefor. If the depositary receipts surrendered by the holder in connection with such withdrawal evidence a number of depositary shares representing more than the number of whole preferred shares to be withdrawn, the Depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares.

Voting Deposited Preferred Shares

Upon receipt of notice of any meeting at which the holders of any class or series of deposited preferred stock are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of the depositary shares relating to such class or series of preferred stock. Each record holder of such depositary shares on the record date (which will be the same date as the record date for the relevant class or series of preferred stock) may instruct the Depositary as to how to vote the preferred stock represented by such holder's depositary shares. The Depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by such depositary shares in accordance with such instructions, and we will take all reasonable actions that may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting preferred shares to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Conversion and Exchange of Preferred Shares

If the preferred stock represented by depositary shares is exchangeable at our option for other securities, then, whenever we exercise our option to exchange all or a portion of such preferred stock held by the Depositary, the Depositary will exchange as of the same date a number of such depositary shares representing such preferred stock so exchanged, provided we shall have issued and delivered to the Depositary the securities for which such preferred stock is to be exchanged. The exchange rate per depositary share shall be equal to the exchange rate per preferred share multiplied by the fraction of a preferred share represented by one depositary share. If less than all of the depositary shares are to be exchanged, the depositary shares to be exchanged will be selected by the Depositary by lot or pro rata or other equitable method, in each case as may be determined by us.

Table of Contents

If the depositary shares evidenced by a depositary receipt are to be exchanged in part only, a new depositary receipt or receipts will be issued for any depositary shares not to be exchanged.

Depositary shares, as such, are not convertible or exchangeable at the option of the holders into other securities or property. Nevertheless, if the preferred stock represented by depositary shares is convertible into or exchangeable for other securities or property at the option of the holders, then, on the terms and subject to the conditions applicable to such preferred stock, the related depositary receipts may be surrendered by holders thereof to the Depositary with written instructions to the Depositary to instruct us to cause conversion or exchange, as the case may be, of the preferred stock represented by the depositary shares evidenced by such depositary receipts into such number or amount of other securities, in authorized denominations, or other property, as the case may be, as specified in the related prospectus supplement. We, upon receipt of such instructions and any amounts payable in respect thereof, will cause the conversion or exchange, as the case may be, and will deliver to the holders (or cause the Depositary to deliver to the holders) such number or amount of other securities, in authorized denominations, or other property, as the case may be (and, if required by the terms of the applicable preferred stock, cash in lieu of any fractional share). Notwithstanding the foregoing, holders shall only be entitled to request the conversion or exchange of depositary shares representing one or more whole shares of the related preferred stock. The exchange or conversion rate per depositary share shall be equal to the exchange or conversion rate per share of preferred stock multiplied by the fraction of a preferred share represented by one depositary share. If the depositary shares evidenced by a depositary receipt are to be converted or exchanged in part only, a new depositary receipt or receipts will be issued for any depositary shares not to be converted or exchanged.

Amendment and Termination of Depositary Agreement

Unless otherwise provided in this prospectus, the applicable prospectus supplement or required by law, the form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may at any time be amended by agreement between us and the Depositary. However, any amendment which materially and adversely alters the rights of the holders of the depositary receipts issued under any depositary agreement or the related depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of such depositary shares then outstanding (or such greater proportion as may be required by the rules of any securities exchange on which such depositary shares may be listed). In no event may any such amendment impair the right of any holder of depositary receipts, subject to the conditions specified in the deposit agreement, to receive the related preferred shares upon surrender of such depositary receipts as described above under “—Withdrawal of Preferred Shares.” Every holder of an outstanding depositary receipt at the time any such amendment becomes effective, or any transferee of such holder, shall be deemed, by continuing to hold such depositary receipt, or by reason of the acquisition thereof, to consent and agree to such amendment and to be bound by the depositary agreement as amended thereby.

The depositary agreement automatically terminates if:

- all outstanding depositary shares issued thereunder have been redeemed or repurchased by us;
- each preferred share deposited thereunder has been converted into or exchanged for other securities or other property or has been withdrawn;
or
- there has been a final distribution in respect of the preferred shares deposited thereunder in connection with any liquidation, dissolution or winding up of us and such distribution has been distributed to the holders of related depositary receipts.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay all fees and expenses of the Depositary in connection with the initial

deposit of the preferred stock and any redemption of the preferred stock or arising in connection with the performance of its duties under the deposit agreement. Holders of depositary receipts will pay all other transfer and other taxes and governmental charges, including any fee for withdrawal of their shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement to be for their accounts.

Resignation and Removal of Depositary

The Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Depositary. Any such resignation or removal will take effect upon the appointment by us of a successor Depositary and its acceptance of such appointment. The successor Depositary must be a bank, trust company or other financial institution selected by us having an office in the United States and otherwise meeting the requirements of the depositary agreement.

Miscellaneous

The Depositary will forward to the holders of the applicable depositary receipts all reports and communications from us which are delivered to the Depositary and which are intended for delivery to holders of the deposited preferred stock.

Neither the Depositary nor we will be liable if either of us is prevented or delayed by law or any circumstance beyond our respective control in performing our respective obligations under the depositary agreement. The obligations of us and the Depositary under the depositary agreement will be limited to performance of our respective duties thereunder in good faith and without gross negligence and willful misconduct and neither of us will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, depositary receipts or preferred stock unless satisfactory indemnity is furnished. We and the Depositary may rely upon written advice of counsel or accountants or upon information provided by holders of depositary receipts or other person believed to be competent and on documents believed to be genuine.
