**We expect that delivery of the Notes will be made against payment therefor on or about the settlement date specified in this pricing term sheet, which will be the fifth business day following the date of pricing of the Notes (this settlement cycle being referred to as "T+5"). Pursuant to Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in one business day, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes prior to the first business day before settlement will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Changes to the Preliminary Prospectus Supplement

The following paragraph shall replace the third paragraph under the subsection "Conflicts of Interest" under the section heading "Underwriting" in the Preliminary Prospectus Supplement, and such section, and any references thereto, shall be retitled "Underwriting (Conflicts of Interest)".

CBRE Capital Advisors, Inc., as a subsidiary of CBRE Group Inc., is deemed to have a "conflict of interest" within the meaning of Rule 5121 (Public Offerings of Securities with Conflicts of Interest) of the Financial Industry Regulatory Authority, Inc. ("*Rule 5121*"). In addition, certain of the underwriters and/or their respective affiliates may hold commercial paper under our commercial paper program. To the extent any such commercial paper is to be repaid using net proceeds from this offering, such underwriters and/or their respective affiliates, as applicable, may receive an aggregate amount in excess of 5% of the net proceeds from this offering, not including underwriting compensation. See "Use of Proceeds." The receipt by any such underwriter and/or its affiliates of an aggregate amount in excess of 5% of the net proceeds from this offering, not including underwriting compensation, would constitute a "conflict of interest" under Rule 5121 for each such underwriter. Consequently, this offering will be conducted in accordance with the applicable requirements of Rule 5121. Rule 5121 imposes certain requirements on a FINRA member participating in the public offering of securities of an issuer if there is a conflict of interest and/or if that issuer controls, is controlled by, or is under common control with, the FINRA member, including prominent disclosure of the nature of the conflict of interest in the prospectus supplement for the public offering. In compliance with Rule 5121, CBRE Capital Advisors, Inc. will not sell any of our securities to a discretionary account unless it has received specific written approval from the account holder in accordance with Rule 5121. Pursuant to Rule 5121(a)(1)(C), the appointment of a "qualified independent underwriter" is not necessary in connection with this offering as the securities offered are expected to be "investment grade rated" (as defined in Rule 5121).

Where similar language or information to that set forth above appears in other sections of the preliminary prospectus supplement dated April 27, 2026, that language or information is deemed modified accordingly as set forth above.
